MITCHEL ACCEPTS.

Wilson Aims a Blow at Tammany.

May Eventually Trot Out His Collector of Port For Mayor of Gotham.

"I Picked Him Myself," Says the President, Who Misspelled His Name.

Chiefs and Sachems of New York are Ignored By the Executive.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON BUREAU OF THE TIMES, May 8.—[Exclusive Dispatch.] John Purroy Mitchel, nominated yesterday for the office of Collector of Customs for the port of New York, accepted the President's tender by telegraph today after an understanding had been reached that he would not have to assume the duties of the position until Jan. 1.

The Los Angeles Times' correspondent happens to know that important officials of the Wilson administration who are in the confidence of the President to not regard Mr. Mitchel's appointment to collectorship as taking him out of the Mayoralty race. In fact, they say, Mr. Mitchel obtain the nomination and resign the collectorship to make the contest against a Democratic nominee, he would not get the support of the President which the latter had found such difficulty in giving. On the contrary, his candidacy would have the cordial support of Mr. Wilson, perhaps not openly and formally, but nevertheless effectively, in such way that would make it almost sure that Mr. Mitchel was

(Continued on Seventh Page.)

SLIT SKIRTS SBEGET HOSIERY

Manufacturers Expect a Big Demand For Fancy Stockings.

[BY DIRECT WIRE TO THE TIMES.]

PHILADELPHIA, May 8.—[Exclusive Dispatch.] As it is an ill wind that blows nobody good, the National Association of Hosiery and Underwear Manufacturers met here today and among other things discussed the new slit skirts. The manufacturers expect a great boom in the demand for fancy hosiery, as a result of the new styles in women's dress, and consequently the attitude of the association toward women's skirts was discussed, as well as the effect of the new tariff schedule on textile industries.

HONOR ANTON VON WERNER.

All Germany to Unite Today in Celebrating Birthday of Noted German War Painter.

[By Atlantic Cable and by Federal (Wireless) Line Overland to The Times.]

BERLIN, May 8.—All Germany will celebrate tomorrow the 70th birthday of the great war artist and historical portrait painter, Anton von Werner, whose great picture, "The Proclamation of the Emperor William I in the Palace of Versailles" has been reproduced the world over. Werner went all through the Franco-Prussian War and knew the old Kaiser, Bismarck, Moltke and the other historical personages whom he depicted intimately. He is being feted by all the art and patriotic guilds.

SEATTLE POLICE UNDER FIRE.

County Grand Jury Plans Sweeping Investigation Into Methods of Officials.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SEATTLE, May 8.—The county grand jury after considering whether there was a skull in each lot of bones paid for in the cremation of paupers from the county farm cemetery, turned today to the livelier subject of the Seattle police and vice. Police Captain Charles Sullivan and Mrs. Grace Bailey, keeper of a resort at Third avenue and Columbia street, were summoned. It is reported that a sweeping inquiry into the Seattle police force is contemplated.

TITLES — PAGES — PARTS

[Table of contents omitted]

SUMMARY.

THE WEATHER. Clear. Wind at 5 p.m., northwesterly 11 miles. Thermometer, 6 a.m., 50 deg.; highest, 69 deg. Forecast: Moderate temperature; moderate northwesterly wind, changing to southwest. For detailed report see page 9, Part I.

CITY. Although Socialists eagerly await the counting of the ballots by the Election Commissioners, it is doubtful which is going to have a contest, the count so far showing that fifty-five votes from one hundred and fifty representatives of precincts in Southern California remain to be heard from yesterday making the figures of the country's vote up the first day and arrive at a tenable conclusion.

The Los Angeles Realty Board heard from Engineer Hornbeck how the opposition to the bond issue of the State Highway is being worked up in the Antelope Valley, and how it is to be fought by another route. A seven-year-old boy who killed his mother's cat because he was whipped by his mother was acquitted by a jury after but a few minutes deliberation.

The police had been hunting several days for a young man reported lost, they say, yesterday that he is in the county jail serving a sentence.

Two more will be married next Sunday in regular church service, the couple formerly been his secretary.

Commissioners of Los Angeles County to pass the civil service rules and fees applicants

Work ordered by the city and to conduct the aqueduct [illegible] and invitations to [illegible] sent by the committee [illegible] the President, members of the [illegible]

CALIFORNIA. The police [illegible] on a mystery [illegible] Richard Holmes worry [illegible] much trouble in [illegible] City store, and when an [illegible] to find through the [illegible] of the garret on [illegible] The question is, whose [illegible]

[illegible] pulled lustily for help [illegible] by his hands by two [illegible] a fusillade of shots, [illegible] but happily missing [illegible] by a substantial majority [illegible] of a big bond issue to build [illegible]

new school buildings and add to the old ones.

The "blue sky" prosecution in Ventura was compromised and dismissed on motion of the District Attorney. The alleged victim was mollified by the return of his cash.

A Los Angeles man divested himself of clothes and lived the simple life on Santa Cruz Island. Occasional visitors saw the man running about, and reported that a wild man was rampant. The Angeleno says he went over there to regain his health, and succeeded.

PACIFIC SLOPE. The Assembly yesterday by resolution endorsed the Ocean-to-Ocean highway, and formally welcomed the proposed Indiana-to-Los Angeles tour in July.

Gov. Hunt of Arizona yesterday vetoed the public printing bill cutting the rate on legal advertisements, and the Senate sustained the veto.

Immigration officers yesterday discovered a private gate on the Canadian border through which undesirable aliens slipped into the United States.

Sixty thousand boxes of San Joaquin asparagus have been shipped from Stockton this season.

The State Senate yesterday defeated the Butler Sunday saloon closing bill, and the Flint "plumbers' trust" bill, and re-referred the Henry-Pardee water bill.

The State Assembly yesterday passed the general appropriation bill and also Assemblyman Fenix' act providing for an investigation of the causes of vice, crime and insanity in California.

It developed yesterday that the Indians in British Columbia have manufactured a fake mining boom for the purpose of deceiving prospectors and selling them moose meat.

GENERAL EASTERN. Gov. Sulzer of New York will call an extra session of the Legislature to pass a bill providing for direct primary elections.

A special agent of the United States government yesterday said that a convict in the Missouri penitentiary has been guilty of at least twenty-five hatchet murders in three States in the last few years.

WASHINGTON. Unless Joseph Davies of Wisconsin resigns his position as secretary of the Democratic party organization, the Republicans will fight his confirmation as Commissioner of Corporations.

President Wilson yesterday studied the preliminary draft of a currency bill, with the hope of putting it though the present session of Congress.

The card table which was used in the house of ex-Speaker Cannon was sold yesterday for $16, and the house is being dismantled to be used as a boarding-house.

Secretary of the Treasury McAdoo yesterday took further steps to prevent secrets of the department from leaking out.

MEXICO. Two hundred lives were lost when State troops exploded a car of dynamite by firing into it while the train was conveying Federal troops from San Blas to Alamosa.

The State of Sonora, Mexico, yesterday demanded the extradition of a prisoner at Nogales as an independent power, and it is thought that the proceeding will result in the settling of its official status.

The Federals suffered a severe defeat yesterday at Santa Rosa in a battle with the Mexican rebels, and lost a number killed and others taken prisoners.

FOREIGN. The French aviator Frangeois yesterday carried six passengers in his biplane during a 75-minute flight at Chartres, France, breaking the aeroplane duration record.

FINANCIAL. The statement of the Copper Producers' Association, issued yesterday, shows a shrinkage of 28,750,182 pounds from April 1 to May 1.

Apathy reigned in Wall street yesterday, and was not relieved by favorable government crop report.

Wheat sold freely yesterday in the Chicago grain pit, the government crop report being discounted, by traders, and causing no flurry after its publication.

The above News Summary is intended to serve as a practical aid to busy readers in finding news of the day only, but necessarily cannot take the place of the following news columns. In order to get the full benefit of The Times, thorough reading of the contents; these is a great volume of news and other matter, of the case, cannot be summarized, epitomized or classified.

Promise Unfulfilled.

TO DELAY TARIFF BILL UNTIL FIRST OF AUGUST.

Underwood Measure, Passed by House, Will Be Held Up in Senate.

Rough Weather Is Indicated Along the Course Wilson Hopes to Steer His Ship, During the Summer and Plenty of Time Seems Assured to Let the People Penetrate the Fallacy of Proposed Revision.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, May 8.—The Underwood tariff bill, proclaimed by the Democratic party as the answer to its platform pledge to revise the tariff downward, was passed by the House late today. The vote was 281 to 139, five Democrats voting against the bill and two Republicans voting for it. Four Progressives supported the measure and fourteen opposed it, while one independent Progressive joined with the majority.

When Speaker Clark announced the vote the exuberant Democrats started a stuffed donkey over the heads of their colleagues in the rear of the chamber. A faint ripple of applause followed, and the gavel fell on the first chapter in the history of President Wilson's extra session of Congress.

With the bill on its way to the Senate there was a rush of Representatives to their homes tonight. In the House adjournment will be taken three days at a time, beginning next week, until June 1.

PROTEST TO THE LAST.

Republicans and Progressives, led respectively by Representatives Mann and Murdock, protested to the last against the measure, the lowest tariff bill ever written. The Republicans who voted for the bill were Cary and Stafford of Wisconsin. Democrats who opposed it were Broussard, Dupree, Lazare and Morgan of Louisiana, and C. B. Smith of New York. Progressives who voted for the bill were Kelley and Rupley of Pennsylvania, Nolan of California and Bryan of Washington.

Kent of California, formerly a Republican, but now an independent Progressive, also voted for the bill.

Progressive Leader Murdock and thirteen of his Progressive followers voted with the minority in the final consideration of the measure.

Minority Leader Mann made a lengthy speech on a point of order by Mr. Underwood to rule out a provision for a tariff board on the motion by Representative Payne of New York to recommit the bill. Speaker Clark sustained the point of order. Mr. Mann appealed from the decision of the chair, and a roll call was taken on Mr. Underwood's motion to table the appeal, the Democrats winning, 274 to 143.

Progressive Leader Murdock also moved to recommit with instructions to provide for a non-partisan tariff commission, failed to get a roll call, and the Payne motion to recommit, minus the tariff board provision, was lost.

THE SCENE SHIFTS.

Tomorrow the tariff fight shifts from the House, with its overwhelming Democratic majority, to the Senate, where the party's slim majority of six already has been reduced, as far as this bill is concerned, to four. Unless Senators familiar with the progress of such legislation are mistaken, there is now little prospect of a final vote on the bill before August 1.

The bill's passage through the Senate will be fought at every step by a Republican organization. Leaders of the Democrats on the Senate

(Continued on Second Page.)

"My Own, My Native Land!"

MESSAGE OF PATRIOTISM FROM BEYOND THE TOMB.

Late J. Pierpont Morgan, Just Before Leaving on His Last Voyage to Europe, Tendered All His Resources and Influence to President Wilson in Case They Could Be Used For the Nation.

[BY A. P. NIGHT WIRE TO THE TIMES.]

NEW YORK, May 8.—"When you see Mr. Wilson tell him for me that if ever there should come a time when he thinks any influence or resources that I have can be used for the country, they are wholly at his disposal."

These, the last words of J. P. Morgan, spoken to Col. George Harvey the day before Mr. Morgan sailed for Europe, never to return alive, were related tonight in an address by Col. Harvey before a gathering of bankers and other representative men at a dinner of the trust companies of America. Mr. Morgan was a Republican and in the words of Col. Harvey, not only "regarded the political views advanced by Mr. Wilson with honest apprehension, but never considered the Democratic party fully capable of governing this nation." His message to the new President, Col. Harvey cited as measuring the depths of the man's patriotism.

Mr. Harvey said: "The election had taken place, the inevitable had happened, and using Speaker Cannon's phrase, Mr. Wilson had become Mr. Morgan's President as much as mine—perhaps, in fact, a little more. Anyhow, there was no constraint upon our conversation when I saw him for the last time in his library on the day before he went away. He was optimistic regarding the country and I naturally spoke hopefully of the prospect of the coming administration.

"Suddenly turning those piercing eyes on me, Mr. Morgan said: 'Do you remember that American speech you made in London?' I remembered very well. It was not a speech—only a few remarks at the close of a private dinner in reply to an Anglicised sycophant who had mistakenly thought to curry favor with Mr. Morgan by speaking contemptuously of Mr. Bryan, whom, on the preceding day, as it happened, I had introduced to him at a reception.

RECALLS LINES OF SCOTT.

"'And do you recall,' he asked, 'those lines from Scott that you quoted when THAT man'—I can hear now the emphasis upon those two words—when THAT MAN had left the room?'

"I did, of course, and began to repeat:

"'Breathes there a man with soul so dead
"'Who never to himself hath said—'

"I hesitated for a moment and the succeeding words came from the big arm chair with odd distinctness:

"'This is my own, my native land.'

"Half a minute, gentlemen, is a long time, but fully that period I should say Mr. Morgan sat perfectly still. Then, unconsciously, beating time upon the arm of his chair, as he used to do in church, he repeated, as if soliloquizing:

"'Who never to himself hath said
"'This is my own, my native land—'

"And rising with difficulty from his chair, for he was then quite feeble, he said, with the emphasis that only quietude can give:

"'When you see Mr. Wilson tell him for me that if there should ever come a time when he thinks any influence or resources that I have can be used for the country, they are wholly at his disposal.'

"Barring the usual leave-taking, those were the last words I heard from the lips of Mr. Morgan. They were the words of a true patriot, of a great, a very great, American, spoken from the depths of a passionately loyal heart."

FOR THE BEST.

Referring to Mr. Morgan's testimony before the Pujo Committee at Washington, Col. Harvey said:

"Although mentally as strong as ever, physically he was sadly broken when summoned to Washington. At his age and in his condition, it was the severest ordeal of his life; but it was for the best, as he himself came to realize.

"'I hated to go,' he said to me, with characteristic simplicity, the day before he sailed away—'I hated to go, but I am glad I went. I think it did some good.'"

Policy.

HUERTA DRAFTS SOLDIERS TO CRUSH INSURRECTION.

[BY DIRECT WIRE TO THE TIMES.]

MEXICO CITY, May 8.—[Exclusive Dispatch.] Furious because of the failure of volunteers to rally to his standard, President Huerta today issued a decree placing every able-bodied man or boy in the republic subject to draft for military duty. The proclamation issued Monday by Huerta calling to arms "every loyal citizen of the republic," seemingly has failed to strengthen his weakened army, so the President decided today upon other measures.

Not an hour after the decree was issued, the report was received that the Federal garrison at Zacatecas had threatened to go over to the rebels "unless Washington at once recognized the Huerta government," and another report followed that the Carranza forces that recently had been besieging Saltillo had started on a southward march.

These reports served to create a feeling of unrest in the capital, and many groups formed on the streets to discuss the rumors. Soldiers promptly dispersed every crowd. Fire-eating radicals demanded that American Ambassador Wilson be given his passports.

Huerta's decree today is taken by many to indicate that he intends to form an absolute military dictatorship over Mexico.

Gen. Felix Diaz today again declined to accept a Cabinet position offered him by President Huerta.

Her Wedding Blessed by Cardinal.

Countess Ledouchowski,

Daughter of ex-Gov. Warfield of Maryland, whose marriage took place yesterday to Count Ledouchowski of Poland at Baltimore.

Nuptials.

EX-GOVERNOR'S DAUGHTER MARRIES POLISH COUNT.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

BALTIMORE, May 8.—[Exclusive Dispatch.] Miss Louise Warfield, daughter of former Gov. Edwin Warfield was married at noon today to Count Vladimir Ledouchowski of Poland at her parents' town residence on Linden avenue. Owing to the recent death of the bride's grandmother, the ceremony was very simple, lacking all the pomp and display usually attending the marriages of American girls into the European nobility. Only a few intimate friends in addition to the Warfield's family was present.

While the bride has been brought up in the Presbyterian Church and has expressed her intention not to change her faith the Count is a staunch Catholic and the ceremony was performed in accordance with the ritual of his church by the Rev. William A. Fletcher, rector of the Cathedral.

Cardinal Gibbons witnessed the ceremony and in bestowing his blessing said to the Count and Countess:

"Other contracts may be broken but not that of marriage which can only be dissolved by death. There can be no dissolution of this tie, even if you could or would desire it."

Then directly addressing the Count the Cardinal spoke of his intimacy and his high regard for the nobleman's uncle, the late Cardinal Ledouchowski and said he hoped the young man would emulate the civic and personal virtues of his forefathers.

"May God bless you both down the pathway of life," he concluded. "May the fire of divine charity and conjugal love flow into your lives and may you continue in the providence of God for many years."

At the conclusion of the wedding breakfast, the Count and Countess took train for New York where they will remain until Saturday when they will sail on the Prinz Friedrich Wilhelm for England.

The Countess will say farewell to her native country when she leaves home and her future home will be the estate of the Count near Warsaw.

Behold!

HERE'S THE PERFECT BABY; ALL BABIES ARE PERFECT.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK BUREAU OF THE TIMES, May 8.—[Exclusive Dispatch.] New York has a perfect baby. He is Abe Edelowitz, fourteen weeks old, who lives and thrives at No. 165 Eldridge street. He measures up perfect on every qualification of the thousand possible points specified by the foremost baby specialist, Dr. L. Emmetholt, in an official score card which he prepared for the university settlements baby contest.

No patent medicines, no solid food, nurse him whenever he is hungry, and let him sleep when he is sleepy—these are the simple rules which Mrs. Edelowits gives for the care of her perfect youngster.

This little boy has the distinction of being the first perfect baby found in two contests held so far in this city during which hundreds of babies have been examined.

Diplomacy.

PROTESTS OF JAPANESE DELAYED UNTIL TODAY.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, May 8.—The Japanese government, through Ambassador Chinda, will acquaint Secretary Bryan early tomorrow with the nature of its objections to the anti-alien land bill awaiting Gov. Johnson's signature in California. It is expected that by noon the position of the United States government will have been defined to the Ambassador. This understanding followed conferences which Secretary Bryan had late today with President Wilson and with Ambassador Chinda. Secretary Bryan had to hurry away to Baltimore to attend a dinner and he talked with Ambassador Chinda but a few minutes, arranging to meet him at 9:30 o'clock tomorrow, immediately after which, by special arrangement, the President and his Cabinet will meet to discuss the Japanese protest. Afterward Mr. Bryan will confer again with Ambassador Chinda, explaining the attitude of the administration.

Secretary Bryan discussed the California situation at length today with John Bassett Moore, counsellor of the department.

It is believed here that the referendum movement being urged by Theodore Bell of San Francisco, may have the effect of postponing the entire question for a period long enough for the United States and Japan to arrive at an understanding or perhaps negotiate a new treaty covering disputed points.

While Secretary Bryan declined to discuss the referendum and White House officials were equally reticent, it is known that friends of the administration have told the President that there would be no difficulty in getting sufficient signers in California to compel a referendum at the polls on the anti-alien bill.

The field of speculation, however, is not broad, the recognized probabilities being a contention by the Japanese government that the California Legislature would violate the spirit, if not the letter, of the treaty between the United States and Japan, in that it withdraws from Japanese in California privileges of land holding and leasing necessary to the transaction of their business and a general proposition to negotiate a new treaty of trade and commerce. Secretary Bryan may meet these propositions with a suggestion that their consideration be deferred until the California law has been signed and the United States courts have passed upon its constitutionality.

Bumpology.

SYSTEM COLLAPSES.

Cranium Fad Fails in Finance.

Progressive Methods Applied to Chicago Business Firm Prove Disastrous.

Harvester Company to Be Reorganized on Protest of Bankers.

Rumely Plan to Pick Men by Their Head Bumps, Causes Trouble.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO BUREAU OF THE TIMES, May 8.—[Exclusive Dispatch.] "So you want a job as confidential secretary with M. Rumely & Co., do you? Take off your hat. Brush back your hair. Turn around. M-m-m-m-no, you won't do. Skull broad behind the ears; pads of fat back of the eyes; slight depression over the right ear.

"You're too talkative for a confidential agent. That dent means you don't believe the truth ought to be told all the time if it is likely to become monotonous; the pads back of the eyes mean you like music and gayety. You're a natural salesman, my boy; you're no confidential secretary."

LITTLE TOO PROGRESSIVE.

This, slightly exaggerated, was the method many applicants for jobs in the Laporte (Ind.) agricultural implement factory, which has asked Clarence S. Funk, general manager of the International Harvester Company, to be its president, met under the "efficiency" system installed by Dr. Edward T. Rumely, the "progressive" president of the concern. His "pro-Edward A. Rumely, the "progressive" for the financial affairs of the company, it is said, and brought upon it the financial backers with a demand for a new management.

Katherine Blackford, a physician on the staff of Harrington Emerson, efficiency expert, was the founder of Dr. Rumely's plan to hire men by the shape of their heads and by their family histories. Dr. Rumely considered it a remarkable system. Men asking for advances in the concern's offices or factories and applicants for jobs were confronted by a list of forty-two questions seeking for a more complete family history than those asked by an insurance examiner.

Then Dr. Blackford looked over the man's head, sized up his ears and noted his mannerisms, and told him whether he was cut out for a cashier or auditor, a blacksmith, a molder or an artisan.

As a result, it is said, not all the applicants for jobs at the Rumely plant were found to measure up cranially speaking, with the jobs they sought. They didn't get the jobs. There was more or less annoyance felt by old hands who wanted advancement and came before the critical eye of the head scanner, and were told that they ought not to be the designers of new machines, as they had been for years, but should be molders or core makers in the foundry.

Salmonson & Co., bankers, owned or controlled a large amount of the company's stock, Haigarten & Co., and the Salmonson house underwrote the $10,000,000 issue of two-year notes. These notes, sold to smaller banks, soon had to be met, and the New York Stock Exchange heads cast speculative eyes on the notes, it is said.

PROGRESSIVENESS WANES.

Thereupon Dr. Rumely's efficiency and "progressive" methods began to wane in the indulgence of the financial backers, and reorganization plans proceeded forthwith.

Mr. Funk indicated today it was not now "up to" him whether he would become president of the new concern, but to the bankers whom he expected to answer by Monday on their demands regarding assurance of all financial stability of the concern. Mr. Funk did not discuss the matter further than to indicate how the matter was under consideration, but it is considered probable he will accept.

BRYAN'S EXPENSE ACCOUNT.

Commoner and His Secretary Find Living Cheap in California and Break Record for Economy.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON BUREAU OF THE TIMES, May 8.—[Exclusive Dispatch.] When the Secretary of State, W. J. Bryan, and his private secretary, Robert Rose, returned here from California today, they turned in their expense account for the trip to Sacramento and San Francisco, in an effort to stay California anti-Japanese land legislation. It was $137, exclusive of railroad fare.

The bill included extra fare from Chicago to Sacramento, sleeping car charges, meals and hotel accommodations, and is said to be the record in economy for a Cabinet member and his secretary.

CABINET OFFICERS COMING.

Secretaries Daniels and Redfield to Visit Pacific Coast to Get Personal View of Activities.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

WASHINGTON BUREAU OF THE TIMES, May 8.—[Special Dispatch.] It is said that two Cabinet officers will visit the Pacific Coast together late in the summer. Secretary Daniels desires to inspect the navy yards and Secretary of Commerce Redfield, wants to get a personal view of the activities coming under his jurisdiction.

Independent.

SONORA'S STATUS MAY BE SETTLED.

Starts Extradition Suit as an Independent Power.

Two Hundred Soldiers Killed on Dynamited Train.

United States Army Hunts Missing Aeroplane.

[BY A. P. NIGHT WIRE TO THE TIMES.]

TUCSON (Ariz.) May 8.—The insurgent State of Sonora, as an independent power, instituted proceedings today to obtain the extradition of Vicenti Morales, charged with the murder of Fortunato Mazon, son of a wealthy merchant of Cananea, in 1911. The father of Morales, in counter-action, holds that as Sonora has not been recognized as a belligerent or as an independent nation by the United States, his son cannot be extradited. The case therefore involves a problem for the American State Department.

Morales was arrested here after a two years' search by agents of Jose Mazon, a brother of the slain man. Morales asserts he is an American citizen, saying he was born in Los Angeles.

TWO HUNDRED KILLED ON DYNAMITED TRAIN.

[BY A. P. NIGHT WIRE TO THE TIMES.]

NOGALES (Ariz.) May 8.—Two hundred lives are reported lost in the train disaster at Don, near the Sinaloa-Sonora border yesterday. State troop leaders declare that the train bearing 250 Federal soldiers was not dynamited by stealth. It is said that the insurgents fired into the train, exploding a car of dynamite which the Federals were conveying to Guaymas.

Only fifty of the passengers are reported to have escaped death. The troops were moving from San Blas, in Northern Sinaloa, to Alamos, below Guaymas, from which point the insurgents feared they would proceed to reinforce the garrison defending the gulf port.

FEDERALS ARE DEFEATED.

Mexican Government Troops Suffer Heavy Loss at Santa Rosa and Many Are Captured.

[BY A. P. NIGHT WIRE TO THE TIMES.]

DOUGLAS (Ariz.) May 8.—Federal forces lost in a battle yesterday at Santa Rosa, near Guaymas, according to arrivals here today. The government lost thirty-eight men killed and forty-two taken prisoners, besides 150 rifles and ammunition, while the State forces lost ten killed and twenty wounded.

Col. Alvarado and 700 well armed men, more than half of whom were recruited from the nearby towns, left Cananea today to hasten to assist the insurgents investing Guaymas.

CARRANZA WAS SUSPICIOUS.

Feared Japanese Offer to Put Men in Field for Him Would Lead to Money Demand.

[BY A. P. NIGHT WIRE TO THE TIMES.]

EAGLE PASS (Tex.) May 8.—It developed today that Sechi Sagatani, who claimed to be editor of a Japanese newspaper and whose offer Wednesday to raise a force of Japanese soldiers for Gov. Carranza, assure the Constitutionalist leader he could put in the field from 2000 to 3500 at no expense to the insurgents cause. Carranza believed, however, that some reward would be asked later and the offer was refused positively. Sagatani once was a colonel in the Japanese army, he claimed.

FRENCH AVIATOR MISSING.

Didier Masson, Whose Machine Was Seized by Federal Officers at Tucson, Disappears.

[BY A. P. NIGHT WIRE TO THE TIMES.]

TUCSON (Ariz.) May 8.—Didier Masson, the French aviator whose aeroplane was seized by deputy United States Marshals last night, disappeared today. Thomas Dean, an English mechanician, also is missing. Federal officials here said today that the men were not arrested on charges of having violated the neutrality laws, but were merely held in detention. Assistants to United States Marshal Overlock said they had no idea where Masson and Dean had gone, but presumed they were on the way back to Los Angeles, or had gone to Los Angeles.

TROOP TRAIN DYNAMITED.

Two Hundred and Fifty Federal Soldiers May Have Been Killed Near Sonora.

[BY A. P. NIGHT WIRE TO THE TIMES.]

NOGALES (Ariz.) May 8.—A troop train bearing 250 Federal soldiers was destroyed with dynamite and most of the passengers were killed, says an official State report received here today. The disaster occurred near the Sonora-Sinaloa State line.

The Federals were on the way from San Blas to Alamos when intercepted by the insurgents who had planted mines along the tracks.

Nearly 2000 uncivilized Yaqui Indians have joined the State troops, said the report.

HUNT VETOES PRINTERS' BILL.

Arizona Senate Sustains His Stand That Legal Advertising Rate Should Not Be Cut.

[BY A. P. NIGHT WIRE TO THE TIMES.]

PHOENIX (Ariz.) May 8.—The fight to curtail Gov. Hunt's powers of paroling and pardoning prisoners was removed today, when the lower house defeated the Senate amendment to the penal code bill, providing for a board of parole and pardons, to be appointed by the Governor. A separate bill to create such a board is still pending.

Gov. Hunt vetoed the public printing bill, which reduced the price for public advertisements from 75 to 35 cents per inch. The Governor, explaining his action, said that the cost of printing was too high for printers to make any profit at 35 cents per inch. The Senate sustained the veto.

The House passed the General Appropriations bill, providing $1,800,000 to run the State government for two years.

Reversed.

GIRL'S VERDICT IS SET ASIDE.

OHIO JUDGE SCORES CASE OF ANGELENO WOMAN.

Declares Verdict Awarding Damages to Miss Cecelia Farley Against Louis J. Miller of Columbus Is an Outrage Against Justice and Orders It Nullified.

[BY DIRECT WIRE TO THE TIMES.]

COLUMBUS (O.) May 8.—[Exclusive Dispatch.] "The court cannot but feel that in such a case justice has been outraged and the verdict should not stand," said Judge E. B. Dillon, today in his decision setting aside a verdict for $500 damages given against Louis J. Miller in favor of Miss Cecelia Farley, who was recently acquitted of the murder of A. E. Zollinger here. She is now residing in Los Angeles.

Miss Farley sued for $50,000 damages for injury alleged to have been suffered by statements made by Miller in discharging her from his employment. She had been employed by Miller, who was operating a large novelty store, as cashier. Zollinger, the man killed, appeared in the civil trial as a friend of Miss Farley, and it was not long after the verdict in the damage case that her trial for the murder of Zollinger brought out the fact that the two were acquainted during her employment by Miller.

Judge Dillon in setting aside the damage verdict today said that in his opinion it was the feature of the case in which the career of Miss Farley was questioned that led the jury to render the damage verdict and he recalled the appeal of her counsel for protecting poor girls as apparently making a strong case for the jury. The judge also cited the fact brought out in the murder trial that while Zollinger was almost daily visiting Miller's store in the guise of an advertisement solicitor and a friend of Miss Farley, he was drawing statements derogatory to her from Miller which he carefully noted in his diary and which were used subsequently in the damage trial.

DEMING TURNS IN "THIRTY."

New England Editorial and Magazine Writer and Former Football Captain, Dies Suddenly.

[BY DIRECT WIRE TO THE TIMES.]

NEW HAVEN, May 8.—[Exclusive Dispatch.] Clarence Deming, one of the best-known newspaper and magazine writers in New England, died here suddenly this afternoon. Deming was born in 1848. He captained the Yale baseball and football teams in his university days. He became night editor of the New Haven "Palladium" in 1875 and was associated with the editorial and news columns of the New York Evening Post for many years. More recently he has acted as editorial writer on the Railroad Gazette and has contributed many articles of general interest to various magazines.

RAIN IN SAN FRANCISCO.

Government Weather Forecaster Says It Is Not Unusual for This Time of Year.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SAN FRANCISCO, May 8.—The rain which began falling in the bay region and the northern part of the State this afternoon is not unusual for May, according to the United States Weather Bureau here. The precipitation did a considerable amount of good and more showers are expected.

HOW WOULD YOU INVEST $500?

The Times Will Award Cash Prizes For the Best Letters, Not Exceeding 150 Words, On This Subject.

In one of the columns of the "Liner" section of this issue of The Times is a classified advertisement stating in effect that $52.50 will be paid to the persons submitting the best suggestions as to the most profitable way of investing $500 in a business venture, or in any other way, in Los Angeles.

This advertisement will appear from day to day in a different column of The Times' classified advertising pages, AND WILL CONTAIN THE LETTER and NUMBER of a BOX IN THE TIMES POST-OFFICE, TO WHICH REPLIES MUST BE SENT. NO REPLIES WILL BE CONSIDERED UNLESS THEY CONTAIN THE CORRECT LETTER AND NUMERAL OF THE BOX ADDRESS THAT APPEARS IN THE ADVERTISEMENT.

Read the "Want Ads." in today's Times, find the advertisement above referred to, and submit your suggestion in not more than 150 words, and mail or deliver it to the address stated therein.

The person submitting the best suggestion as to the most profitable way of investing $500 will be awarded a cash prize of $30, the second best suggestion $15, the third $10, the fourth $5, and the fifth $2.50.

Find the classified ad. in today's Times which contains the address to which it is necessary that your suggestion be sent, submit your ideas and win one of these prizes. This contest is open to everybody except persons directly and indirectly connected with The Times.

The prizes will be awarded by a committee appointed for the purpose, and the winning essays will be published.

The date of closing the contest will be announced later.

Birdman Halted at Tucson, Ariz.

Didier Masson,

Los Angeles aviator, who is being questioned on Mexican border on suspicion that he is aiding Mexican insurgents.

Suspicion.

QUIZ ANGELENO AVIATOR ON THE MEXICAN BORDER.

Federal Officials Question Didier Masson and His Mechanician, Who Are on a Ranch Near Tucson, But So Far Have no Evidence to Warrant Holding Them. Machine Purchased in This City by Insurgents.

[BY A. P. NIGHT WIRE TO THE TIMES.]

TUCSON (Ariz.) May 8.—Officials of the United States Marshal's office here and county Sheriffs today inspected the aeroplane being held at Pike's ranch, twenty miles south of Tucson, Aviator Didier Masson, and Mechanic Thomas Dean, who are on the ground, insist that they intended to test the eighty-horse-power machine, employing the flat country to avoid accident.

Unless it can be proved that they intended flying over the border to assist the insurgents in the Guaymas bombardment, officials believe that no evidence is available warranting their arrest or holding the machine. Effort is being made to connect Masson with the report that an aeroplane has reached Ortiz, the State troops' base of operation, against Guaymas. The aviator of that machine, already said to be in Mexico, is unidentified.

HOW REBELS BOUGHT MACHINE IN THIS CITY.

Either Senor Pena y Cuevas, Mexican Consul in Los Angeles, has made a grievous mistake or a remarkable plot to defeat the principles of neutrality, has been discovered through the temporary detention of Didier Masson, Los Angeles aviator, and Thomas Dean, a mechanician, also of this city, by the Federal authorities at Tucson.

Such was the expressed view of Assistant United States District Attorney Robinson when notified yesterday that Masson and Dean had been questioned in Tucson. His information was to the effect that six other persons are sought.

According to dispatches, Masson and Dean were observed about thirty miles below Tucson. They had an aeroplane in a wagon and were making their way toward the border. They appeared surprised when halted, but were allowed to go. They are supposed to be en route to Los Angeles.

CAME TO SECURE AIRSHIP.

About three weeks ago, a party of Mexicans allied with what is known as the Constitucionalistas of that republic, came to Los Angeles for the supposed purpose of securing an airship to be used in anti-Huerta operations along the border line.

The matter was at once communicated to Consul Pena y Cuevas, who brought the matter to the attention of Assistant United States District Attorney Robinson.

A close watch was kept on the visitors, and for some days, nothing was done. Last Monday two of the party called at the aeroplane factory of Martin, on South Los Angeles street, between Ninth and Tenth, and bought a complete machine, for which they paid $4000. They told Martin, it is said, that they wanted the plane to make moving pictures along the Mexican border.

Evidence in the hands of the Federal officials shows that the machine was shipped to Tucson last Monday night by Wells Fargo Express, in the name of Dean, and that it arrived at that point safely.

HEARD FROM MACHINE.

While Attorney Robinson was attending the session of the United States District Court at Fresno, Monday, he received a wire in regard to the purchase of the aeroplane and its shipment south. He at once communicated with the authorities at Tucson, ordering them to keep on the lookout for the machine. Later on information was received that it had been captured near Sahaurita, Ariz., and it was expected that the warrants sworn out at Phoenix for the arrest of the parties, supposed to be connected with the scheme, would be speedily served.

Van M. Griffith, secretary of the local Aero Club, scouts the idea that the men were about to undertake an unlawful scheme. He says that a man from San Francisco approached him some time ago to purchase an aeroplane and employ an aviator. He referred him to Didier Masson and the party negotiated with the Martin Company for the machine. Griffith said that he could not understand the attitude of the Federal government.

Masson came to Los Angeles with Louis Paulhan four years ago to attend the first aviation meet. He flew the Bleriot machine on that occasion and has been doing a great deal of flying in various parts of the country. He gave an exhibition in the City of Mexico two years ago. Dean is a native of Australia, and has been in Los Angeles about two years. It is stated at the office of the District Attorney that the money for the machine was collected among the enemies of the Huerta government in the republic of Sonora.

When the other arrests are made the matter will be taken before a Federal grand jury, the place depending on the jurisdiction where the men are found. It is alleged that none of the remaining warrants call for the arrest of Los Angeles men, and that the most of the suspects are now well on their way into Mexico.

LOS ANGELES HOTBED.

The prosecution, if any, is had, will be similar to that employed in the case of Peter Shea and six other adventurers, who were captured at El Cajon, San Diego county, some time ago. They pretended to be a surveying party, but a number of guns and sticks of dynamite were found in their possession. They are now serving their time in the San Diego County Jail.

Since the feeling against provisional President Huerta has become acute the followers of Madero and Felix Diaz have been very active in this city. Authentic reports have come to the attention of the Mexican Consul and the Federal officers that a number of parties have come to Los Angeles well supplied with money, and that in several instances, at least, it is believed that arms and ammunition have been safely sent across the border. Campaigns for the spreading of the anti-Huerta propaganda have been carried on quietly, and among the Mexican population some progress has been made toward enlisting moral support, at least, for the cause that contemplates the overthrow of the existing government in Mexico.

Torrid.

MUSH LETTERS OF A SOCIALIST.

POLICE SEIZE FLORID EPISTLES TO A LONDON MILITANT.

Member of Parliament Pours Out His Heart to Suffragette Leader. Lovesick Missives Are Being Kept Secret, But Public Makes Shrewd Guess at Writer and Recipient.

[BY CABLE AND DIRECT WIRE TO THE TIMES.]

LONDON, May 8.—[Exclusive Dispatch.] The Daily Express this morning says: "An astonishing discovery was made by the police during their recent investigation of the suffragettes activities. In a search for documents, in the offices and domiciles of the malignant suffragettes there came into their hands a bundle of letters which proved not to be bomb plots, but the outpourings of an overflowing heart. They were notes from a love-sick socialist member of Parliament to a lady, who for some time has taken a prominent part in the militant movement. Naturally the police will not divulge the contents of these precious letters, but it can be stated that they are of an astounding character. There seems to be little likelihood that the letters will ever reach the public, but the police have had at least an amusing experience."

The Daily Express does not mention the names of the parties to the correspondence, but it is reported in newspaper circles that the Socialist M. P. is Keir Hardie and the lady "General" Flora Drummond.

$12 San Francisco and Back Via Santa Fe.

BURNED IN GARAGE FIRE.

Nevada Millionaire's Nephew Suffering From Attempt to Rescue Six-Cylinder Touring Car.

[BY DIRECT WIRE TO THE TIMES.]

LOVELOCK (Nev.) May 8.—[Exclusive Dispatch.] Fighting to save his uncle's automobile from destruction in the flames which destroyed the Overland garage early this morning, Rudolph Nenzel is today suffering from serious burns on his face and hands, and is under the care of physicians. When flames attacked the Overland garage, young Nenzel was one of the first on the scene. He fought his way into the garage, from which dense volumes of smoke were issuing, in an effort to rescue the six-cylinder touring car owned by his uncle, Joseph F. Nenzel, the discoverer of the new mining camp of Rochester, in Nevada.

While young Nenzel was making his way toward the car there was an explosion of gasoline which forced a blast of fire through the front doors of the garage, catching Nenzel as he pushed his way forward. He covered his face with his hands, but the blast caught him, shriveling his flesh and singeing his hair. He retained his self-possession and fled from the garage, where friends guided him to a doctor.

The Overland garage, owned by Bert Bailey, was completely destroyed with twelve automobiles and two motorcycles. The loss is estimated at $45,000. None of the automobiles were insured. They were owned by local persons. S. R. Young, who owned the building, lost two machines in the fire. The building was completely gutted.

Serves Him Right.

NEMESIS HOT ON HIS HEELS.

WARRANT SERVED AS SPORT KNOCKS PACIFIC COAST.

Ex-Alderman Tells Windy City Politicians He Would Rather Be a Lamp Post in Chicago Than Mayor of Los Angeles—Ordered Same Minute to Make Good a Check.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO BUREAU OF THE TIMES, May 8.—[Exclusive Dispatch.] "Yes, sir, I'd rather be a lamp post in Chicago than to be Mayor of Los Angeles," said Joseph D. Francis, former West Side Alderman and former president of the Austin and Oak Park Automobile Club, as he rocked on his heels and made this proclamation to several politicians in the City Treasurer's office today.

"Didn't enjoy my vacation out there at all," he continued, "too wet and cold."

At this juncture, M. J. Neary, Central Station detective, horned into the picure.

"Is your name Joe Francis?" he asked.

"Yep."

"The ex-Alderman?"

"Yep."

"Well, I've got a warrant for you."

It developed that a check for $12.50 given by Mr. Francis to B. L. Ames, a hatter, had not been honored. Mr. Ames swore out the warrant.

"Come with me to see Ames," Francis asked of Neary. In the office, Ames and Francis shook hands.

"Well, Joe, you've been a customer of mine for twenty years. I'll not push this. I'll drop it."

"That's good of you, Ames," replied the former Alderman. "I'll never take another drink."

"That's fine," said Ames. "Now, you pay me when you can.

MRS. WILSON LANDS JOB.

Schoolboy Friend of First Lady of Land Will Be Appointed Postmaster at Rome, Ga.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

WASHINGTON BUREAU OF THE TIMES, May 8.—[Special Dispatch.] The wife of the President will name the postmaster at Rome, Ga., her girlhood home, and the job will go to a long-time friend of the Axsen family. President Wilson asked Representative Gordon Lee of Georgia to come to the White House today. When the member representing the Rome district saw the President the latter acknowledged that Mrs. Wilson was anxious to have J. P. Bowie named as the postmaster at Rome.

Mr. Lee, it is said, had intended recommending another applicant, but he gallantly told President Wilson that he would surrender.

Mr. Bowie knew Miss Ellen Louise Axsen, now Mrs. Wilson, when she was a schoolgirl in Rome.

SEEK PEACE AT OYSTER BAY.

Delegates to International Conference Entertained by Roosevelt in His Khaki Riding Suit.

[BY A. P. NIGHT WIRE TO THE TIMES.]

OYSTER BAY, May 8.—Theodore Roosevelt was host at luncheon today to the delegates to the international conference which is arranging for a celebration of 100 years peace among English-speaking people. Accompanied by members of the American committee, the delegates ran down to Oyster Bay from New York in automobiles. Col. Roosevelt greeted them on the front porch, garbed in a khaki riding outfit.

Andrew Carnegie, Joseph Choate and Alton B. Parker accompanied the visitors. It was the first meeting between Col. Roosevelt and Judge Parker since before the national campaign of 1904.

RICH HERMIT FOUND DEAD.

Man Who Fled Germany for Political Reasons Passes Away Unattended on Mountain Side.

[BY DIRECT WIRE TO THE TIMES.]

MILL VALLEY (Cal.) May 8.—[Exclusive Dispatch.] August Muller, man of mystery and hermit of Tamalpais, was found dead in his cabin this morning. For fifteen years Muller lived, a miser and recluse, on the slopes of the mountain. From the condition of the body Dr. Sawyer, the Coroner, believes that Muller had been dead for two weeks.

In addition to a dozen lots Muller is believed to have possessed a large amount of coin, hidden in the vicinity of his cabin. Muller's hut and adjacent holdings are under the supervision of a deputy constable, and in the morning workmen employed by the public administrator will turn over every inch of the ground in an effort to locate the missing treasure.

After leaving his wife in Germany and fleeing the continent for political reasons, Muller wandered to this country and worked as a gardener. He never saw his wife again. Several weeks ago, while buying some supplies in Mill Valley, the hermit mentioned the arrival of a daughter from Germany. Later he complained that his daughter was disgusted with his mode of living and that she had left him and was visiting in San Francisco. But actual knowledge of this daughter is scarce; a number of fragmentary tales of a beautiful woman, possessing a siren's voice, who has been seen wandering about the mountain, in the vicinity of Muller's cabin, are current in Mill Valley.

The recluse's hut had been closed for two weeks and people were speculating as to the reason. Late this afternoon John McAdams passed by and being nearly overcome with the odor, notified the authorities.

Dr. Sawyer believes Muller's death due to natural causes. Muller was 70 years old.

THEY LIKE OUR ASPARAGUS.

Sixty Thousand Boxes Shipped From Stockton Giving Employment to Many Women and Girls.

[BY DIRECT WIRE TO THE TIMES.]

STOCKTON, May 8.—[Exclusive Dispatch.] San Joaquin asparagus is in great demand throughout the Central West and East, and as a result of this demand, more than 60,000 boxes of the choicest variety have been shipped during the season. It is thought by asparagus growers that this week will witness the last shipment of the vegetable, as it is getting poorer in quality.

Most of the asparagus sent East was packed here where 150 to 200 women and girls found steady employment during the active season. Heretofore this asparagus had been packed and shipped from Middle River, and as a result white help superceded Chinese. Stockton asparagus is bringing from $18 to $20 per crate in eastern markets.

Contretemps.

DIG UP HOTEL REGISTER TO IMPLICATE O'HARA.

Affidavits Filed to Substantiate Charges Against Lieutenant-Governor of Illinois, Who Heads Senatorial Vice Investigating Committee—Friend of Accused State Official Charges Conspiracy to Ruin His Reputation.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO BUREAU OF THE TIMES, May 8.—[Exclusive Dispatch.] Interest in the serious charges against Lieut.-Gov. Barratt O'Hara, head of the Senatorial vice investigating committee, shifted to Chicago today. Affidavits submitted yesterday charged that the Lieutenant-Governor had registered at a hotel in this city with a woman from Springfield. Investigators brought out today the following:

Lieut.-Gov. O'Hara, accompanied by Thomas Vrodenberg and two women, one of whom was tall, stout and of brunette type, and the other petite, were in the College Inn, under the Hotel Sherman, for four hours on or about the night of January 17, according to Harry Gibbons, bailiff for Judge McDonald.

After leaving this cafe the party of five went to the Lambs Cafe, in the Ashland block, where they enjoyed a few drinks.

When they left this place, according to Gibbons, O'Hara left the party, saying he was going over to the Press Club to play cards.

Gibbons did not accompany him, however, and is unable to say whether or not the Lieutenant-Governor reached there.

CHARGES CONSPIRACY.

O'Hara and Gibbons have been friends for some time, and it is through him that the Lieutenant-Governor says he will prove his alibi.

"I first met the party in the main dining-room of the Hotel La Salle," said Mr. Gibbons today. "I was introduced to Vrodenberg by O'Hara and Vrolenberg in turn introduced me to the women. I heard their names, but have forgotten them.

"We reached the College Inn about 8 o'clock and did not leave there until about midnight."

"This whole affair is a conspiracy to ruin Barratt O'Hara's reputation. He was anxious to get away from the party and asked me to stay with him when I got up to leave. Then we were in the Lambs Cafe. He said if I waited for him it would make it that much easier to elude Vrodenberg and the two women. When we reached the street Vrodenberg and the two women went toward the Hotel Sherman and I walked east in Randolph street. I went to take an elevated train home and Mr. O'Hara went to the Press Club," he said.

"You do not know whether Mr. O'Hara went to the Press Club or not, do you?" he was asked.

"No, I do not."

Garnett Eubank, a member of the Press Club, said he had seen Barratt O'Hara in the rooms of the club on the nights of January 17 and 18.

REGISTER FOUND IN VAULT.

The register of the Hotel Sherman on which it is charged the Lieutenant-Governor registered with a woman as his wife, under assumed name, was found in a vault today, after an all-night search.

The book bore the signatures of "D. Duncan and wife," and "J. Miller and wife," but when the handwriting is, none can deny or affirm.

It is expected that friends of the Lieutenant-Governor will soon show by a comparison with the handwriting that he could not have written either signature.

None of the clerks could recall having seen Lieut.-Gov. O'Hara about the hotel until a few weeks ago, the photograph was shown them.

Lux Orientalis.

LIGHT FROM THE EAST ON THE LIVING ISSUES

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

NEW YORK BUREAU OF THE TIMES, May 8.—[Special Dispatch.] Following editorial comments on topics of the hour are printed in eastern newspapers:

MILITANT INSANITY.

ASYLUM PLACE FOR WOMEN.

[New York Herald, May 8:] The English government will have to come to the suggestion adopted in the Herald a month ago as to the disposition of the "militants." Each day's developments strengthen the conviction that the women are not rational, and the asylum is the proper place for them until the present excitement which has upset their mental balance passes.

Of course they have done immense injury to the cause. The difference of a hundred thousand votes in Michigan and the thorough defeat of the suffrage bill in the English Parliament are direct results of the reaction caused in men's minds against such insane activities. Only complete repudiation of militancy can redeem the woman suffrage cause from the setback it has suffered all over the world.

REAL CIVIL SERVICE REFORM.

WILSON SOLVES DIFFICULTY.

[New York World, May 8:] President Wilson has solved in the best possible way the difficulty bequeathed to him by President Taft's order placing fourth-class postmasters in a classified civil service. Postmasters now in office, as well as candidates for appointment are to be required to take competitive examinations to show their fitness for retention. This is just and it is practical.

REPUBLICAN REORGANIZATION

HITCH IN PLANS.

[Washington Post, May 8:] The unwillingness of the conservative Republicans and the La Follette wing of the progressive element to participate in the reorganization conference arranged by the Cummins wing puts a damper on the movement, the latest of a series of tentative efforts to put the G.O.P. on its feet and out for 1916. But the moderates, though their ranks may be thin, are lining up at Chicago next week and are determined to go ahead, hoping to arouse such a feeling for harmonious action that the reluctant element will be induced to assent to the Cummins plan.

TWO GOOD BEGINNINGS.

EXAMPLE SET BY SHERMAN.

[New York Tribune, May 8:] The recently-elected United States Senators devoted their first speeches to arguments and protests against the proposal in the Sundry Civil Appropriation Bill to exempt labor and agricultural organizations from the penalties of the anti-trust law.

They are to be congratulated on their good beginnings.

It will be more pleasant for Messrs. Sterling and Sherman to remember that they began their Senatorial careers by opposing the grant and odious piece of class legislation than for President Wilson to recall that he acquiesced in it.

HARD-HEARTED MINNEAPOLIS.

WANTS CUPID LICENSED.

[Chicago Record-Herald, May 8:] A Minneapolis clergyman who evidently hasn't forgotten what it is like to be young suggests that public "spooners" be licensed by the police and watched over by a kindly policeman, who will "crack a smile and not a skull," every time the lovers kiss.

Cupid tends to become an outlaw in cities, but we are rather surprised to learn that Minneapolis has passed so harsh a code as would prompt us to discourage those of its citizens who have to make use of its park bench. We fear that many persons must be altogether too numerous in Minneapolis and too powerful in the public councils. Why not to become of the proud spirit and of the great West for freedom and freedom? Let Minneapolis mend her ways. A city that frowns on young love is fit only for mossgems and spoils.

To Delay Tariff Bill.

(Continued From Five Page)

Finance Committee, which will handle the bill, expressed the belief tonight that it would go through in practically the same form as it passed the House and that their small majority will stand firm to the last.

Democratic leaders acknowledged that the two Senators from Louisiana will not accept the sugar schedule and that they might be willing to combine with others to defeat the whole bill.

Republicans who are interested in beating the bill and who have canvassed these Democrats who looked at all doubtful, agreed tonight that they had but little hope of success and that with the exception of the two Senators from Louisiana, they could count upon a single vote.

The bill will be laid before the Senate tomorrow and will be referred to the Finance Committee.

FAIL IN SACRAMENTO.

SACRAMENTO, May 8.—Rain, and unusual this late in the season, began falling this evening, with prospects of benefit to agriculture and grazing.

GOOD cooks are continually in demand. We will send the free cooking lessons in The Times Domestic School. Housewives are using Gilt Edge Ginger to send them good cooks. Lessons appear Wednesdays and Fridays.

LEWIS Studio Hotel Angeles is open to the ladies for dinner and supper.

Happenings on the Pacific Slope.

Overcome.

MRS. MERRIAM BREAKS DOWN.

Unable to Appear In Court Because of Collapse.

Captain is Willing to Allow Her to Obtain Decree.

Judge Anxious to Eliminate Scandalous Charges.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO BUREAU OF THE TIMES, May 8.—[Exclusive Dispatch.] When the Merriam divorce case was called today in Judge Graham's court, Mrs. Bessie Merriam, from whom Capt. Henry Merriam, U.S.A., is seeking a divorce, was not present. Her attorney explained her absence for the first time since the sensational trial began, three days ago. They said she had suffered a complete breakdown after last evening and had been under the care of a physician throughout the night.

Attorney Judson Reeves, for Mrs. Merriam, stated that her collapse was due to a nervous breakdown, and not to heart trouble. Therefore, he stated, she would not be able to appear in court until Tuesday.

Attorney Walter Linforth, for Capt. Merriam, stated that no one felt sorrier for Mrs. Merriam than her husband, and that if she would allow it to do so, Capt. Merriam would send a physician in addition to the nurse already in attendance to treat her. The offer was accepted.

MERRIAM IS WILLING.

Capt. Merriam, through his attorneys, announced that he had been advised by his superior officers in Chicago that no criticism would be directed against him if he submitted to the suggestion of Judge Graham that Mrs. Merriam's suit for divorce be granted him on the grounds of desertion. It is said that he would not contest the charges and that he would be willing for Mrs. Merriam to have the custody of their daughter, with the proviso that he may see her whenever he wished. Mrs. Merriam's friends are daily rallying to her side, and today she was surrounded by a score of women or so women who declare that they are confident she is innocent of the charges which Capt. Merriam has preferred against her. Most of these are friends whom she knew in girlhood. They, as well as Judge Graham, are endeavoring to bring about a reconciliation between the young couple.

WOMAN OPPOSES DIVORCE.

A letter has been brought out in the case and introduced into the record, in which Capt. Merriam kissed his wife only two years ago, and never refused to live home. This fact, said to have constituted a ground for divorce, and the wife then could prove her good name. It was in trying to make up her mind what course to pursue on the judge's suggestion that Mrs. Merriam's splendid grip on herself snapped, and she succumbed entirely to despair. She stated that she had been brought up a strict church woman, and that she did not believe in divorce; that she did not want a divorce on any ground. She was told that only by suing for divorce, by placing herself in the role of plaintiff, would she be spared the pain of a trial to the bitter end, with her husband as the plaintiff.

Progress.

UNITARIANS HOLD A SYMPOSIUM.

PACIFIC COAST CONFERENCE DISCUSSES NEW THOUGHT.

President Payson of San Francisco Shows Advance of Religion, During the Past Year and Reports From the Field Indicate Church Organization Work Has Prospered.

[BY DIRECT WIRE TO THE TIMES.]

OAKLAND, May 7.—[Exclusive Dispatch.] The second day of the twenty-eighth annual meeting of the Pacific Coast conference of the Unitarian churches opened this morning at the First Unitarian Church with devotional exercises by the Rev. O. P. Shrout of San Jose. This was followed by the address of the president, W. H. Payson, of San Francisco, who described the outlook for the religion and its advancement during the past year. The following reports were also read at the morning session: From the field, from the Pacific Unitarian headquarters, treasurer's report, appointment of conference committees, general conference, and condition and prospects of Unitarian work on the Coast.

WOMEN'S MEETING.

At 3:30 o'clock this afternoon there was a women's meeting in the pastor's study. There was also a ministers' meeting at which the address was made by the Rev. Thomas Clayton of Fresno.

This evening there was a public platform meeting at which the topic was "The Church and Social Service." There was an address on "Legislation for Social Betterment," by Prof. Thomas Reed of the University of California, and another on "The Church and Social Welfare," by the Rev. E. M. S. Hodgin of Los Angeles. There were also a number of five-minute speeches from the floor.

The session will close tomorrow evening.

WILLS HOME TO STENOGRAPHER.

BALANCE GOES TO RELATIVES.

[BY A. P. DAY WIRE TO THE TIMES.]

BERKELEY (Cal.) May 8.—To his stenographer, Miss E. Lillian Foss, the late Edwin R. Norton, who was Commissioner of Public Supplies here, bequeathed in his will just filed, the Norton residence, which has been appraised at $10,000. Miss Foss had been in Norton's employ for four years. The balance of the estate, all of which approximates $65,000, is left to relatives and friends. Norton was a widower.

Watch Out for Him.

LOOTS HOMES WITH A HOOK.

BURGLAR DISCARDS HIS JIMMY FOR A FISHING POLE.

Oakland Police Get Hold of Ingenious Instrument, Which Pulled Bed Clothes From Woman When It Was Angling For Her Husband's Trousers.

[BY DIRECT WIRE TO THE TIMES.]

OAKLAND, May 8.—[Exclusive Dispatch.] "Look out for the burglar with a hook" is the warning the police are sending broadcast this morning, after learning of the depredations of a unique miscreant who has discarded the time-honored implement of his trade, the jimmy, for a long pole to which is attached an ingenious hook. Once last night the marauder was nearly caught, but he succeeded in making his escape, although he was forced to abandon his implement of trade in order to get away.

The police have the novel instrument in their possession and veterans in the department cannot remember to have seen anything of its kind before.

HIS THIRD VENTURE.

Before his narrow escape from capture the marauder succeeded in looting two homes and he was on his third venture when his plans were upset. At the time he was angling in the apartment of Paul M. White at the Casadora, No. 678 Sixteenth street. Mrs. White was awakened about two o'clock by the mysterious movement of the bed covers. At first she was unable to account for the mystery, but after her eyes had become accustomed to the light she realized that they were being silently dragged toward the window. She leaped from the bed in time to grasp a long pole. To this she held tightly and called to her husband. White awakened in time to get a glimpse of a man, as he jumped from a ladder and disappeared in the darkness.

Mrs. White still held the pole and turned it over to the police. An investigation shows that the burglar had reached the window of the apartment with a ladder and with his pole was fishing for White's trousers. By mistake he had hooked on to the bed clothes.

Earlier in the evening he succeeded in angling a pair of trousers from the apartments of L. C. Kirk, No. 68 Fairview avenue, from which he took a small sum of money, and another pair from the room of Fred Libby, No. 651 Sixty-sixth street.

COMMISSION IS ACCUSED.

Phoenix Commercial Club Asks Arizona Legislature to Investigate Recent Tariff Ruling.

[BY A. P. DAY WIRE TO THE TIMES.]

PHOENIX (Ariz.) May 8.—After filing with the State Corporation Commission a complaint charging all the railroads in Arizona with violation of the statute prohibiting rates in excess of 15 cents per mile, the Maricopa Commercial Club, representing Phoenix shippers, appealed to the Legislature today to investigate the commission, which, it is alleged, had enabled the railroads to charge excessive rates by issuing a class rates tariff order.

Under the class rates order issued by the commission, the commercial club declares that railroads are enabled to charge rates in some instances 280 per cent. higher than the maximum of 15 cents per mile per ton allowed under an old statute. The club at the same time appealed to the Legislature to enact a new statute tto protect the rights of shippers.

MAY FREE MANY JUVENILES.

Judge Seawell of Santa Rosa Renders Important Decision Affecting Rights of Children.

[BY DIRECT WIRE TO THE TIMES.]

SANTA ROSA, May 8.—[Exclusive Dispatch.] Judge Emmet Seawell rendered a far-reaching opinion here this afternoon in habeas corpus proceedings by Mrs. Josephine Warren of Beckwith, Plumas county, to secure possession of Wesley Ernest and Lawrence Russell Warren, her sons. The boys were committed by the Plumas County Court sitting for a Juvenile Court, without consent of their parents. Judge Seawell held that evidently no child confined in an institution is legally restrained, if the position is correct that the affidavit presented was insufficient to give court the authority to confine children and the court did not include sufficient facts in the findings to make the commitment legal.

THE EYE GLASS IN POLITICS.

Optometrists of California Are Urged in State Convention to Keep at Heels of the Lawmakers.

[BY A. P. NIGHT WIRE TO THE TIMES.]

PASO ROBLES (Cal.) May 8.—Considerable important work was accomplished at the last day's session of the annual convention of the California State Association of Optometrists. Some changes were made in the constitution and bylaws.

W. C. Dickson of Los Angeles was elected president; A. L. Holling of San Francisco, vice-president; Fred Detmers of Los Angeles, secretary; W. M. Kinney of Los Angeles, treasurer, and A. Polasky, O. Granisher and Fred Brown, all of Los Angeles, were elected directors.

That optometrists take greater interest in political and public affairs, in order to be in a better position to bring before the public the importance of optometry, was strongly urged by speakers before the association.

It was voted to keep in active service a committee appointed in 1912 to oppose public examination of eyes at expositions such as are to be held in 1915.

JILTED ACTRESS SUES.

Hazel Richmond of California Wants Big Sum from Brooklyn Merchant.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK BUREAU OF THE TIMES, May 8.—[Exclusive Dispatch.] Miss Hazel Richmond, a vaudeville actress, who came to New York from California three years ago, brought a suit for breach of promise today against Francis Gordon Pourch, whom the complainant declares to be a wealthy automobile merchant of Brooklyn. Twelve thousand dollars damages are claimed.

According to the complaint Pourch made an offer of marriage to Miss Richmond on January 13, last, and she accepted with the understanding that the wedding should occur on Easter Sunday. He failed to appear.

STEWART TO HANG ALSO.

Accomplice of Goodwin Sentenced to Hang at Globe, Ariz., Told He Must Die In August.

[BY DIRECT WIRE TO THE TIMES.]

PHOENIX (Ariz.) May 8.—[Exclusive Dispatch.] Following a jury verdict rendered last night of murder in the first degree, William Stewart this afternoon in the United States District Court was sentenced to be hanged August 1 in the Courthouse at Globe.

Circuit Judge Morrow on the bench briefly stated his agreement with the verdict and pronounced sentence at once after denying all objections interposed. Stewart, a green young cowboy, nervously grinned as he listened, and as the magistrate solemnly finished with the customary invocation, "may God have mercy on your soul," hysterically answered, "and may God have mercy on yours."

Benton Dick of Tucson, counsel for the prisoner by court appointment has given notice of appeal to the United States Supreme Court, so it is improbable that the execution will occur as scheduled. Stewart's associate in the crime, John Goodwin, is to be executed at Globe next Tuesday, under sentence passed over a year ago by a Territorial Federal court. Their crime was the murder September 15, 1910 of Fred Kibbe and Alfred Hilipot on the Apache Reservation, northeast of Globe. In a territorial court both were sentenced to life imprisonment.

In the hope of securing acquittal they made application for a new trial, on a showing that the State courts could have no jurisdiction over government reservations but their second experience was worse than the first. The cases are considered remarkable in that the men legally were twice placed in jeopardy.

Ysaye

This great Violinist in all his concert and recital work uses the Chickering Piano because as he says, "It alone offers the support I require."

Chickering

is the chosen piano of the great musicians—therefore it is the piano for your home—

You can make no mistake in the selection of a Piano if you follow the lead of a master like Ysaye. His choice was made after the severest kind of tests, in his own home and on the Concert Stage. Through the length and breadth of America has gone with him a magnificent Chickering Grand which has created the most enthusiastic of admiration wherever heard.

Don't fail to investigate the Chickering, to learn why its tone is absolutely beyond all comparison. These magnificent instruments are priced $600.00 upwards for uprights and grands. They may be purchased under a very liberal plan of payment.

Twenty-five Millions of Dollars

Cadillac STANDARD OF THE WORLD

To This Extent the American People Have Set the Seal of Approval Upon the 1913 Cadillac.

This evinces such an overwhelming preference in favor of a single high type of motor car as against any one of more than two hundred other makes that it practically obviates the opportunity for comparison.

It means that more than twelve thousand motor car buyers after a critical analysis have recognized that the elements vitally essential to a real motor car are the dominant characteristics of the Cadillac.

It means that more than twelve thousand 1913 motor car buyers after a critical analysis have recognized in the Cadillac:—

A car that is *manufactured* and not merely an assembly of components.

A car whose maker is one of reputation and of stability.

A car whose parts are thoroughly standardized and thoroughly interchangeable.

A car of unsurpassed mechanical accuracy.

A car of dependability and durability.

A car possessing a factor of safety so liberal that it withstands far more than should reasonably be expected of any car.

A car of luxury, a car of comfort, a car of convenience.

A car of elegance and refinement.

A car of simple and easy operation.

A car of minimum depreciation and maximum value as a used product.

A car with which there is obtainable a real "service," both from the maker and from the dealer.

A car which offers the maximum of efficient service for the maximum time at the minimum cost.

A car which is "different" and which by reason of the "differences" commands a position uniquely its own.

A car whose merit is not confined to one or a limited few "talking points," but rather a car of super-excellence in its entirety.

A car which will uphold in abundant measure the wisdom of those who have honored it with their seals of approval.

A car whose distinctive characteristics are obtainable only in the Cadillac itself.

WATCH HOUSE PASS TARIFF.

Mrs. Wilson Imitates Husband; Visits the Capitol.

Bryans Give Reception in Honor of Congressman.

State Department Punch is Served to the Guests.

BY CONSTANCE CARRUTHERS.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

WASHINGTON BUREAU OF THE TIMES, May 8.—[Special Dispatch.] Mrs. Wilson and the President's relatives, Mrs. Thomas Woodrow of Denver, and her daughter, Mrs. Wells, visited the Capitol early this afternoon, spent some time in the gallery of the House, while the tariff bill was being passed.

Later in the afternoon, Mrs. Wilson attended the meeting of the Central Housing Committee at the home of Col. and Mrs. Archibald Hopkins.

BRYANS ENTERTAIN.

The Secretary of State and Mrs. Bryan held a formal reception in the garden at "Calumet place" with the Representatives in Congress and their families as guests of honor. It was the second State reception held by the Secretary and since May 1, the first one being at the New Willard and in honor of the diplomatic corps. This afternoon the garden at "Calumet place" was at its best, the old-fashioned climbing roses and vines, with colonial annuals being in bloom, while the forest trees and smaller shrubbery were in full leaf. The Marine Band played all during the receiving hours, from 5 to 7 o'clock, and refreshments were served under the arbor and from small tables about the garden. The Assistant Secretary of State and Mrs. Osborne stood with Mr. and Mrs. Bryan in receiving and they were further assisted in their hospitality by Representative and Mrs. Oscar W. Underwood of Alabama, Representative and Mrs. Thetus W. Sims of Tennessee, Representative and Mrs. R. L. Henry, Representative and Mrs. James L. Slayden, and Representative and Mrs. W. R. Smith of Texas; Mr. and Mrs. Henry D. Clayton of Alabama, Representative and Mrs. I. R. Sherwood of Ohio; Representative and Mrs. Ben Johnson of Kentucky, Representative Henry D. Flood of Virginia, and Miss Sims and Miss Johnson. Great bowls of the famous "State Department punch" stood on tables in the shade of vine and tree and tea, coffee and chocolate were also served. Mrs. Bryan was more conspicuous socially today than any other woman in the official set in Washington and before giving the large reception at Calumet place, with the Secretary of State, was the guest of honor at a buffet luncheon with Mrs. Claud Swanson of Virginia, the hostesses. There she met 100 women from official and resident society. Receiving with Mrs. Swanson, and Mrs. Bryan were Mrs. Garrison and Mrs. Burleson, while Mrs. Marshall was among the guests.

MRS. LANE GUEST OF HONOR.

Mrs. Franklin K. Lane, was also a guest of honor today, when Mrs. Joseph R. Knowland, wife of Representative Knowland of California, entertained an all-California party at luncheon.

CROSS-COUNTRY RUN.

A novel party was given this morning by Col. and Mrs. Robert A. Thompson for the three daughters of the President, Miss Wilson, Miss Jessie Wilson and Miss Eleanor Wilson, which started with a brisk cross-country run, everyone in the saddle but Miss Jessie Wilson and ended with a breakfast and dance at the Chevy Chase Club. Friends of Miss Jessie Wilson, who have known her only since her residence in the White House, were surprised to learn that she did not ride and must instead drive sedately for a time over the country roads and meet the party at the Chevy Chase Club. The party started from the Washington Riding and Hunt Club promptly at 10 o'clock, with Miss Wilson and Miss Eleanor Wilson leading with their host and the run was finished shortly after noon at the club where small tables arranged with gay flowers and little horses and other suggestive favors, to be carried away by the guests, awaited the party. There were about twenty-four in the cross-country run but fully fifty sat down to breakfast and danced afterwards.

BUY CANNON'S CARD TABLE.

Historic Piece of Furniture Brings Sixteen Dollars at Auction—Hand House Is to Be Rented.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, May 8.—The card table of former Speaker Cannon, around which many notable statesmen have met in games of chance and skill today went under the auctioneer's hammer for $16 and the gas lamp, which shed its rays upon the men who sat around the board brought $1.25. The last tie that linked the veteran legislator to the National Capital has been broken, for when he left for his home in Danville, Ill., he took with him the furnishings which he desired. The remainder he left here to be sold.

The sale was attended by about 200 persons, many of them women, the wives of men prominent in official life, who sought articles as souvenirs. The house which the veteran legislator occupied during his long residence here is being renovated and after a thorough cleaning up and a fresh coat of paint will be used as a boarding-house.

WHY ALL THIS SECRECY?

Secretary of Treasury Takes Another Step to Prevent News Leaking to Public.

[BY A. P. DAY WIRE TO THE TIMES.]

WASHINGTON, May 8.—Secretary McAdoo took another step today in his campaign to keep secrets of the Treasury Department from going to outside interests when he forbade any Treasury records being shown to any one outside the department, Congressmen included, without his written permission, and announced that he intended to deal summarily with infractions of his new order.

SUMMER RATES now in effect.
Hotel Alexandria
—Fireproof—
Fifth and Spring Streets.

NOLAN AND KENT VOTE FOR REVISION.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON BUREAU OF THE TIMES, May 8.—[Exclusive Dispatch.] The California Congressional delegation was nearly evenly divided in the House vote today on the Underwood tariff bill. Representative John I. Nolan of San Francisco voted for the bill. Representative Kent voted for the bill. The three Democratic Representatives, Raker, Church and Kettner, voted for the bill.

Representatives Kahn, Knowland, Curry, Hayes, Bell and Stephens voted against the bill.

Nothing but an "aye" vote was expected from the Democrats, but there had been hope that Nolan, down as Progressive-Republican, and Kent, classed as an independent, would not vote to help the Democrats to heavily injure practically every California industry and destroy many, as the Underwood bill is certain to do, if not changed in the Senate.

Bell and Stephens also are Progressive Republicans, but could not see their way clear to cast ballots against the direct interests of their State.

The Republicans, Kahn, Knowland, Curry and Hayes, have, of course, always been opposed to the Underwood bill.

The vote showed that the Progressive party is badly split on the tariff question. Representative Murdock of Kansas, Progressive House leader, and half of his following voted against the bill, while the other half voted for the bill.

DEFINES GRAHAM FLOUR.

United States Bureau of Chemistry Advises That Spurious Mixture Be Properly Labelled.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, May 8.—Having learned that many so-called "graham flours" on the market contain the sweepings from the mill and that they often contain "red dog," the lowest grade of flour produced, as well as bran and other by-products, the United States Bureau of Chemistry has defined true Graham flour as "unbolted wheat meal made from sound, clean, fully-matured, air-dried wheat." This is the report of an extensive investigation just completed.

The bureau holds that mixtures should be labelled "imitation Graham flour." This distinction is not compelled by pure food decision, but is advised by the Bureau of Chemistry "to maintain the integrity of the trade."

ARMY AND NAVY.

Paymaster Clerk A. B. Canham, appointed, Navy Yard, Washington.

ANNOUNCE RATE POLICY.

COMMERCE COMMISSION RULES.

[BY A. P. DAY WIRE TO THE TIMES.]

WASHINGTON, May 8.—The Interstate Commerce Commission held today that it would not prevent an increase of interstate freight rates merely for the purpose of influencing intrastate rates. This principle was announced in connection with an application by carriers for permission to advance the joint rate on cement from producing points in Pennsylvania to given distances in New Jersey and other States. The application was granted.

WILD TALK FOR SULZER.

Roosevelt Says He Will Speak for Direct Primaries Just to Keep His Voice Oiled.

[BY A. P. NIGHT WIRE TO THE TIMES.]

ALBANY (N.Y.) May 8.—Gov. Sulzer said today he had received letters from Col. Roosevelt indicating that he will place himself at the command of the Governor's committee, which is to arrange the State-wide campaign to create sentiment in favor of the Governor's direct primary bill. The committee expects to arrange a series of speaking engagements for Col. Roosevelt.

The Governor has also been advised that Col. Roosevelt will speak in favor of the Governor's bill at a Progressive dinner in New York City.

The Legislature will be ordered by Gov. Sulzer to meet in extraordinary session on June 16 to consider direct primary and other legislation and not on June 18, as announced yesterday.

CHOICE OF ROUTES GOING EAST.

Let us make all arrangements for your trip East. CALLS CONVICT AXE MURDERER

MISSOURI LIFER SAID TO HAVE KILLED TWENTY-FIVE.

Henry Lee Moore Now in Penitentiary, According to Special Agent, Is Guilty of Crimes in Kansas, Colorado, Iowa and Illinois.

[BY A. P. NIGHT WIRE TO THE TIMES.]

LEAVENWORTH (Kan.) May 8.—Twenty-five murders committed in the last three years in Missouri, Kansas, Colorado, Iowa, and Illinois, by means of blows from an axe, ascribed to Henry Lee Moore, now serving a life term in the State prison, according to a statement announced today by M. W. McClaughry, special agent of the Department of Justice, after an exhaustive study of the so-called axe murders.

Afterward, Lee Moore went to the penitentiary at Jefferson City, was found guilty of the murder of his mother and grandmother, Mrs. Belle Wilson and Mrs. George Moore, at Columbia, Mo., in December, 1901. Moore on trial made many damaging admissions and contradictory statements. He said he had made a study of famous murders before the Dr. Crippen case in England.

LIST OF AX MURDERS.

The ax murders ascribed to Moore by McClaughry, are:

H. C. Wayne, wife and child, Kansas City, 1911.

A. J. Burnham and two children, Colorado Springs, Colo., August, 1911.

William E. Dawson, wife and daughter, Monmouth, Ill., July, 1911.

William Showman, wife and two children, Ellsworth, Kan., June, 1911.

Rollin Hudson and wife, Salina, Kan., June, 1911.

J. B. Moore, four children and two girl guests, Villisca, Iowa, June, 1912.

Mrs. Wilson and Mrs. Moore at Columbia.

Mr. McClaughry was called to assist in the investigation of the Villisca murders and states that he has devoted much time to the study of these crimes. He calls attention to the fact that the first of the series of murders did not occur until Moore's release from the State reformatory at Hutchinson, Kan., where he served a term for forgery.

AX WAS ALWAYS LEFT.

He states further that each of the twenty-five persons murdered, left with them children, were slain in their homes, and that traces indicating in the most gross brutality were found in each case the bloody ax was found, though left as the murderer's only insignia. Moore's admission that for years his mind had been filled with a study of terrible crimes, McClaughry says, influenced him greatly in the formation of his theory. McClaughry said the strangely parallel circumstances in the murders of which he could lead to no other conclusion.

Retaliation.

TO PROSECUTE MRS. SPRINGER

DENVER DISTRICT ATTORNEY MAY ARREST WOMAN.

Declares If She Contradicts Testimony In Former Murder Trial She Will Cause Her Arrest for Perjury. Noted Murder Case to Be Reopened.

[BY DIRECT WIRE TO THE TIMES.]

DENVER, May 8.—[Exclusive Dispatch.] Isabel Patterson Springer, former wife of John W. Springer, and the woman in the Henwood case, will be arrested and prosecuted on the charge of perjury if she gives certain testimony at the second trial of Harold F. Henwood for the murder of George E. Copeland, or give false evidence in the form of admissions. The trial was continued this morning until May 12.

Dist.-Atty. Rush made the announcement concerning Mrs. Springer this morning while opposing a motion by Attorney John T. Hutton, counsel for Henwood, for a continuance of the case for two weeks. He was overruled in asking an affidavit by Henwood, that Attorney Bottom, in support of the motion, when he declared:

"According to the affidavit filed by defendants' counsel, they claim that they are going to call her as a witness and prove by her that she committed perjury at the first trial in this case. I want to say that if she comes here or testifies, I am going to prosecute her for perjury."

The District Attorney refused to make statement after court had adjourned.

SAID TO BE DRUGGED.

Mrs. Springer, according to Henwood's affidavit, will testify, either in person or in a deposition, that at the first trial she gave damaging evidence that was not true because she was under the influence of drugs and that she was intimidated by threats of arrest then District Attorney.

Mrs. Springer, summoned as a witness in the first trial as a witness for the defense, has been listed as a witness for the prosecution for the second trial. This was done in order to enable the District Attorney to submit to the jury the evidence that she gave at the first trial. This evidence will go to the jury unless Mrs. Springer should decide to brave the danger of arrest and prosecution to help out the defendant.

In opposing Henwood's motion for a continuance, District Attorney Rush took occasion to remind the court that Henwood, through one of the years ago, had stated that he had $10,000 in securities and that he could realize on them in a few days. He wanted to know what had become of these securities or whether the court had been misinformed in speaking of Henwood's affairs. Witnesses, Rush declared they will call, to whose testimony Henwood attaches great importance, had been summoned at the Albany Hotel only a few weeks ago.

In continuing the case until May 12, Judge Butler said:

"Upon the showing made here this morning, I would not grant the motion for a continuance. I am not strongly impressed with it, but a human life is at stake. In view of the fact I am going to grant the continuance."

Henwood would not discuss the District Attorney's statement concerning Mrs. Springer in any way. Mrs. Springer is now in New York City.

Apprehension.

SAN DIEGAN IS MISSING.

FAILS TO RETURN HOME AFTER EL PASO LODGE MEETING.

Californian With Eighteen Thousand Dollars in His Pockets Disappears on Mexico Border and It is Feared That He Met With Foul Play in Juarez.

[BY DIRECT WIRE TO THE TIMES.]

EL PASO, May 8.—[Exclusive Dispatch.] Police, detectives and relatives have been searching for R. Jaeger, a wealthy building contractor of San Diego, Cal., who disappeared Wednesday after lodge meeting at the Masonic Temple.

Jaeger came here two weeks ago from San Diego to look for a location to engage in business. He was accompanied by his wife and was negotiating with a number of business men to purchase their business. When he left his wife Wednesday evening he had $18,000 in bills on his person and because of this, it is feared, that he has met with foul play.

An all-night search was carried on and the police have hunted through all of the south part of the city, but nothing has been learned of him. It is feared that he has gone to Juarez where there is a gang of hold-ups working who would "roll" him for his money.

The Juarez police have been asked to co-operate in the search for Jaeger and a reward has been offered for information about the California contractor.

CUTS INFANTS' THROATS.

PHILADELPHIA, May 8.—Arising from the bed in which she, her husband and two infant daughters were sleeping, at their home in the southern section of the city, Mrs. Kulasa, 24 years old, obtained a long butcher knife early today and cut the babies' throats. She accomplished the deed so quietly that the slumbering man was not aroused. The woman had been ill.

FOOD FOR THOUGHT.

In no business undertaking is care and discerning judgment more necessary than in the selection of an advertising medium.

Ineffective advertising not only involves an utter waste of money, but the time lost in waiting for results that do not materialize is often fatal to the success of business ventures.

Men and women who fill their wants and exploit their business through the classified columns of newspapers, soon learn by experience to concentrate their advertising in the medium that brings them the largest and most satisfactory results.

This reason—the profitableness of its "Liner" advertisements to its readers—is alone responsible for The Times regularly printing almost twice as many separate "Want Ads." as its nearest local contemporary.

No matter what your want may be, it can be economically and quickly filled by reading and using Times "Liners."

The following tabulation shows the total number of separate classified or "Liner" advertisements printed in April in each of the six Los Angeles newspapers:

First—THE TIMES	73,807
Second, Newspaper	45,665
Third, Newspaper	31,549
Fourth, Newspaper	12,553
Fifth, Newspaper	8,139
Sixth, Newspaper	3,713

The Times' gain in April, 1913, of 2424 separate "Want Ads." over the same month of last year is truly remarkable when considered in connection with the fact that for more than eight years The Times has regularly printed more "Liner" advertisements than any other newspaper in the world.

Do not let sophistry or false reasoning, brag or bluster induce you to patronize unproductive mediums. Follow the crowd and read and use The Times "Liners."

The Times' daily average circulation for the first three months of 1913 was 97,845 copies, and its Sunday only average circulation for the same period was 94,184 copies. The purchasing power of the buyers in Los Angeles and the Pacific Southwest is represented in these figures.

Declined.

JAPS OFFER TO FIGHT; MEXICANS REJECT THEM.

[BY A. P. NIGHT WIRE TO THE TIMES.]

DOUGLAS (Ariz.) May 8.—Four hundred Japanese residents of Sonora State have offered their services in arms to L. I. Piesquiera, the insurgent Governor, according to a code telegram received today by the Constitutionalist Committee. The offer was refused, the Governor explaining that the struggle was one in which Mexicans only should participate.

Fifteen Japanese formed the committee which called on the Governor yesterday at Hermosillo, the State capital. They declare that the 400 Japanese were already armed. They composed, they said, all residents of the State, mostly farmers and mechanics. They offered to furnish their own ammunition for a time. The Governor thanked the committee for its interest in the welfare of Mexico, but declined the offer.

The 1500 uncivilized Yaqui Indians who recently took the field for the State insurrection yesterday attempted to attack Cruz de Piedra. The Federal garrison of the place had deserted in a body. Cruz is located near Guaymas, and this incident disclosed that all Federal forces in neighboring gulf towns have been withdrawn to the defense of Guaymas.

By SIR GILBERT PARKER

THE JUDGMENT HOUSE

"Had Gilbert Parker never written the admirable novels that have won him fame, his latest, 'The Judgment House,' must at once have placed him in the lead among the present writers of fiction."—Philadelphia Public Ledger.

"There is no doubt that Sir Gilbert's story will add to the already great reputation of Canada's most distinguished novelist."—Toronto Globe.

"I have been reading with entire pleasure and delight his new novel, 'The Judgment House.'"—Clement Shorter in The London Sphere.

SECRET CONFAB ON LAND ACT.

Japanese Consul Holds Two Consultations With Collector of Port Stratton at San Francisco.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCICCO BUREAU OF THE TIMES, May 8.—[Exclusive Dispatch.] Two conferences of a secret nature on the alien land legislation in California have been held between the Imperial Japanese Consul at this port and Collector Frederick S. Stratton, within the last three days.

At the meeting, T. Nunan, Consul, and Kyo Kumasaki and Ujuria Oyama, Vice-Consuls, have discussed the Japanese bill at great length with the collector.

Much was said by the Consul concerning a referendum election, but no definite action in this line was decided upon.

At the conclusion of today's meeting, the Japanese stated that their visit was purely in the nature of a social call. At the same time, it is known to have a deeper significance. It is said that the Consul at San Francisco is in daily cable communication with Japan with a view to formulating some immediate protest against the recent bill.

Neither Stratton nor the Japanese would admit that the Japanese bill had had any part in their discussions. It is known as a fact, however, that this matter has been the sole object of the Consul's visit to the customshouse, and that some new move on the part of Japan is being considered.

Hints on Hair Health

If you use our treatment, we will either stop your hair from falling or pay for the treatment ourselves.

Dandruff is a contagious disease caused by a microbe, which if not removed causes baldness. This microbe often comes from a comb or brush belonging to someone else.

If you are troubled with dandruff, itching scalp, falling hair, or baldness, we believe that Rexall "93" Hair Tonic will do more than anything else to remove the dandruff, destroy the germ, make the scalp healthy and stop falling hair, and, if there is any life left in the roots, also promote growth of new hair.

We believe that probably 85 per cent of the cases of baldness could be overcome if people would only use Rexall "93" Hair Tonic for a reasonable time, as directed.

We don't want you to take our word for this. We want you to test the merits of Rexall "93" Hair Tonic at our risk. If you use it and it does not give satisfaction, just come back to us and tell us, and we will immediately hand back to you the money you paid for it. You promise nothing, sign nothing and your mere word will be taken for it.

We are dependent upon your confidence and patronage, and we would not make these claims, or make this offer if we did not believe that Rexall "93" Hair Tonic is the very best hair preparation you can use. Two sizes of bottles, 50c and $1.00.

You can buy Rexall "93" Hair Tonic in this community

"Et tu Brute!"

HENEY WATER GRAB ACT STRIKES SNAG IN SENATE.

Appropriation in One of Johnson's Ten Demandments Cut in Half and Then Sent to Judiciary Committee for Dissection—Another Pet Unionite Measure Swatted by Lawmakers.

BY LOU GUERNSEY.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, May 8.—[Exclusive Dispatch.] The Heney-Glavis-Pardee water commission bill, one of the most vicious measures offered at this session, received the unkindest cut of all today from the Senate Finance Committee when the enabling appropriation was reduced from $150,000 to $25,000. In this condition it was sent to the floor of the Senate this afternoon and several Senators proceeded to tear the confiscatory concoction to shreds. Senator Curtin flayed the framers of the bill in bitter language and declared it to be "one" of the most dangerous measures introduced at any session of the Legislature." Senators Caminetti and Wright also scored its confiscatory provisions. Senator Kehoe, who has charge of the bill in the Senate, worked hard to have the bill brought up for second reading without first submitting it to the Judiciary Committee, as has been the custom for over twenty years. It was during the debate on this point, that Senators Curtin, Wright and Caminetti took occasion to expose its vicious provisions.

Senator Wright severely criticised Kehoe for his attempt "to jam the bill down our throats before its legal and constitutional phases have been looked into by the Judiciary Committee." Other Senators made similar objections.

After a heated debate lasting over an hour, the bill was referred to the Judiciary Committee. The bill will run another gauntlet of amendments before it reaches the Senate floor tomorrow afternoon. Opponents of the bill declare it will be defeated by a good-sized vote when it comes up for final passage. It passed the Assembly several days ago by a majority of one after a bitter fight.

"TOO FOOLISH TO DISCUSS."

Senator Butler's bill to close saloons on Sundays and legal holidays, except Saturday afternoons, was refused passage in the Senate today by a vote of 20 noes to 6 ayes. Senators Regan, Juilliard, Cogswell, Shanahan and Strobridge opposed the bill. The last-named dubbed the measure as "silly," a "pippin" and "too foolish to discuss." Senators Shanahan and others said it would be an invasion of the local option given to communities by the Legislature two years ago. Senator Regan predicted that a bill will soon be introduced to stop people from attending church. Senators Brown and Butler defended the measure, to no avail.

PET UNION MEASURE KILLED.

"Swat this bill as hard as you did mine, and a little harder, please, as mine was a good one, while this is a bad one," is the way Senator Butler greeted the announcement from the file of Senate bill No. 1009, by Senator Finn, known as the "plumbing trust" measure. It is a pet union-labor measure and provides scores of jobs for organized labor leaders. The Senate granted Butler's request, defeating the bill by a vote of 19 noes to 10 ayes. Finn gave notice of a motion to reconsider the vote by which his pet measure, which bobs up at every session, was defeated.

ADJOURNMENT NEXT MONDAY.

Today, by unanimous vote, the Senate adopted Senator Strobridge's joint resolution providing for sine die adjournment of the fortieth session of the Legislature on Monday, May 12, at 12 o'clock, noon. A special message was immediately sent to the Assembly notifying that body of the Senate's action. This action was concurred in by the Assembly Ways and Means Committee in the adoption of the Senate resolution fixing that time. It will be adopted by the Assembly.

RECONSIDERATION FAILURES.

This was "reconsideration day" in the Assembly; but very little consideration was given to motions for reconsideration. Here is the toll:

Reconsideration of bill No. 446, by Senator Lyon, extension of eight-hour law for women, passed last night, moved by Assemblyman Killingsworth, failed 5 to 55.

Reconsideration of bill No. 2029 by Assemblyman Judson, anti-tipping bill passed yesterday afternoon, moved by Assemblyman McDonald, failed by 7 to 43.

Reconsideration of bill No. 246, by Assemblyman Polsley, prohibiting the owner of land from hunting on his own acres if he has a "no-hunting" or "no-shooting" sign posted, which was defeated, and moved by Polsley, failed by a vote of 13 to 38.

SHORT AND UGLY WORDS.

The committee substitute Board of Education bill, sent to the House floor two days ago, was amended after a bitter fight today, in which short and ugly words were used. The amendment changes the complexion of the Board of Education by providing that the State Superintendent of Public Instruction shall be a member, shall be secretary of the board and that the board shall consist of five, instead of seven.

Wyllie, in amending the substitute bill, charged that the University of California's influence was at work, that the attempt to crush a lay board was done by unfair means; that politics and spite were at the bottom of the work. No sooner had Wyllie taken his seat than a storm arose from the subcommittee members.

Assemblyman Bloodgood of Los Angeles denied every charge made by Wyllie and said: "The gentleman from Dinuba purposely misrepresented the bill and has misrepresented the action of the members of the committee."

Assemblyman Smith of Alameda declared that he was not surprised at the charges made by Wyllie because Wyllie had been doing that sort of thing for the last several years.

"The charge that this man makes," said Smith, "is untrue, maliciously false, and he knows it. This is a piece of dirty, nasty work." Smith then passed the lie.

At this juncture the Speaker's gavel was sounding for order while Smith was advancing down the center aisle, his arms waving and his voice shrieking above the gavel thunders.

FREE TEXT-BOOK BILL.

Assemblyman Bohnett spoke against the amendment and said Wyllie was misrepresenting the action of the subcommittee.

From the time Bohnett quit until the vote was taken, the discussion was ragged. When the vote was announced the result showed 34 to 36, carrying the changes. Wyllie won and the State Superintendent won. The bill creates the machinery for the administration of the free text-book amendment to the Constitution.

An echo of the arrest of Barclay McCowan, a "Progressive" lobbyist of Bakersfield, in the Assembly chamber last Saturday night, on a telegram from Kern county, alleging perjury, was heard in the Assembly today.

Assemblyman Farwell of Los Angeles introduced a resolution calling upon the State Board of Control to proceed with an investigation of the affairs of the Kern county grand jury and the affairs and the books of the officers of Kern county. If the charges are substantiated the Attorney-General is asked to prosecute.

This proposed investigation on the part of the State, as requested in the resolution, is aimed at the Jastro Democratic political organization of Kern county.

The resolution declares the "Jastro machine" is disreputable, has been guilty of disgraceful practices, and of deliberately indicting and arresting respectable and influential citizens because of their opposition to the so-called gang.

McCowan is chairman of the Progressive party in Kern county.

ASSEMBLY SESSION.

INVESTIGATIONS COME HIGH.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SACRAMENTO, May 8.—The Assembly approved today Farwell's bill appropriating $2000 for an investigation concerning the adoption of an old age State pension and insurance system and mothers' pensions.

Assemblyman Peairs's bill providing for an investigation by the State Board of Charities and Corrections of the causes of insanity, vice and crime in the State was passed without debate. An appropriation of not more than $7500 annually is provided.

PASSES APPROPRIATION ACT.

Barely enough members were present to approve the general appropriation bill, which was read and sent to the Senate without debate.

SENT TO GOVERNOR.

The Senate bill providing for the reimbursement of counties sustaining a net loss under the separation of State and county taxes was passed and sent to the Governor.

OTHER SENATE BILLS PASSED.

Other Senate bills passed included:

Providing for the reorganization of the State Mining Bureau and creating the office of State Mineralogist.

Providing for the assumption by the State of half the cost of upkeep of two fireboats on San Francisco Bay.

By Boynton, providing for the rectifying of the channels of the Sacramento, San Joaquin and Feather Rivers.

SUTRO LIBRARY BILL.

The famous million-dollar Sutro library, comprising 125,000 volumes of rare books, is to become the property of the State, if a bill introduced today by Assemblyman Slater can be pushed through before adjournment and thus provide for its acceptance from the Sutro heirs. The Board of Control and the Ways and Means Committee have approved the measure in advance of its introduction and every effort will be made to prevent its dying on the files. Seventy thousand dollars is appropriated for the care of the library in its present quarters in San Francisco, where it is to be permanently maintained, although becoming part of the State library.

SENATE SESSION.

REFUSES TO LIMIT SALOONS.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SACRAMENTO, May 8.—The temperance bill proposed by Senator Sanford, establishing a limit of but one saloon to each 500 inhabitants in any city or county, was defeated by the Senate today by a vote of nine ayes and twenty-five noes.

FREE TRIP FOR VETERANS.

The Senate gave final approval today to Assemblyman Gelder's bill appropriating $15,000 to be used in sending the veterans of the battle of Gettysburg, who may now be living in California, to Pennsylvania to attend the fiftieth reunion of Gettysburg survivors, to be held on the battlefield next July.

STATE FAIR BILLS.

Another bill passed was by Assemblyman Wall, dividing the State into eight agricultural districts for the purpose of holding annual fairs, as was the custom years ago. An appropriation of $70,000 is made to carry out the purposes of the act.

ACTS SENT TO GOVERNOR.

Among the other Assembly bills approved were the following:

By Morgenstern, permitting a wife and child to sue for the recovery of money lost by husband or father at gambling.

By Scott, creating a State Humane Commission, which shall have general supervision over all societies organized for the prevention of cruelty to animals.

TUBERCULOSIS BILLS.

Tuberculosis is declared to be an infectious and communicable disease, subject to regulation by State and county officials, in a bill by Senator Anderson, which passed the Senate today without opposition. The act requires all physicians to report the names, addresses and occupations of tuberculosis patients to the county or city health officers within forty-eight hours after the cases are discovered and further provides for the disinfection of all houses and apartments previously owned by consumptives. A companion measure by Senator Boynton, providing for the establishment of farm colonies for the treatment of tuberculosis under the direction of the State Board of Health and at the expense of the counties, also was approved and sent to the Assembly.

OCEAN-TO-OCEAN HIGHWAY.

Assembly Endorses Project and Welcomes Proposed Indiana-to-Los Angeles Tour in July.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SACRAMENTO, May 8.—The proposed Indiana-to-California automobile tour being planned by the Indiana Automobile Manufacturers' Association for next July was given impetus by the adoption of a resolution introduced by Assemblyman Farwell of Los Angeles. The resolution reads:

"Whereas, the transcontinental tour is being arranged on a gigantic scale and will be in the nature of a path-finding tour for the purpose of ocean-to-ocean highway, and

"Whereas, California is vitally interested in such a highway, which will open up a new avenue to the many wonderful resources thereof, and

"Resolved, that the citizens of this State be and are hereby requested to extend warm welcome and hospitality to the members of the tour and to furnish them with all information and guidance necessary to make their trip enjoyable."

WANT TO CENSOR FILM.

Senate Passes Bill for Commission to Pass on Moving Pictures Incidentally Taxing Them.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SACRAMENTO, May 8.—A bill creating a moving picture censor commission with power to pass upon all moving pictures exhibited in California, provided for in a bill by Senator Strobridge which passed the senate house today by a vote of 34 to 1, the negative votes were cast by Senators Gerdes and Regan of San Francisco.

By the terms of the act, the governor is required to appoint a commission composed of three members who shall draw a salary of $3000 per year, and who shall issue a stamp every film shown in the state. It provides for levying a tax of one-tenth of one cent per linear foot on each original film, and one-twentieth of a cent per foot on duplicates. A sum of $5000 is appropriated with which to establish the commission.

Innovation.

WOMAN SENATOR VISITS GOTHAM

CHIVALRY SURVIVES SUFFRAGE, SHE TELLS KNICKERBOCKERS.

Mrs. Helen Ring Robinson Relishes New Yorkers With Her Experiences as a Colorado Lawmaker and Incidentally Studies Civic Housekeeping Problems.

BY MARGARET W. DE PEW.

[BY FEDERAL (WIRELESS) LEASE TO THE TIMES.]

NEW YORK BUREAU OF THE TIMES, May 8.—[Special Dispatch.] Senator Robinson of Colorado is in town today. Senators, either State or United States, or State, are not rife in New York, but Senator Robinson is different. She has the distinction of being the only woman Senator in the United States, or that ever has been.

Senator Helen Ring Robinson, M.D., has won the distinction of being the "mother" of Colorado's most advanced law providing a minimum wage for women. She has come to New York skeptical seekers after the truth as to how it feels to sit with an august circle of law-makers, her colleagues among whom shattered a time-honored immunity.

For 105 days during the session of the general Assembly just adjourned Senator Robinson sat at her desk in the Colorado Senate chamber, and with her quiet influence, her measures close to the heart of a woman and fighting with determined attempts at the enactment of vicious legislation.

Primarily, Mrs. Robinson has come East at the invitation of the suffrage organizations in New York, Pennsylvania and New Jersey to discount her experiences as a lawmaker, but incidentally, she will study civic housekeeping and other problems affecting women and children, as they appear in the East.

One of the questions most frequently asked of women from states where suffrage States has to do with the peculiar influence which "votes for women" has had on the chivalry of men. Senator Robinson has a smiling answer to this.

"I sat for 105 days with only three or four men," says she, "and I can say truthfully that I have never been more courteously treated in a deliberative body. There was never at any time the slightest outward expression of antagonism, although I had to admit to myself from the outset, that my appointment as a woman in the Senate was shattering a time-honored immunity."

The most coveted position in the giving of the Senate was bestowed upon Mrs. Robinson on the morning, rather the early morning, on which the Legislature adjourned. She was made Chairman of the only honorary committee of that body. This committee visits State, penal, educational and philanthropic institutions in the interim and reports to the next assembly.

WILSON TACKLES CURRENCY.

Studies Preliminary Bank Plan but Its Fate Depends on Tariff Action on Tariff.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, May 8.—President Wilson was so encouraged by the tariff message today of the tariff bill in the House that he hopes now for action on currency reform at the present session of Congress.

The President studied a preliminary draft of a currency bill prepared for him by Representative Glass, chairman of the Banking and Currency Committee, and told his callers that the interval between now and July 1 he expected to confer with members of currency authorities as to the best currency legislation.

The President realizes that everything depends on passage of the tariff bill in the Senate. He is confident that if that is disposed of before the hot weather sets in, action on the currency bill might be possible at that time, provided that Democratic Senators can come to an agreement on the measure.

Several influential Democrats in the Senate, however, including members of the Banking and Currency Committee, are opposed to any action at the present session and propose extensive hearings.

FEAR GOVERNMENT RAILROADS.

WASHINGTON, May 8.—Opposition to government railroads in Alaska was expressed today before the Senate Territories Committee by W. L. Dickinson, manager for the Guggenheims and other English capitalists, in favor of an existing route from Cordova to the interior. He declared that the companies in which his principals were interested would build a railroad and rail route to Fairbanks, Alaska, if 1. A government line be built to send them into bankruptcy. On cross-examination, Mr. Dickinson declared he was not speaking for the attitudes by the fact that the Guggenheims were partners with the Standard Oil Morgan syndicate in the Alaska Railroad.

...sociation for next July was indorsed by the adoption of a resolution introduced by Assemblyman Kuck of Los Angeles. The resolution in part reads:

"Whereas, the transcontinental race is being arranged on a magnificent scale and will be in the nature of a path-finding tour for the proposed ocean-to-ocean highway, and

"Whereas, California is vitally interested in such a highway, which will open up a new avenue to the State's wonderful resources, therefore, be it

"Resolved, that the citizens of the State be and are hereby requested to extend warm welcome and hospitality to the members of the tour and to furnish them with all information and guidance necessary to make their way enjoyable."

WANT TO CENSOR FILM.

Senate Passes Bill for Commission to Pass on Moving Pictures and Incidentally Taxing Them.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SACRAMENTO, May 8.—A State moving picture censor commission with power to pass upon all motion pictures exhibited in California, is provided for in a bill by Senator Scrobridge which passed the upper house today by a vote of 24 to 2. The negative votes were cast by Senators Gerdes and Regan of San Francisco.

By the terms of the act, the Governor is required to appoint a commission composed of three members who shall draw a salary of $2400 each per year, and who shall inspect and stamp every film shown in the State. It provides for levying a tax of one-tenth of one cent per linear foot on each original film, and one-twentieth of a cent per foot on duplicates. The sum of $5000 is appropriated with which to establish the commission.

Innovation.

WOMAN SENATOR VISITS GOTHAM.

CHIVALRY SURVIVES SUFFRAGE, SHE TELLS KNICKERBOCKERS.

Mrs. Helen Ring Robinson Astonishes New Yorkers With Her Experiences as a Colorado Lawmaker and Incidentally Studies Civics and Housekeeping Problems.

BY MARGARET W. DE PEYSTER.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

NEW YORK BUREAU OF THE TIMES, May 8.—[Special Dispatch.] Senator Robinson of Colorado is in town today. Senators, either United States, or State, are not rare birds in New York, but Senator Robinson is different. She has the distinction of being the only woman Senator in the United States, or that ever has been. Senator Helen Ring Robinson, she has won the distinction of being "mother" of Colorado's recently-enacted law providing a minimum wage for women. She has come to New York to see what it feels to sit with an upper circle of law-makers, her appearance among whom shattered a time-honored immunity.

For 105 days during the session of the general Assembly just adjourned, Senator Robinson sat at her post in the Colorado Senate chamber, guiding with her quiet influence, certain measures close to the heart of a woman and fighting with determination attempts at the enactment of vicious legislation.

Primarily, Mrs. Robinson has come East at the invitation of settlement organizations in New York, Pennsylvania and New Jersey to recount her experiences as a law-maker, but incidentally, she will study civics, housekeeping and other problems affecting women and children, as they appear in the East.

One of the questions most frequently asked of women from equal suffrage States has to do with the influence which "votes for women" has had on the chivalry of men. Mrs. Robinson has a smiling answer for this.

"I sat for 105 days with thirty-five men," says she, "and I can say that I have never been more courteously treated in a drawing-room. There was never at any time any outward expression of antagonism, although I had to admit to myself at the outset, that my appearance there in the Senate was shattering a traditional immunity."

The most coveted position in the gift of the Senate was bestowed upon Mrs. Robinson on the night of her early morning, when the legislature adjourned. She was elected chairman of the only held-over committee of that body. This committee has State, penal, educational and philanthropic institutions in the State in its care and reports to the next assembly.

WILSON TACKLES CURRENCY.

Leaders Preliminary Draft of Bill, but Its Fate Depends on Senate Action on Tariff.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, May 8.—President Wilson was so encouraged by the progress today of the tariff bill in the House that he hopes now for a final action on currency reform at the present session of Congress.

The President studied a preliminary draft of a currency bill brought down by Representative Glass, chairman of the Banking and Currency committee, and told his callers that the interval between now and June 1 was expected to confer with as many currency authorities as possible. The President realizes that reform depends on progress of the tariff bill in the Senate. He thinks that if that is disposed of before the hot weather sets in, action on a currency bill might be possible in July, provided that Democratic leaders can come to an agreement on a measure. Several influential Democrats in the Senate, however, including some members of the Banking and Currency Committee, are opposed to any action at the present session, and prefer extensive hearings.

NEAR GOVERNMENT ROAD.

WASHINGTON, May 8.—Opposition to government aid for Alaskan roads was expressed today by the Senate Territories Committee, but Dickinson, manager for Clara Kimball Young, declared that the other English debenture holders in existing route from Fairbanks to the interior. He declared that companies in which his principals were interested would open a railroad route to Fairbanks on a government line, he said, and turn them into bankruptcy. Under cross-examination, Mr. Dickinson said he was not prepared to say that he was not promoted by the Guggenheims, by the fact that Clarence Cook, partners with the Guggenheims in an syndicate in the Copper River road.

Hot-Blooded.

KUKLUX KLAN IN MILITANCY.

Only Unmarried Women Allowed as Members.

Vice Home Secretary of Reign of Terror.

Fugitives Say War Has Only Just Started.

BY PAUL LAMBETH.

[Special Cable sent by Federal (Wireless) Line to the Times.]

LONDON, May 8.—[Special Dispatch.] Home Secretary Reginald McKenna has received an anonymous letter signed "T. H. B." notifying the government that the militant "reign of terror" has just begun. The letter reads:

"To speak of the damage done by militant women who have banded themselves into a mighty army to wage forever from this land the disgrace of a 'one sex' governing class. We are tyrants, for the war has just begun. We may have to startle the world by events which will have no precedents in a political contest, but the duty and honor is ours. We are not dismayed and our hands shall not falter.—T. H. B."

"T. H. B." it was explained today by Archibald Bodkin at the hearing of the conspiracy cases in Bow-street police court, constitutes a sort of Ku Klux Klan of the Katipunan branch of the militants. Only the young, unmarried women whose blood is hot for the most desperate sort of work can enter the organization. The chief inspector of Scotland Yard, however, succeeded in getting a young woman operative into the goat.

TO TELL RITUAL.

She will probably testify and tell in open court all of the order and the secret ritual of the grand superior council which is now in the present procedure.

The public is worked up to a high pitch of excitement by the flood of revelations and avalanche of atrocities. The Asquith ministry would be entirely overwhelmed were it not for the fact that the Tory opposition is split hopelessly over national disputes. Both Asquith and Churchill are urging the passage of such measures of reprisal but the militant sympathizers in the Cabinet are unwilling even now to proceed to extremes.

The two worst hated men in Parliament from the militant point of view are John Redmond and Joseph Devlin. The latter, who is particularly well known to Americans through his numerous visits to the United States, is believed to have been chiefly responsible for the adverse vote on the Dickinson bill. Devlin, the "Irish Young Pretender" as he has been called, is a strong opponent of votes for women and is not supported by most of the women's associations.

PLOT IS SUSPECTED.

The precautions being taken to protect the royal family are believed to point to the discovery of a most serious plot. In what that plot consists is at present an impenetrable mystery. Inside of the palace, the home office and Scotland Yard can any information be secured. A high official to whom I applied for some particulars of what is usually as communicative as his office allows, besought me to drop the matter over with the mere comment that the "lives and persons of the royal family are well guarded and there is no danger of anything occurring to give loyal British subjects alarm."

Even this very guarded statement is significant, when it is remembered how Asquith and the party leaders ever refuse to keep the name of the sovereign out of politics."

MRS. FLORA DOES A FAINT.

Mrs. Drummond, London Suffragette, Collapses From Hunger When Placed on Trial.

[By Cable and by Federal (Wireless) Line to the Times.]

LONDON, May 8.—[Special Dispatch.] Mrs. Flora Drumond collapsed in a dead faint when, with her companions, she was placed on trial at Bow-street today, charged with conspiracy in consequence of which the case was once more adjourned. Mrs. Drummond became so ill as the result of the hunger strike, that she had to be removed to a bed. None of the women had eaten since they were committed to Holloway Jail. They were released on $5000 bail each. Mrs. Pankhurst, the Richmond chemist, was committed to jail without bail. Mrs. Drummond collapsed in the prisoners' dock and was carried out unconscious by police physicians. Many of the other suffragette prisoners, including Annie Kenney and Mrs. Kerr showed the most weakness.

RULING AGAINST WOMEN.

Attendants of Embassies Obliged to Visit and Vouch Personally for Ladies Presented to Court.

[By Cable and by Federal (Wireless) Line to the Times.]

LONDON, May 8.—[Special Dispatch.] The precautions to guard the public life against the attacks of militant women has extended even to the King himself. Word has come to the authorities that attempts will be made to subject him to some personal violence. When the embassies and legations send women at court, the secretaries of the Ambassadors were ordered to meet each one at the entrance and vouch for her personally before she could be admitted. Furthermore each of these officials was made personally responsible for the conduct of the entire ceremony. A large number of detectives from Scotland Yard are on guard in the palaces where the King and Queen, and extraordinary precautions have been taken to protect all royal palaces and palace.

ON THE WAY TO CALIFORNIA.

Secretary of Federal Bureau of Mines Will Investigate Effect of Copper Fumes on Vegetation.

[BY FEDERAL WIRE TO THE TIMES.]

WASHINGTON BUREAU OF THE TIMES, May 8.—[Exclusive Dispatch.] Dr. J. A. Holmes, director of the Bureau of Mines, left here today on a western trip, which will take him to California. Holmes will visit Kennett and Redding in Shasta county to investigate destruction of vegetation by copper mines in that section. He will inspect the mines near San Francisco, and the smelting stations.

Mitchel Accepts.

(Continued from First Page.)

the administration's favorite. He would get at least the moral and even probably the material support of President Wilson and his friends.

None of the big chiefs and sachems of Tammany were consulted by the President, as he himself explained and they are worried.

WHAT IT ALL MEANS.

The nomination of Mitchel is only the first of a series of smashing blows at Charles Murphy's leadership of Tammany Hall and of the Democratic party in the Empire State, according to information in administration circles. Moreover prediction is freely made that the Mitchel appointment means a reorganization of Tammany and the driving of Murphy into political retirement, some say before the Mayoralty contest next fall.

Mitchel as collector will be a most powerful political figure. He will have much important patronage at his disposal.

President Wilson will have other important appointments to make in New York—surveyor, naval officer, shipping commissioner and like places, which count for much among the politicians and these, it is said, will not go to friends of Murphy.

MISSPELLS NAME OF HIS CHOICE.

[BY A. P. DAY WIRE TO THE TIMES.]

WASHINGTON, May 8.—Varying reports as to who originally proposed John Purroy Mitchel to be collector of the port of New York brought from the White House today a statement that President Wilson himself had requested Mr. Mitchel to take the office. It became known that Senator O'Gorman and Secretary McAdoo both concurred in the selection after Mr. Wilson had suggested Mr. Mitchel. The White House statement was as follows:

"Mr. John Purroy Mitchel has accepted appointment as Collector of Customs at New York at the President's request. At no time has Mr. Mitchel been a candidate for the office. He feels himself to be under obligations to conclude certain important matters now before the committee and of the board of estimates and apportionment of the city of New York, of which he is chairman, notably the organization of terminal facilities on the west side of Manhattan Island and the organization of railroad and marine terminal facilities in South Brooklyn, and he is reluctant to surrender his present office while these remain unfinished. The President, recognizing the importance of these public matters, is willing that Mr. Mitchel's assumption of the office of collector, if confirmed, shall be postponed until June 1, to permit him to complete his part in these matters."

When President Wilson sent the name of Mr. Mitchel to the Senate yesterday the name was spelled by mistake "Mitchell" and this will necessitate the sending of the nomination a second time.

SCHNEIDER IS AMONG THEM.

Nine Californians, Including an Angeleno, and a San Diegan, Pass Annapolis Examination.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON BUREAU OF THE TIMES, May 8.—[Exclusive Dispatch.] Among 180 candidates who recently passed examinations for admission as midshipmen to the United States Naval Academy, announced today at the Navy Department, were the following Californians:

John S. Crenan, L. W. Goeffert, J. F. Werthheimer, George M. McIver of San Francisco, L. M. Mathews, Oakland; J. M. Haines, Berkeley; C. T. Hants, Palo Alto; C. N. Perkins, San Diego, and William Schneider, Los Angeles.

ENTERED BY PRIVATE GATE.

Until Uncle Sam Discovered It, Undesirable Aliens Slipped Through It From Canada.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SEATTLE (Wash.) May 8.—A private gate through the Canadian boundary, which has been admitting ineligible aliens by wholesale, has been discovered and the gate-keeper and twenty-one of his immigrants arrested. Nine Russians were taken into custody at Custer, Wash., yesterday, charged with being unlawfully in the country. The day before twelve Russians had been arrested.

The immigrants were ticketed from Russia to Vancouver and thus were able to land at New York and make a continuous journey in the United States to a point on the Canadian boundary nearest their destination. The heavy stream pouring into Vancouver, B. C., led to inquiry and it was found that the immigrants were reappearing south of the border. The arrested guide refused to give his name.

BREWER ASKS SON TO ABSTAIN.

Wills Boy Five Thousand Dollars If He Will Stay on Water Wagon Three Years.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

NEW YORK BUREAU OF THE TIMES, May 8.—[Special Dispatch.] Matrimony and the water wagon are contingent on bequests of wills filed in the surrogate's office today. The will making matrimony contingent is that of Henry Pasinsky. It provides that his children, Rose, Dora, Esther Zeld, Harry and David, are each to receive $5000 at marriage, and if they do not wed, the estate, estimated at from $50,000 to $100,000, is to be held until the death of the widow and then divided equally.

Alfred Greason will receive $5000 outright by the will of his father, Samuel Greason, if he abstains from the use of intoxicants for three years. Otherwise the money is to be kept in trust. His father was cashier of the David Stevens Brewing Company.

REORGANIZATION IS DELAYED.

Republican Campaign to Fix up Fences Halted by Absence of a Quorum.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

WASHINGTON BUREAU OF THE TIMES, May 8.—[Special Dispatch.] The movement for the immediate reorganization of the Republican Congressional campaign was halted tonight when the House Republicans failed to obtain a quorum at a conference called to consider the advisability of launching the 1914 campaign.

More than fifty Republicans, tired out after the long tariff debate in the House, returned to the chamber tonight, but the discussion was purely informal and no action was taken. Mr. Mann suggested that the party should concern itself for the present with adjusting differences within the ranks of the reorganization or the committee might wait at least until members who are leaving for their homes return to Washington. The House will mark time for three weeks, awaiting the organization of the committees and many members will be out of the city.

We show the stomach little or no consideration until one day we find that it has gone on a strike. We sit back in despair. The stomach is rebellious to the degree in which we have abused it.

The symptoms seem to show that something is wrong with the stomach. The trouble in reality is in the blood which your careless habits have made impure. The proper treatment then is to build up and cleanse the blood. A thorough trial of Dr. Williams' Pink Pills will do this well. You can take them with every confidence that they will make your blood rich and pure.

Our new diet book will be sent on postal card request.

Dr. Williams' Pink Pills are sold by all druggists at 50 cents per box or six boxes for $2.50 or they will be sent, postpaid, by the

Dr. Williams Medicine Company, Schenectady, N. Y.

Significant.

FIRE FOLLOWS STRIKE'S WAKE.

Gas Plant at Chico Is Damaged by Flames.

Unionites Fail to Tie Up Public Utility Service.

Power Production is Normal at Most Points.

[BY DIRECT WIRE TO THE TIMES.]

CHICO, May 8.—[Exclusive Dispatch.] Fire of a mysterious origin broke out in the gas plant of the Pacific Gas and Electric Company this afternoon, while the operator, who until the strike was merely a helper in the plant, was outside the building. Coming a day after the declaration of the strike the blaze is a mystery. An effort to have the machinery repaired before the supply of gas here is exhausted is now being made.

Despite the fact that they were called upon to walk out, the operators at the De Sabla and Centerville hydro-electric plants refused to walk out and stayed with their jobs and will continue to do so.

In Chico, the striking employees are still peaceable and in order that there may be no opportunity for destruction of the company property they have placed watchmen about the plants, paying for this from their own pockets.

H. B. Heryford announced today that should the company plants be shut down that power for the company's entire system could be secured at a moment's notice from the Northern California Power Company and the Great Western Power Company, which have big power plants in this part of the State.

PLANTS CONTINUE SERVICE.

STRIKE FAILS THUS FAR.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SACRAMENTO, May 8.—Although the service of the Pacific Gas and Electric Company in Folsom, Newcastle and Deer Creek was reported suspended today, and more or less seriously crippled at other points, the local branch of the company has so far succeeded in supplying gas and electricity for light and power purposes, in spite of the fact that 100 electricians, gasworkers, machinists and firemen have walked out. The local officials are confident of being able to continue service, but the striking employees on the other hand, have reiterated their former declaration that it will only be a matter of a few hours until the street car system is tied up owing to a lack of experienced men to remedy power trouble. C. W. McKillip, local manager of the company, said: "We are getting along and have plenty of men to do the work." Pickets have been stationed by the strikers at the four local stations maintained by the company. That there is a possibility of the operation of trains over the lines of the Northern Electric as well as the local street car service, being seriously impaired, became apparent today, when it was announced that men had been sent to the generating plants at various points in the Sierras, to induce the employees at those places to walk out. The purpose is to cripple the supply of electricity.

PLANTS RUN NORMALLY.

ONLY FEW MEN OUT.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SAN FRANCISCO, May 8.—Figures given out today by the California Light and Power Council showed that fewer men had obeyed the strike order issued yesterday against the Pacific Gas and Electric Company, than appeared in the estimates of last night. With the striking workmen partially replaced in Oakland by office men, foremen and superintendents, as well as Stanford and University of California engineering students, the plants of the Pacific Gas and Electric Company are running normally.

Kettner Names Redlands End.

WASHINGTON BUREAU OF THE TIMES, May 8.—[Special Dispatch to The Times by Federal (Wireless) Line.] Congressman Kettner has announced, instead of the San Diego youth who declined the nomination, Richard Fletcher Parker of Redlands as his third alternate for Annapolis.

T. L. CHAPIN,
Notary Public in and for the County of Los Angeles, State of California.

L. B. Dennis, being duly sworn, deposes that he is and has been for twelve years Superintendent of Circulation of the Los Angeles Times; that the above detailed statement of circulation, for the month of March, 1913, is correct, and shows the circulation of The Times for each day of the month named.
L. B. DENNIS,
Superintendent of Circulation, The Times.

Subscribed and sworn to before me this 3rd day of April, 1913.
T. L. CHAPIN,
Notary Public in and for the County of Los Angeles, State of California.

The Times is the only newspaper in Los Angeles (1913) does not make a practice of distributing free copies of its issues. Neither does it subscribe, or permit its subscription to be solicited by premium or coupon methods. Its circulation is practically all paid for by cash subscribers and represents in fact or very close approximation the number of copies actually sold.

Advertisers desiring to specifically reach all of the purchasing and consuming power in Southern California should use The Times.

THE WEATHER.

OFFICIAL REPORT, U. S. WEATHER BUREAU, Los Angeles, May 8.—[Reported by Ford A. Carpenter, Local Forecaster.] At 5 o'clock p.m. the barometer registered 30.04 inches; 5 p.m., 30.05. Thermometer for the past 24 hours: 8 a.m., 62 deg.; noon, 68 deg.; 5 p.m., 68 deg.; maximum, 72 deg.; minimum, 52 deg. Relative humidity: 5 a.m., 86 per cent.; 5 p.m., 42 per cent. Precipitation, 5 p.m. to 5 p.m., none; total for season, 12.79 inches. Wind: 5 a.m., northwest, velocity 4 miles; 5 p.m., southwest, velocity 11 miles. Highest temperature, 69 deg.; lowest, 51 deg. Rainfall for season, 12.79 inches; last year to date, 20.04 inches; last year to this date, 8.60 inches.

GENERAL CONDITIONS.—The increase in barometric pressure over the Pacific States brought a return of cool weather with lower temperatures. The warm weather of the past few days over the Eastern States caused with the exception of the northwestern area of high pressure, which extended from the Lake region southward to eastward localities in the Ohio Valley, and a storm of considerable energy off the Atlantic coast, which moved rapidly northeastward from Hatteras to Nova Scotia, attended by heavy rains and high winds. Light showers fell at Roswell, N. M., and Amarillo, Tex., 1.06 inches is reported. The indications are that the warm weather will prevail over the western coast without change for the next 24 hours. Light showers fell at Roswell, N. M., and Amarillo, Tex., 1.06 inches is reported. The indications are that the warm weather will prevail over the western coast without change for the next 24 hours. Light showers will give overcast skies Friday in Los Angeles and vicinity.

LOCAL FORECAST.

For Los Angeles and vicinity: Cloudy Friday; westerly winds.

For points south of the Tehachapi: Probably showers.

STATE FORECAST.

SAN FRANCISCO, May 8.—Forecast: For San Francisco and vicinity: Light showers Friday; fresh southwest winds.

For Sacramento valley: Showers Friday; cooler Friday or Saturday; moderate south winds.

For San Joaquin valley: Cloudy Friday; probably light rain in the morning; light south winds.

For points in California: Cloudy Friday; moderate temperature; moderate northwest wind, changing to southerly.

EL PASO, May 8.—[Exclusive Dispatch from the Times Information Bureau.] Gauge height, Colorado river, 2.9 feet.

SHIPPING.

ARRIVED AT SAN PEDRO, LOS ANGELES.

ARRIVED—THURSDAY, MAY 8.

Steamer Bonita, Cut. Harvey, from San Francisco.
Steamer Hueneme, Cut. Nelson, from San Francisco.
Steamer Coos Bay, Cut. Cousins, from San Diego.
Steamer Centralia, Cut. Knudsen, from Gray's Harbor.

SAILED—THURSDAY, MAY 8.

Steamer Bonita, Cut. Harvey, for San Diego.
Steamer Hueneme, Cut. Nelson, for San Francisco.
Steamer Centralia, Cut. Knudsen, for Seattle.
Steamer Coos Bay, Cut. Mason, for Portland, via San Diego.
Steamer Bodena, for Portland, in ballast.
Steamer Santa Cruz, Cut. Carey, for Eureka.
Steamer F. S. Elmore, Cut. Jacobsen, for San Francisco.
Steamer Point Arena, Cut. Johnson, for Portland.
Steamer Rainier, for Portland, for Willapa Harbor, Gray's Harbor.

IN PORT.

Steamer Hanalei, for Nor. whaf.
Steamer Bonita, for Eureka, Kennett wharf.
Steamer Centralia, for Coos Bay, Cut. wharf.
Steamer Hueneme, for Eureka, Cut. wharf.
Steamer Point Arena, for Eureka, Kennett wharf.
Steamer Centralia, for Gray's Harbor, Cut. wharf.
Steamer Coos Bay, for Coos Bay, Cut. wharf.
Steamer Rainier, for Willapa Harbor, Globe Milling Co. wharf.

The steamer Coos River discharged 500,000 feet of lumber for the Redondo Lumber Company at Redondo yesterday, consigned to Southern California Lumber Company.

The steamer Coahuma

Classified Liners.

Rates Classified Rates: The rate for inserting Want Ads in the Daily Times is 1c per word for each insertion, for one week, 20c; 1 month, under following classifications: Help Wanted, Situations Wanted, Rooms, Boarding, Rooms and Board, Houses, Flats, Furnished Rooms, Rooms for Housekeeping, Miscellaneous, Business Opportunities, Lots, Money to Loan, Money Wanted, Automobiles, Automobiles for Exchange, Poultry and Pets, Miscellaneous.

Which paper is best for classified advertisements ordered in? Why, the Daily Times, of course.

Books and catalogs advertised, to be classified properly, must be in The Times office before 8 o'clock. Telephone your copies to Main 8200, Home 10084, or, better yet, your counter or by telephone until 11 a.m. Monday. Ads received after Monday morning for publication in the Sunday issue will be classified under the head of the week following.

Telephone your want advertisements. Bring or "Phone" them right down, Main 8200, any time of day or night, and secure prompt and careful attention.

The Times cannot be responsible for more than one incorrect insertion of any advertisement ordered for more than one time.

Advertisers should retain receipts given by The Times to identify for "Boxes," as no mistake can be rectified without them.

The Times will not accept phone or verbal orders to discontinue or change "till forbid" advertisements.

MEN WHO KNOW

Have predicted that the new town of

OWENSMOUTH

has a wonderful future. They base their predictions on the fact that Owensmouth was started right, that its location is particularly favored by climate, that it is already a great shipping point, that it is a commercial center, that it is growing rapidly, and that it is in the center of Southern California's prettiest and most productive district.

It was planned by men WHO KNOW HOW.

Its restrictions insure the right class of people, while its prices and liberal terms admit of purchase by one of moderate means.

Large residential lots, $300 up.
Fine building sites, $600 up.
On easy terms.

Come with us and see this wonderful city in its making. Free auto trips daily.

PACIFIC HOME BUILDERS,
333-335-337 S. Hill st.
Main 4107. 60556.

FOR SALE—
ONE LEFT—WILL YOU BUY?

We have one high lot in Boulevard Heights that is much underpriced, only a block from Wilshire and close to car line; shrewd buyers are picking these lots up fast—good for a home or investment. Big profit already made on this lot, and further big advance when sewer in; car line construction starts soon, terms already ratined and paid. If you buy you won't be sorry, the profit is sure and it grows while you sleep and without working for it. No information given over phone and help you buy it.

J. J. TURNER & SONS,
702 Story Bldg., 6th and Broadway.
Main 3081; F4043.

FOR SALE—
SIERRA PARK SNAPS.

There are still a few excellent buys at Sierra Park. This tract lies just this side of Onecota Park and South Pasadena and is among the hills, being 650 feet above sea level. Many fine homes already have been built and many more are under construction, but they are being built by the owners and not by a building company. Here are two of the best buys in the tract. Both bargains. It's the best place in Los Angeles to locate 20 minutes from First and Main sts. Restrictions, $5 down and $5 per week before you buy.
50x150 for $600 to $650, $25 or more cash, $10 per month. We will gladly show you the property. Agent on tract, or go, take Ei Molino car on Main st. to Sierra Park Station.

BRALY-JANSS CO.,
220 Pacific Electric Bldg., 6th and Main sts.
Home 10029. Main 1371.

FOR SALE—

JUST OFF HOLLYWOOD BOULEVARD.

$2000.

VALUABLE PAPER WOODS.

California Species Make Good Pulp for Manufacture of Commercial Commodities.

The Forest Service has been carrying on experiments to determine the value of California woods for the manufacture of pulp and paper. The woods used have in nearly all cases been those which are of inferior quality for lumber. The notable exception is redwood. With this species the experiments have been conducted with a view to finding use for the immense quantity of mill waste in the form of slabs and odds and ends.

Redwood fibers are much longer than those of the standard pulpwood, spruce, and their great strength is an important factor. The results indicate that the commercial possibilities for redwood mill waste in the form of tough, strong paper are very great and it is more than likely that the exploitation of this material will become a reality in the near future.

Other woods tested are white and red fir and lodge-pole pine. The wood of the fir is light in color and comparatively free from materials which are not readily reduced in the chemical processes which have been developed to the highest standards of efficiency. The fibers are long and strong and the pulp is easily bleached for commercial use. The paper produced is in every way equal to that of the spruce which is used so largely in the manufacture of pulp in this country. A very good grade of mechanical pulp is made from lodge-pole pine. All of these species grow in quantities sufficient for the establishment of large plants whose operations will cover long periods.

An attractive feature to be considered in connection with pulp and paper operations on the Coast is the large amount of water power available.

The District Forester in San Francisco has received several applications for the sale of pulpwood. Some good chances have already been worked up and others will be investigated thoroughly during the coming summer.

MEDICAL COLLEGE GRADUATES.

The Pacific Medical College and Post-Graduate School last night awarded diplomas to the class of 1913 at the Sierra Madre Club, as follows: Elizabeth Brewster, S. O. Coolidge, M. Louise Davis, J. Orlin Glenn, L. D. Glass, Parker H. Goodwin, Mac R. Jason, Clifford S. Klein, Alfred W. Lumm, W. E. Lyons, Amy L. Lyons, John T. Rees, Claude D. Rust, Thomas S. Roach, William H. Thomas, Lela Mae Thomas, John C. Taylor, and Claude West.

A beautiful, granite marble and bronze structure, built like the Pyramids, to last forever. Clean, dry, sanitary, humane. Can never be removed. Will be endowed to perpetuate it. Information as to prices, location, etc., cheerfully furnished. Address CALIFORNIA MAUSOLEUM CO., 720-21 LOS ANGELES INVESTMENT CO. BUILDING.

CITY NEWS IN BRIEF.

Another State to Organize.

All Connecticut folks are asked to attend a meeting at the Federation headquarters on West Seventh street, Monday evening, to organize a State society.

Officers Ordered Out.

Capt. Reuben Ford and First Lieutenant Samuel C. Haver, Jr., of Battery A, Field Artillery, here, have been ordered by Adjt.-Gen. Forbes to attend the school of fire at Ft. Sill, Okla., beginning the 18th inst.

Education Board Accepts.

When the Board of Education adjourned yesterday it was until 8 o'clock Monday evening, in order that the members might be at liberty to accept the invitation to dine with the Evening City Club. The regular hour of meeting is 7:30.

Angeleno Special.

Thirty Angelenos have engaged a special car to leave here tomorrow over the Santa Fe for Victorville, where the Mohave Valley Central Improvement Association, composed of all the improvement and commercial organizations of the valley, is to have a convention.

Farewell to Peace Delegate.

The Woman's Republic of Los Angeles will meet on Saturday evening in room 519 Grosse building, the last meeting prior to the departure of Mrs. M. E. Jenkins, president, to attend the World's Peace Convention at Budapest, as delegate from the organization.

Free Entertainment.

A joint open-meeting of Stanton Post, G.A.R., and Women's Relief Corps will be held in Mammoth Hall this evening, to which all of their friends are invited. There will be recitations and songs by Lee Archer Myers and James A. Myers and violin solos by Miss Norma Dennison.

Crossing at Merced Avenue.

The Supervisors will ask the State Railroad Commission for permission to install a grade crossing over the tracks of the Southern Pacific Company on Merced avenue. There is no objection by the railroad company, it is said, and permission is merely a technical requirement.

Turkish Ex-Soldier to Speak.

The speaker before the City Club at its noon luncheon in the Angelus Hotel on Saturday will be Maj. Comnemus-Palaeologus, late of the Turkish army and a member of the household of the deposed sultan, Abdul Hamid. His subject will be "Modern Turkey; its Administration and Resources; the Revolution."

Injuries Fatal to Boys.

Robert Cota, aged 15 years, No. 3651 Trinity street, died at the Receiving Hospital early yesterday morning as the result of injuries sustained when he fell from a roof Wednesday. Guido Taramo, aged 4 years, No. 429 Carolina street, succumbed yesterday at the Receiving Hospital to injuries caused night before last when he was struck by a freight car.

Auto Lured Away.

Deputy District Attorney Richardson issued a complaint yesterday against C. H. Harvey, charging him with stealing an automobile belonging to C. J. Berry, brother of Hen Berry, the baseball magnate. Richardson said that Berry went on a European trip, leaving his ranch near Venice in charge of Harvey. About April 5 the man disappeared, taking the valuable car with him, it is alleged.

Mission Play to Close.

The Mission Play at San Gabriel will close its present season June 1. This date was fixed at a meeting of the board of directors of the Mission Play Association yesterday afternoon. The play is now in its thirtieth week and has a record of 360 performances in its theater, the Mission Playhouse in San Gabriel. On the night of May 31, it will celebrate its 400th presentation, and the following day will close its second season.

Temple B'nai B'rith.

"Minimum Wages and Woman's Immorality" is the subject which Dr. Hecht has chosen for a brief discussion at the Sabbath service at the temple, beginning at 8 o'clock this evening. Tomorrow morning services will be held at 10:30 o'clock, with the children's service preceding, at 9:45. Tonight Edwin House will sing E. Bailey's beautiful solo for baritone, "Alone With Thee." Albert A. Eisenberg, a visiting cantor, will chant the service this evening.

George D. Bunch Dead.

Friends in this city were notified yesterday of the sudden death at Mayer, Ariz., a few days since, of George D. Bunch, owner of considerable realty in Los Angeles and Southern California and one of the well-known mining men of the Southwest. He was stricken by heart failure in a cabin near the workings of the Lion Copper Company, of which he was manager, and was not found until two days later. He leaves two sons, Joe L., of Winchester, Ill., and Harvey, of Greenfield, Cal.

Shriners Off for Dallas.

Another Pullman was yesterday added to the Shriners' train as a result of the insistent demand for reservations. This will make twelve cars in the pilgrimage train which will leave here at 9:30 p.m. today for Dallas, where the thirty-ninth annual Imperial Council meeting of the Ancient Arabic Order of the Nobles of the Mystic Shrine will be held. Up to last night 160 persons, nearly all members of Al Malaikah Temple or wives of members, had enrolled for the trip. This is ten more than had been expected to make the trip.

Ask Track Privileges.

Preparatory to beginning the double-tracking of its Annandale line from Avenue Sixty-four to the city limits, the Pacific Electric has applied to the State Railroad Commission for permission to construct an additional track at grade over the line of the Salt Lake Railroad and across certain streets in the northeast part of the city. The Southern Pacific has also applied to the commission for permission to construct an additional industrial spur track at grade across Alameda street in Vernon, while the Santa Fe has applied for like permission to lay an industrial track across Fifteenth street.

Puts Charge Out of Court.

James O. Hawley, a local notary public, yesterday filed at the Federal building an account of his share in the matter which the Magon anarchists cite as a reason for filing charges against Assistant United States District Attorney Robinson. It is to the effect that he was hired by two Mexicans to go to the County Jail and take an affidavit from Pete Martin, a witness against the Magons, setting out that his testimony was false. He further states that Martin refused to sign the affidavit, although offered assistance in his defense on another charge. Hawley's statement will be sent to Washington.

Hurrah!—Banzai!

JAPANESE HERE ON ALIEN LAW.

Submit Issues to Universities of the World.

Resolution Decries the Small Vision of Legislature.

Eight Organizations Included In Representation.

One hundred and fifty Japanese of Los Angeles, representing the Japanese-American Fraternity, through David Starr Jordan, one of the foremost international peace advocates in the world, have requested the universities of America to take up the anti-alien law issues.

"Knowing your high purpose," reads a resolution to the president of Stanford University, "we ask you to submit our case to the universities of America, feeling sure that they will grant unto us that justice which men of smaller vision and lesser discrimination fail to perceive, and in that oneness of purpose for a continuation of friendship and devotion to service for the benefit of all humanity, we in return ask for the privilege to work for the good of all men in peace and possession. To this end we have fully subscribed our names and with the highest salutation of peace and friendship."

The resolution is signed by the Japanese Farmers' Association of Southern California, California Japanese Farmers' Association, Southern California Flower Market, Japanese Business Men's Association of Los Angeles, Japanese Industrial Association of Southern California, Los Angeles Berry Growers' Co-operative Association, Nipponese Federation of Churches and Newspapers.

Officers of the Japanese-American Fraternity are F. D. D. Moote, president; Katsutaro Tanigoshi, first vice-president; Mrs. W. C. Stryker, second vice-president; George Dano Kiyowara, treasurer-secretary; Miss Minnie Townsend, secretary.

"Mutual friendship and mutual harmony," is the slogan.

The insignia is the spread eagle, rampant on the Stars and Stripes, and the Sun flag, crossed over the holly wreath.

The resolution sent to Dr. Jordan as the result of a meeting held yesterday afternoon at 1 o'clock in Blanchard Hall, declares:

In our eyes no nation can have the right to order another race of people to deface themselves by declaring them to be of inferior manhood. Nippon, at the call of civilization half a century ago, sprang forth from the darkness of isolation into the full sunlight of progress and brotherhood with the entire world. In view of these facts is it just to be declared inferior when we have accomplished such strides in civilization?

Many Californians offered to sell us their unimproved or non-profitable lands and we bought those lands at their own price with money earned honestly by the sweat of our brows, and have brought such lands to a perfect state of production. Now, in the name of justice and righteousness, are we to be deprived of the works of our labor and enterprise? Never has a civilized nation made such a demand in the history of the world, and we believe that the true unselfish heart of the American people will never permit such a sacrilege to be consummated if they know the truth of this matter.

The claim made by the exclusionists, that the Japanese are sending back to their old homes large sums of money from America each year, has been grossly overstated. The fact is the greater part of the money earned by the Japanese in America is either spent here or invested in further development of the business, commerce and natural resources of this country.

Nippon stands first for honor, for life without honor from the Nippon viewpoint is impossible to live; second, Nippon believes in peace, which hurts none, and, third, in friendship, which is the highest trust in man, asking naught that she is unwilling to give unto another.

We have embraced in great numbers the principles of Christianity and shall we now be refused admittance to the floor of the family of nations? The gentle teacher of Nazareth made no distinctions between men and shall any of this day seek to deny his teaching of worldwide brotherhood?

CARING FOR CHILDREN.

Humane Society Hears Reports of Officers and Selects Board of Directors for Ensuing Year.

The annual meeting of the Los Angeles Humane Society for Children was held Wednesday evening at the Hotel Alexandria, and reports for the year were made which showed a substantial gain in the amount of work done among the city's children. Judge Wilbur of the Juvenile Court addressed the meeting, speaking in highest terms of the efficiency and value of the work performed by the society. Bishop Conaty declared that Los Angeles is to be congratulated on possessing a society so efficiently organized and well-equipped to take care of cases of neglect and cruelty, such as continually come up in every large city.

The report of the secretary-manager showed over 5000 calls made during the year, 3600 of them being new cases, and 1700 in reference to former cases, involving altogether 2000 children. In 355 cases prosecution was deemed necessary, and in 334 of these conviction was secured.

A board was elected consisting of Elmer R. McDowell, M. C. Adler, Howard L. Rivers, E. J. Lickley, P. J. McGarry, John C. Austin, Mrs. H. R. Boynton, Mrs. Marion Welsh, Mrs. Fred H. Jones, Mrs. F. E. Fay, which board will govern the affairs of the society during the coming year.

SEATTLE ALASKA TOUR.

The Seattle Chamber of Commerce has arranged an Alaska trip on which the officers in charge will have as special guests ten eastern newspaper men and the entire party will consist of 120. They will leave Seattle, June 21, and return about July 23, visiting the mining camps at Dawson, Fairbanks, Seward and the Copper River region, as well as many other of the most interesting points in the great northland.

BIBLE INSTITUTE LECTURES.

This evening at 7 o'clock Rev. Jesse P. McKnight of Pasadena will deliver an illustrated lecture on the Holy Land at the Bible Institute, Choral Hall, Auditorium building. At 8 o'clock Dr. R. A. Torrey will lecture on the Sunday-school lesson, the topic being "Joseph Made Ruler of Egypt." Preceding both of these lectures Rev. T. C. Horton will conduct the regular devotional Bible study at 5 o'clock, followed by a supper at 6 o'clock.

PERSONALS.

John S. Bates of Tucson is registered at the Alexandria. He is in Los Angeles buying a few good chickens, and yesterday he paid $150 for Red Prince, Jr., a bird that belongs to J. C. Pike and a ribbon of Rhode Island red variety. He originally came West for his health, going finally to Arizona from St. Louis home, and took up the raising of fancy chickens as merely an investment, which since has developed into a very large industry.

John de Sallmard is passing a few days in the city. He arrived from Hayward, but was induced by friends to go to the California Club. De Sallmard is a mining engineer, as well as and has been looking after mining properties at Swansea, for a number of foreign investors.

Mr. and Mrs. John Lewis Childs are guests at the Van Nuys from New York. Childs is one of the world's seed growers in the country and has a very large flower farm at Floral Park, N. Y., which place was founded by him. He has been visiting the California seed farms.

Dr. and Mrs. J. A. Stothers are stopping at the Lankershim. They are on their way from San Diego to Victoria, Canada, where Dr. Stothers will practice. It is their intention to return in two years and possibly make their permanent home in Southern California.

W. H. Hellman is staying at the Hollenbeck. He is registered from Washington and is an official in the Department of Agriculture, forestry service. He is making some experiments in soil tests in the mountains of Southern California with the idea of propagating several trees not native here at the present time.

Mrs. Jeanne Frey is staying at the Angelus while in Los Angeles on a visit to friends and relatives. She is accompanied by her son, who came up from San Diego. He is the band built the Frey Hotel in that southern city, and has other real estate interests there.

J. M. Plummer of San Diego is a guest at the Westminster. He is the manager of the Whitney-Reed Company and is here looking after some real estate interests of that company.

Juan B. Uribe of Ensenada, Mexico, is staying at the Alexandria. He is here for an extended stay. He is one of the pioneers of the west coast and is an extensive land owner and mine operator. His story of conditions in that part of Mexico is of the usual kind, business at a standstill, fighting in the northwestern states and all down the line.

A party of visitors at the Lankershim is made up of Mr. and Mrs. L. Schwabacher and Mr. and Mrs. O. Maxwell. Mrs. Schwabacher has oil properties at Santa Maria and Maxwell is similarly interested in the Taft district.

Dr. and Mrs. G. V. Mussett are staying at the Westminster. Dr. Mussett is a physician and surgeon of South Bend, Ind., and come here to visit relatives.

C. D. Duncan, passenger traffic manager of the Pacific Coast Steamship Company, on one of his regular visits to Los Angeles, is stopping at the Alexandria, where he registered yesterday from San Francisco.

ADDRESS TO STUDENTS.

Rev. E. Guy Talbot, secretary of the Commission on Social Service, will deliver his lecture, "Your Wages; or, How the Other Half Lives," at Occidental College this morning at 11 o'clock. It has been with conditions in Los Angeles and the public is invited to occupy the gallery.

4 Great Pianos

Each the Leader in Its Class

Steinway
Kranich & Bach
Sohmer
Kurtzmann

We show complete assortments of Uprights, Grands and Players in these four great instruments—affording the prospective Piano Purchaser the widest possible selection in all these makes—each the leader in its respective class.

STEINWAY—The standard Piano of the world—the acknowledged BEST Piano. Steinway Uprights, $550 up; Steinway Grands, $800 up; the Steinway Player-Piano, $1000.

KRANICH & BACH—Distinguished for the beautiful harp-like ringing tone—a favorite with Pianists and Singers—in ideal home Piano. Uprights, $500 up; Grands, $750 up; Player-Pianos, $800 and $950.

SOHMER—The "artistic" Piano—a famous old make, with an exceedingly full, rich tone—always a favorite with professionals. Uprights, $505 up; Grands, $750 up; Sohmer Cecilian Players, $950 and $1000.

KURTZMANN—The Piano used in our Public Schools and in thousands of American homes—especially recommended for the student because its tone and musical quality "stand up" under hard usage. Uprights, $375 up; Grands, $750 up; Player-Pianos, $700 and $750.

Cecilian Player Pianos The Cecilians are most popular Players because they give the most satisfactory and very easy of operation. They are musically perfect Uprights, $700, $850 to $1000. Other reliable Players priced from $500 up.

Liberal Terms You can buy a good, reliable Piano from the Birkel Company on terms of $5, $7, $8, $10 and up per month. Bargains in excellent, slightly used Pianos and Players.

FREE RECITAL TODAY, 2:30 P. M.

Come and bring your friends. A fine programme has been arranged, including selections on the Welte-Mignon, the Estey Pipe Organ, the Sohmer-Cecilian Piano and the Victor-Victrola.

DOLLAR MARK'S HAMMERED OFF.

Tehachepi Route is Flayed Before Realty Board.

Gibbon Shows What Lies Back of Tejon Attacks.

Host of Reasons For Choice of the Ridge Road.

Speaking ably and at length in favor of a resolution to sustain the State Highway Commission in its choice of the Tejon route for the auto trunk line from Bakersfield to Los Angeles, T. E. Gibbon made clear to the members of the Los Angeles Realty Board yesterday that the attacks upon the Tejon route are inspired by property interests in the Antelope Valley rather than by valid objections to the ridge road itself.

These interests were represented at yesterday's discussion, which the board heard at its weekly luncheon at Brink's Cafe, by W. C. Petchner. Each side was allowed thirty minutes, when the motion to table was made by E. C. Sharar and favorably discussed by A. O. Martin. Both of the latter took the stand that the board would be going out of its way to take action on this subject and that the members lacked a sufficient personal knowledge of the two routes to express an intelligent choice. The motion was sustained by a vote of thirteen to eight.

Petchner spoke first, saying that the Tehachepi route would give service to the greatest territory and that it was especially fair to the Antelope Valley, which, he said, had 215,000 acres open to irrigation. Petchner also alleged that no adequate survey had ever been made of the Tehachepi route by the State Highway Commission and that such a line is now being run by the people of the Antelope Valley, who intend to submit this survey to the commission with a request for its consideration. The commission, he charged, only made the trip in an automobile and condemned it, while Gov. Johnson had made a similar trip and recommended it. He also asserted that the Tejon route has sometimes been blocked by snow for two months in the winter.

TEHACHEPI CONDEMNED.

Gibbon, in his clear statements and analysis, made short work of the Petchner allegations by reading a letter from N. D. Darlington, of the State Highway Commission, in which he related the care which the commission had taken in making its selection and the ample evidence concerning both routes which had inspired the commission's action. Gibbon explained that the commission has had the advantage of the advice of the most competent road builder and expert in America in the person of Engineer Fletcher, who made the finest roads in New England, and who gave San Diego 400 miles of remarkable roadway out of an expenditure of $1,500,000.

"This," said Gibbon, "is not a question of obliging one locality but of serving the 3,000,000 residents of California. Not more than one person in 500 residing in Los Angeles county is located in Antelope Valley. That section has been under development for more than twenty years, it has a population at this time of 1870 persons and yet the champions of the Tehachepi route have the temerity to compare it with the magical Imperial country.

"It would be manifestly unfair to work a hardship on 499 automobile owners in order to personally benefit the other one out of every 500. The Tehachepi route, according to the estimates of its own champions, is forty-three miles longer than the Ridge route and according to the State Highway Commission's figures it is sixty miles longer. If the Tehachepi route could be reduced to where it were only thirty miles long-

(Continued on Fifth Page.)

T. E. Gibbon,

Who made a powerful speech to the Realty Board yesterday in favor of indorsing the State Highway Commission in its choice of the Tejon route for the State highway.

CITY OF MADERA WINS.

United States Supreme Court Rules that It May Build Waterworks in Face of Private Competition.

The Supreme Court of the United States has affirmed the decision of Judge Wellborn, of the United States District Court, and that of the Circuit Court of Appeals, in an action brought by the Madera Water Works against the city of Madera, to enjoin the latter from the construction of a water plant in that city. In both of the lower courts the demurrer to the complaint was sustained and the bill dismissed.

Justice Holmes, who delivered the opinion of the Supreme Court, held that when the plaintiff built, the California Constitution authorized cities to build water works as well after works had been built by private persons as before and that the plaintiff took the risk of what might happen.

The court further holds that an appeal to the fourteenth amendment to the Constitution, that one cannot be deprived of his property without due process of law, is in this case invalid. Under this opinion, the construction of water works by cities, where such enterprises are now being operated by private individuals, cannot be prevented.

Inland City? Huh!

HEIRESS TO SAIL TO LOS ANGELES.

MRS. STOCKER WILL RETURN ALL THE WAY BY WATER.

But the Multimillionairess Will Not Say Whether It's Around the Horn or Around the World That She Will Steer Her Palatial Yacht, Now Waiting at New York.

Mrs. Anita Baldwin Stocker's new steam yacht, now lying at anchor in New York Harbor, is not to be long unused. Next Friday Mrs. Stocker and party will leave here for New York in the palatial private car California, to put the new vessel in commission for a cruise that will eventually land them in this harbor, but whether around the Horn or the world is not yet made known.

Mrs. Stocker yesterday made final arrangements for the trip. When the private car reaches New York it will go to the Pullman company for a thorough overhauling, and then be returned to the little switch at Arcadia to await the call of its mistress.

The party will return here via water, but Mrs. Stocker refuses to commit herself as to the route. By water may mean either a placid little cruise down the South American coast and home through the Straits of Magellan, or the circumnavigation of the world.

The yacht is going into commission, however, which is the main thing.

TAKES IN; TAKEN IN.

Kind-hearted Man, Impressed by Stranger's Hard-Luck Story, Dines Him and Is Robbed.

When G. W. Spain of Inglewood met a hungry stranger night before last and took him in he was himself taken in, according to his story to detectives yesterday. Spain was so impressed by the hard-luck story of his chance acquaintance that he invited him to dinner at a downtown cafe, and afterward strolled about town with him. On Los Angeles street, near Fourth, the stranger backed Spain into a dark alley and robbed him of $35.

W. A. Fraser of the United States Hotel reported to the police yesterday that he was robbed of $17 by three Mexicans Wednesday night. He says the men jumped on him from behind a tree.

FOR MUSCLE'S SAKE.

The Playground Commission has issued a general invitation to members of the police department to use the gymnasium, auditorium and bowling alleys at the recreation center, at Holly and St. John streets. Chief Sebastian says that the center offers excellent features for physical training and urges all the members of his department to take advantage of it.

Who Wouldn't?

WILL HE CUT SHORT LAST SINGLE SERMON?

THERE will be no empty seats in Belvedere Methodist Episcopal Church next Sunday evening. Rev. Clyde Sheldon Shepard is a bright pulpit light, and has scheduled a most unusual programme for that service and one that only a young preacher can carry out with credit to himself—he will take to himself a wife!

Smiling Miss Helen Elizabeth Tyler will be the bride, and that's where the story comes in.

Not so very long ago Shepard was a teacher of oratory and Miss Tyler was a pupil in the same school. Then, out where Miss Tyler's parents live—Mr. and Mrs. A. S. Tyler—in the Arlington Heights section, Shepard started a Methodist church. It may have been just a providential happening, and Miss Tyler became the organist—just by chance, of course; and, to use the language of the brilliant young preacher, "she was in fact a big part of the congregation." He was still teaching in the school of oratory, and she a pupil.

Will be wedded in front of his own pulpit.

Miss Helen Elizabeth Tyler and Rev. Clyde Sheldon Shepard, who will be united in marriage by Dr. F. M. Larkin, district superintendent of the Methodist church, following the young preacher's sermon in Belvedere Church on Sunday night.

Something more than a year ago Shepard took the examination in the Methodist Conference; is declared by one who knows to have passed with the best record of any student ever before the committee, was appointed to the Edendale charge, which he served for one year, and was recently transferred to Belvedere Heights, a wide field.

His sermons have attracted much attention. Next Sunday night he will preach on "Personal and Social Purity." At the close of the sermon, with the whole congregation for witnesses, the bride-to-be will present herself at the altar, Mr. Shepard will step to her side and Dr. F. M. Larkin, district superintendent, will perform the ceremony making them husband and wife.

Shepard is a graduate of the University of Missouri, from the department of law, and for one year he practiced his profession in that State. Determining to enter the holy calling, he came to Los Angeles and began teachin goratory to support himself and pursue his studies in that direction. When he gave up the Arlington Heights Methodist Church, which he had founded, he also gave up the school and went East and spent some time in studying the Men and Religion movement and then returned to take his examination.

Dr. Larkin seems quite proud of the young man and declares it as his opinion that he has a bright future before him if—well, if he is not overtaken by some of those things which have prevented other talented young man from reaching the high places. The man on the outlook declares that with such a wife as he has in prospect he'll never get out of balance.

This is Certainly Tough.

FOURTH-CLASS PIE GOES ON CIVIL SERVICE SHELF.

UNDER the executive order of President Wilson, all the present eighty-five fourth-class postmasters in Los Angeles county and the hungry and thirsty Democrats who desire the jobs will be compelled to take a civil service examination to determine their fitness for the position.

Under the Federal law fourth-class postoffices are those where the total remuneration does not exceed $1000 annually; the third-class where it is more than $1000 and less than $2000; second-class where it exceeds $2000 and is less than $3000; first-class $3000 and over. There is but one first-class office in Los Angeles county. It is presided over by W. H. Harrison, who receives $6000 a year.

The experience of the postal inspectors, who have had charge of selecting fourth-class postmasters and who make recommendations for appointments, has been that it is very difficult to get persons to serve. The pay is small, a heavy bond must be given, and except in places where someone has a store, the job is generally unattractive. For which reason it is not believed that there will be any great rush for the places.

The new order will presumably make it incumbent upon the postoffice inspectors to conduct the civil service examination, thus adding to and already multifarious duties charged to these officers. Postmaster Harrison thinks the new scheme a good one, as it will secure intelligent service for the Postoffice Department.

Fuller information as to when the examinations are to be held and the scope of the queries will be shortly forthcoming from Postmaster-General Burleson.

Vindication.

PATRICIDE FOR SAKE OF MOTHER SWIFTLY FREED.

A JURY in Judge Willis's court acquitted Martin Rickert, 14 years old, of a charge of killing his father yesterday afternoon. The boy broke down as the verdict was announced and threw himself into his mother's arms. Many of the jurymen were visibly affected.

In arguing the case Deputy District Attorney Keyes asked for a verdict of manslaughter, but the prosecutor did not speak with his usual eloquence. It is believed his sympathies were with the defendant.

H. J. Giesler made an effective speech for the boy. Several of the jurymen wept at the picture he painted of the slight, nervous lad trying to stay his father's brutal hand, and the mother sinking on the floor with blood streaming down her apron.

The evidence showed that Daniel Rickert was morose and quarrelsome; that he frequently beat his wife, to the agony of little Martin. On the day of the shooting, the testimony was that the husband and father came home in a particularly vicious mood. He struck Mrs. Rickert and caused her great pain. He then went out, going towards the barn. Young Martin dashed into his room, seized a 22-caliber rifle and, pointing it out of his bedroom window, fired. The tiny bullet happened to strike a vital part and the lad's father died in a few minutes.

The jury deliberated only a short time before returning to court with a verdict of "not guilty."

It is possible that the lad will be sent to some institution if his health does not improve. He is melancholy, nervous, and feeble for his age.

PATRIOTIC BANQUET.

Sons of the Revolution Meet at Dinner in Commemoration of the Society's Twentieth Anniversary.

The Society Sons of the Revolution gave a brilliantly appointed banquet in commemoration of the twentieth anniversary of the founding of the California branch, last evening at the Sierra Madre Club. About 150 guests, including men and women, attended.

Bradner W. Lee, president of the society, made the introductory address. O. E. Monnette was toastmaster. These were the toasts:

"A Patriotic Evolution," E. T. Harden; "A Tale of the Long Ago," H. T. Gordon; "A Son of the Revolution," L. P. Phillips; "Our Altar Fires," Ingle Carpenter; "Mollie Pitcher," R. M. Andrews, and "Just California," John S. McGroarty.

The Committee on Arrangements was composed of E. T. Harden, O. E. Monnette, C. S. Walton, F. G. Teed and C. C. Jones.

"Let not thy left hand know what thy right hand doeth." Matt. vi:3.

Part of the police department has been engaged for two days in searching diligently for Joseph Zillincar, Jr., 24 years old, reported by his father to have disappeared mysteriously,

Hunting for Joseph.

while the rest of the force were jailing and putting him through the mill at the University police court, where he received a sentence of 180 days on a charge of vagrancy.

The young man's father reported at Central Police Station Wednesday that his son left the office of the Los Angeles Wire Works, No. 120 East Seventh street, the day previous in company with a stranger and has not returned home. The father expressed the fear that the young man had been shanghaied and taken to sea. The usual record of the disappearance was made in the detective department, the case bulletined and officers got busy.

All the while the young man was locked in a cell at University Station. The "stranger" with whom he left his place of employment was none other than a police detective, as it later developed. Zillincar was tried in Justice Williams's court Wednesday morning and pleaded guilty to the technical charge of vagrancy and was sentenced. But still the search continued on the part of men working out of Central Station and all substations with the exception of University.

Where Joseph was.

Late yesterday afternoon Zillincar communicated with his father and told of his predicament. A few minutes before the father called Central Police Station over the telephone and had been assured that the search for the young man was progressing. Then the elder Zillincar communicated with headquarters and advised the detective department that his son had been found.

"Where is he?" the detective at the telephone inquired.

"You have him in jail," replied the father. "That is, the part of the police department that is not searching for him, is keeping him behind the bars."

CLARK MEMORIAL HOME.

The Young Women's Christian Association Announces Reception Days and Invites Public Inspection.

The board of managers of the Young Women's Christian Association announces that the Mary Andrews Clark Memorial Home will be thrown open to the public on Tuesday, May 13, and Tuesday, May 20, from 3 o'clock to 5 o'clock, in the afternoon and from 8 o'clock to 10 o'clock in the evening. All parts of the beautiful home are now in readiness for inspection and the public in general is invited to take advantage of the opportunity offered. The board of managers, the Clark Home Committee, the Entertainment and Hospitality committees and members of the Clark family will be there to welcome guests and show them over the building. The Reception Committee consists of the board of amanagers and the following Clark Home Committee: Mrs. W. J. Hole, president; Mrs. T. F. Miller, chairman; Mrs. George H. Wadleigh, Mrs. Z. D. Mathuss, Mrs. J. M. Newell, Dr. Rose T. Bullard, Mrs. Elizabeth Abascal, Miss Anna B. Clark, Mrs. D. K. Edwards, Mrs. Gail B. Johnson, Mrs. W. S. Young, Miss Amalia G. Johnson, Mrs. W. F. Callender.

CRITTENTON HOME FUND.

Mrs. Stoddard, president of the board of managers of the Florence Crittenton Rescue Home, No. 1433 Santee street, reported yesterday the receipt of $100 from Kenison & Root for the building fund of the proposed new home. The donations to the fund now total $325, and other subscriptions will be thankfully received.

REDS HUNTING FOR LOOPHOLE.

Eagerly Scan Ballots With Plans For Contest.

Conference Collects, Sinews For Election War.

Ten Thousand Registrations Included in Total.

The City Council spent a tiresome time yesterday drowsing under the monotonous droning of an official from the City Clerk's office as he waded through the returns from 200 of the 455 precincts in the city while representatives from Socialist headquarters carefully checked the Harriman vote, anticipating evidence upon which a contest might be based, but the result of the day's canvass is a loss of fifty-six votes for the red candidate and a loss of thirty-three votes for Shenk. Several minor changes were made in other counts, but nothing that affected the general result.

W. J. Bryant still leads Mrs. Mila T. Maynard (Socialist) by several hundred votes, which reduces the number of Labor Temple candidates on the Council ticket from eight to seven. Council will resume its count at 9:30 o'clock this morning and spend the day canvassing the returns from the Tuesday primary.

The Socialists expect to contest the vote for the head of the ticket and that cast for Mrs. Maynard on the ground that the election officers failed to observe the law in the manner in which they made the count. Instead of running each ballot through a check by two clerks it is alleged that in many precincts the ballots were divided into separate piles, each clerk handling the portion falling to his allotment.

This contest, if it is made, will be filed within a few days because the regular election is three weeks from next Tuesday and sample ballots must be mailed votars ten days before that time, and a recount, should it be ordered by the court, will require several days. No one but the Socialists are taking the claim of error very seriously or anticipating any change in the general result. At a meeting held last evening at Labor Temple the contest question was referred to Frank Wolfe, who will report a recommendation not later than Monday.

WANTED, SOME DOLLARS.

The Municipal Conference Campaign Committee balanced its books yesterday and found that the primary campaign has cost $16,500, on which amount there is a deficit of $5000. It is estimated that at least $20,000 will be required to finance the coming campaign and a call for funds is made to continue the work and obviate the possibility of electing a Socialist majority in the Council.

Fred C. Wheeler, who received the high vote for Council on the Socialist ticket, is the candidate upon whom the red card strength will be focused, but the party leaders say they hope to elect two others. They have great faith in Haines Reed and count that "statesman" as one of "our crowd."

The Conference Committee will meet this afternoon to discuss campaign plans and perhaps fill out the Council ticket, upon which there are a couple of vacancies, due to the failure to nominate Lloyd W. Moultrie and F. E. Woodley. Martin W. Betkouski, whose spectacular independent race without indorsement except that given his candidacy by The Times, is likely to receive careful consideration for the conference indorsement for one of the vacancies.

The issue is drawn and so far as the Council is concerned it is the ticket of the Municipal Conference standing for honesty, efficiency and business-like methods against the Socialist candidates. For Mayor, John W. Shenk is opposed by Henry H. Rose and here, too, the line of duty is sharply defined. It is probable that Rose will continue to play a lone hand and keep out of the Councilmanic fight. Both sides are preparing for the battle of the succeeding month, and with Shenk's return early in the week from Sacramento and San Francisco, hostilities will be begun.

ROSE OPENS CAMPAIGN.

Rose made his first public appearance since the primaries last evening, when he addressed the Los Angeles City Teachers' Club at Christopher's, and later the Business Women's Civic Club at the Gates Hotel.

He attacked the present administration and devoted a portion of his address to discussing the platform upon which he expects to be elected. He said that he is in favor of public ownership of public utilities, a new City Hall and the establishment of a civic art center.

The candidate denied that he favors an open town or "segregated vice," and approved the policy of Chief of Police Sebastian in the regulation of the liquor traffic and the social evil.

The Rose Campaign Committee met yesterday and formulated plans for the campaign. Headquarters will be established by Monday in some centrally-located building. Committees on finance, district and precinct organization, speakers and automobiles were named and will begin work at once.

Municipal Conference leaders say that both Rose and Harriman polled their full strength on Tuesday and that a great majority of the stay-at-home vote will go to Shenk in the June election. Rose and Harriman together received approximately 45,000 votes; Shenk, 35,000 votes. [illegible] cannot count on more than 40 per cent of the Harriman vote, while Shenk will gain in proportion to the increased vote provided an active campaign is waged between this date and election day tending to bring a larger vote to the polls. It is claimed

Mrs. John S. Myerel in charge of the woman's department of the conference headquarters, said yesterday that she believed the women voters are fully alive to the importance of the issue and on June 2 will respond in much larger numbers than was the case on Tuesday.

Eleven election boards have been summoned to appear before the Council sitting as a canvassing board today to explain apparent discrepancies in the returns, most of them of a technical character. Officials of precinct No. 59 were hailed on the carpet yesterday to tell why not a single vote was recorded in that precinct for Charles C. Morgan, Socialist candidate for City Attorney, although the other candidates on the red ticket had a following. The answer is that Morgan didn't vote, but the official documents will be produced today.

END OF REGISTRATION.

Forty-two clerks working with inadequate facilities at the County Clerk's office yesterday registered more than 10,000 voters before the last applicant for suffrage honors at the June election finished the formality at 11 o'clock last night. It was the last day allowed by law for registering for the forthcoming contest.

Tom McAleer, chief of registration, refused to commit himself to a definitive statement, but ventured the estimate that the total for the day will exceed 130,000. There was announced activity yesterday in the political camps to get out a record registration not only of new voters but of those who have changed their residence.

For the Harriman-Alexander fight in December, 1911, the registration approximated 190,000, but this was seven months longer time than the present limit, and made no allowance for cancellations, removals or deaths. McAleer is of the opinion that the new total, which represents the full voting strength of the precincts as qualified for the June election, considerably in excess of the 1911 figures although the latter may be larger.

Hundreds of women registered yesterday and last evening and tables were laid outside the County Clerk's office for the accommodation of the open-air clerks and the crowds and to relieve the congestion within. It will be several days before the duplicates have been culled from the list and the totals compiled.

PROVIDE FUNDS TO CELEBRATE

CITY AND COUNTY COMMITTEES HAVE BIG DOINGS.

Formal Opening of the Aqueduct to Be National Event If Cabinet Officers and Congressmen Accept Invitations—Exceptional Railroad Service Arranged.

President Wilson, if not here personally, will be represented by a Cabinet member at the formal celebration at Exposition Park and at the mouth of the great conduit, November 12 and 13.

Invitations to the President, the Cabinet, members of Congress and all other high governmental officials were sent out by the Aqueduct Celebration Committee yesterday.

Eighty-five hundred dollars of the public funds was appropriated by the treasurer of the celebration yesterday for use during the gala times at Exposition Park and in the San Fernando Valley.

The Los Angeles City Council appropriated $4000 for use of the celebration Commission yesterday, and the money will pay for the laying of the corner-stone and commemorative tablet to the event at Exposition Park, November 12.

The Board of Supervisors also appropriated $2500 yesterday to help defray the expenses of the San Fernando Valley celebration of the opening of the aqueduct.

San Fernando Valley business men, professional men and other [illegible] appropriated $2000 toward the expenses of the celebration.

The money advanced by the Supervisors and the San Fernando Valley people comes through the fact that the event is really a national celebration.

Special arrangements have been made to carry the thousands of celebrants, who will leave this city for the mouth of the aqueduct on November 17. Celebration trains will be run over the Southern Pacific every twenty minutes from 8 a.m. to 5 p.m.

The invitations sent out numbered 200 and they are engraved. They will be distributed not only here, but abroad and a delegation from Congress, Sacramento, (perhaps including the Governor) and distinguished engineers are to be present.

The Aqueduct Celebration Committee is to meet in the Chamber of Commerce at 4 o'clock this afternoon to arrange details of the event.

MONEY IS URGENTLY NEEDED FOR THE SECOND CAMPAIGN

The following statement was issued yesterday by the Executive Committee of the Municipal Conference:

To the Citizens of Los Angeles: The Municipal Conference of 1913 has just concluded a remarkable campaign. The conference indorsed twenty candidates for nomination. Eighteen of them were nominated, two of them being elected outright. Only two of our candidates failed to qualify. We believe it will be conceded that the conference has been a pronounced success, and that the movement it represents is of great value and importance.

Our accounts to date show that the cost to the Municipal Conference of the primary campaign was $16,750. We lack $5000 of having a fund sufficient to pay our debts. This amount must be made up immediately.

We have another campaign to make at once. It will cost as much as the primary campaign, if not considerably more. We need the money, and we must have it quickly. Unless we can finance the second campaign there is a possibility of the election of a Socialist Council. What are the business men and citizens of Los Angeles generally going to do about it? Money must be forthcoming. We need it.

Send all checks to F. W. Braun, treasurer, at headquarters, [illegible] floor Morosco Theater Building.

ne vote will go to Shenk in the
ne election. Ross and Harriman
ether received approximately 41,-
0 votes; Shenk, 25,000 votes. Ross
nnot count on more than 16 per
t of the Harriman vote, while
enk will gain in proportion to the
reased vote provided an active
mpaign is waged between this time
d election day tending to bring the
ger vote to the polls, it is claimed.
Mrs. John S. Myerall in charge of

The Oil Industry.

ELD SHOWS BIG GROWTH.

Hills is Gaining in Output Rapidly.

ral Petroleum Company Has Good Success.

dard Leads in Recent Completions.

Despite the fact that it is gen-
ally believed to be a field of limi-
ed extent, Lost Hills—one of the
st important light oil districts in
e State—shows a continuous growth
comparatively phenomenal propor-
ons.
Figures on the output of the field
r the first quarter of 1913 show that
e aggregate of nearly 530,000 bar-
ls was produced. This is consid-
ably more than double the output
r the same period in 1912, only
out 35,000 barrels less than the
al for the first six months of that
ar and between one-half and one-
ird of the production for the entire
ar.
During the first of this year the
ow of the field has been quite
ady. January showed an increase
about 675 barrels daily average
r December, February an increase
nearly 300 barrels daily average
r January, and March an increase
little less than 850 barrels daily
erage over February. It is to be
ted that figures for April will
ow an increase over the produc-
n of March, as several important
ells were brought in last month.
The General Petroleum, which has
e prominent in the developments
the Lost Hills, has brought in two
ells lately; their aggregate out-
ut was estimated at 1400 barrels
r at latest reports. The com-
any's best well was doing about 500
arrels of 35 gravity oil while the
ther had settled down to about 900
arrels a day.
Good success has recently been had
y some of the companies deepening
eir wells, and the General Pe-
oleum and the Universal—the latter
ing the pioneer in the field—have to
date adopted this policy in de-
ermined work. The Universal deep-
ned its No. 3 well on the Vulcan
ase, section 5, 27-21, last month,
d increased its output from 50 to
0 barrels a day. The oil last ob-
ained is said to be about 36 gravity,
hich is very high in California.
It has generally been considered
ertain to this success that the shal-
w wells were the largest producers.
uch a conclusion might be borne out
y the fact that although six wells
ere completed in the field during
e first three months of this year,
ch finished at less than 1000 feet
ere two-thirds of the combined
ily production of all the wells com-
eted.
During the first quarter of the year
e Standard led in the number of
ells completed with five. The initial out-
ut of these aggregated about 500
arrels, and all of them were in deep
and. The Universal brought in
ree wells during the same period,
eir initial output, combined, being
timated at more than 1400 barrels.
o of these were finished at shallow
depth, one starting off at the 1500-barrel rate.
The Associated Oil Company brought in two wells during the first quarter of the year, with an initial output aggregating 380 barrels, according to estimates. One shallow producer was good for about 200 barrels at the start. The other was a deep well. The Vulcan Oil Company and the Devil's Den Consolidated each brought in two small producers, while the General Petroleum brought in one deep well, good for about 200 barrels at the start.

Get Good Well.

The Union Oil Company has brought in well No. 15 on the Purisima lease in the Lompoc field with a production of 800 barrels of 22 gravity oil. The well extends the Union's territory about 1000 feet to the northwest; it came in at a depth of 2797 feet.
The Union has been running the only string of tools operated in the field since the first of the year, and the well is the first completed in several months. There were twenty-seven producers during March in the field; their aggregate output was about 84,000 barrels. The Union has rather curtailed activity in this district.

Notes and Personals.

The Union Oil Company has wells Nos. 2 and 3 producing on the McLeod lease in the Midway field, their combined output being about 4000 barrels a day. This is one of the best of the Union's properties.
Dabney & Miley, who recently acquired a holding in the Simi Valley field, west of the Petrol Oil Company, have started building a rig.
H. H. Hart, president of the Caribou and Record oil companies, recently paid a visit of inspection to the Midway fields. He was accompanied by J. H. Dearin, who is interested in the two companies.
W. Dewey, representing the Shell interests in Mexico, has been in Midway looking out for field men to go to Tampico. Several crews have recently been sent to the Mexican field from the Midway district.
Jack Snyder of the Midway Premier Oil Company, lately spent several days in the Midway field, and expected then to return to his home in Oklahoma shortly.
John Lee, Jr., of the Pacific Crude Oil Company of San Francisco, recently paid a visit to Midway.
R. H. Parker, asphalt expert of the General Petroleum Company, recently spent some time in Midway on business connected with the manufacture of the by-product.
More than 300 strings are running in the territory about Tulsa, Okla., according to an oil operator who recently returned from a visit to the State. He said that oil men generally in that section were filled with the booster feeling.
Information locally is that Louis Titus, president of the North American Oil Consolidated, returned to San Francisco from his trip to England last week. Titus was in England in connection with the deal for the United Oil Company, the North American and the Section Two Syndicate, which is understood to be still in progress.
Capt. John Barneson of the General Petroleum Company paid a two days' visit to Los Angeles Friday and Saturday of last week. He left for San Francisco Saturday night.

To Sell Common Stock.

A. A. Daugherty of the Santa Maria Oil Fields, Ltd., is expected to return from his trip to England some time this month. Daugherty's trip is said to be in connection with placing the common stock of the Santa Maria Oil Fields, Ltd., on the London market. Information is that this stock has been in the treasury of the Palmer Annex, the holding company. The preferred stock of the Santa Maria Oil Fields, Ltd., is listed in London. It is understood that the deal is nearly completed.

FIRE DOESN'T HIDE CRIME.

Burglars Ransack House and Start Blaze in Dining-room to Cover Tracks—Quickly Put Out.

After thoroughly ransacking Walter Callahan's house, No. 1417 South Flower street, yesterday afternoon, burglars piled furniture, bedding and other articles in the dining-room, saturated them with oil and started a roaring blaze. Detectives Zeigler and Fitzgerald were unable to trace the marauders but found ample evidence that the premises had been carefully searched.
Carpets were torn up, beds dismantled and lintels torn down from doors in the search for valuables. The oil was obtained from a heater in the bathroom. The fire was discovered by neighbors and extinguished by the fire department before it had spread to other rooms. The contents of the room were damaged to the extent of about $1000 and a valuable piano in an adjoining room was damaged.
Callahan, who is manager of the Dressler Hardware Company at Washington and Burlington streets, occupies the second floor of the house with his wife and child. Mr. and Mrs. A. H. Thomas occupy the first floor. Mrs. Callahan and Mrs. Thomas are daughters of Mrs. Emma Olshausen, who resides with them. Both families left Tuesday for a two-months' visit to Matilija Hot Springs, but the detectives were notified that they will return at once. Entrance to the house was apparently obtained by means of a pass key.

PICKPOCKETS PICK POCKETS.

And to Discourage Practice Two Detectives Are Detailed to Watch Theater Entrances.

So many complaints of the activity of pickpockets near theater entrances have been received that Captain of Detectives Flammer detailed two men yesterday to keep watch at some of the places where the light-fingered gentry have worked most persistently.
R. H. Griffin, No. 720 South San Pedro street, reported yesterday that his pocket was picked night before last in front of the Empress Theater. He says his purse contained $46 in money and a check for $10.
John Tripp, who is at the Hayward, reported that his purse was taken from him night before last while he was standing at the Auditorium entrance. It contained $65.

WANTS PROOF OF GRAFT.

Police Chief May Go to San Francisco to Quiz District Attorney There About Charges.

No reply was received yesterday to Chief Sebastian's telegraphed request to Dist.-Atty. Fickert of San Francisco for confirmation of charges of grafting in the local detective department, and Sebastian announced last night that he will go to San Francisco and personally investigate the situation there.
"If there is any foundation for these statements," he said, "I want to know it, and if there isn't I want to know why the charges have been made."
Fickert is quoted as saying that an alleged bunco man told San Francisco officials that he had paid money to Los Angeles detectives. Chief Sebastian and Capt. Flammer say that no word has been received by them directly or indirectly regarding alleged grafting in the local department.

BURKE'S Dry Gin is the very best imported. Why accept inferior gins? Insist on "Burke's."

SLAVERY END NOT IN SIGHT.

Prosecutors Can't Predict Close of Investigation—Detectives Seek Men Named by Girl.

Additional witnesses will be on hand when the grand jury resumes its white slavery investigation this morning. Asst. Dist.-Atty. Ford said yesterday that he was not prepared to say how much longer the inquiry will continue as that depends on the amount of evidence in the hands of the detectives and the willingness of the jurors to listen to the stories of vice and degeneracy. He believes that the entire situation will be thoroughly canvassed by the time the grand jury signifies its intention of reporting to Judge McCormick, presiding judge of the Superior Court.
Though there was a vague rumor that indictments may be looked for soon covering alleged false arrest and blackmailing, no confirmation could be obtained from the District Attorney's office.
Mrs. Josie Rosenberg, former proprietress of the Jonquil apartments, indicted Friday on two charges of pandering, was taken before Judge Willis yesterday.
LeCompte Davis, her attorney, said he wished to argue on a motion to set aside the indictments and also interpose a demurrer. The court was busy and appointed Monday morning as the time for hearing arguments.
Police detectives said yesterday that they are on the trail of several persons who are wanted in connection with revelations made by Lavina Quick, otherwise known as Evelyn. She has involved about ten different men, exclusive of William La Casse and Dick Hollingsworth. These two will be prosecuted in Superior Judge Wilbur's court.
Lawson Neal, a brother of Christine Neal, swore to a complaint in the Juvenile Court yesterday charging Hollingsworth with having contributed to her delinquency. The girl is 17.

LIABLE FOR ALL DEBTS.

District Court of Appeal Rules That Backer Cannot Escape Any Responsibility.

The District Court of Appeal has made an important decision relating to responsibility on a contract guaranteeing financial backing, in the case of A. L. Lytle, assignee of Fairbanks, Morse and Company against A. B. Allison. The judgment of Superior Judge Hordwell, who found in favor of the defendant, was reversed and the cause was remanded.
It appears from the evidence in the case that Allison signed a contract under the terms of which he agreed to pay any amount due or to be hereafter contracted for by the Weber-Duller Company, and also agreed to pay the bill for the delivery of two Ransom mixers, to be used by the Mexican Petroleum Company at Ebano, Mex.
The court below found that the guarantee only extended to the payment found due for the mixers, and as the record showed that this had been discharged, a judgment against the plaintiff as to other amounts alleged to be due from the Weber-Duller Company was entered.
The District Court found that Allison is liable for all of the amounts due both before and after signing the guarantee, and by this ruling held the defendant for $971.45, contracted within those periods.
In the appealed action brought by the Dake Advertising Agency against the Fielding J. Stilson Company to recover $608.57, alleged to be due, the District Court affirmed judgment against the corporation, but reversed Judge Houser as to Fielding J. Stilson and modified the decree against Mary E. Stilson.

Special May Sale of Women's Suits, Coats and Dresses

Wonderful Saving on New and Smart Garments—Just From New York—and Broken Lines From Our Regular Stock—Also Children's Coats and Dresses

MOST EXTRAORDINARY VALUES IN FASHION'S VERY LATEST MODELS FOR SPRING AND SUMMER AT A FRACTION OF THEIR REAL WORTH.

In pursuance of our new policy, not to mention comparative prices in our advertisements, we omit the regular worth of these handsome garments, but we wish to strongly impress upon our patrons the fact that these savings are the most remarkable offered this season.

A New American Story by C. N. and A. M. Williamson

The Port of Adventure

By the Authors of "The Golden Silence," "Set in Silver," "The Guests of Hercules," etc.

HERE'S a charming California story with the Mission Lands for a picturesque setting. These two popular authors have drawn on all the romance of this country and have set a very interesting love story in a part of the West that every one will like to read about. *Decorated jacket. Lining pages. and Illustrations. Net* $1.35

and

The Joy Bringer

By Grace McGowan Cooke

Author of "The Power and the Glory."

THE story of a beautiful Kentucky girl who elopes and, through a series of dramatic events, faces a strange new life among the Hopi Indians of the Arizona desert. How she finds herself and literally remakes her life is very wonderfully told. Mrs. Cooke will be remembered for her splendid novel "The Power and the Glory."

YOUNG EMBEZZLER'S SENTENCE IS FIVE YEARS.

Judge Declares Man Who Stole From Bank, Was Pardoned, and Went Back to Old Tricks Isn't Entitled to Probation—High Life in Europe on Others' Money.

"Do you think, Doctor, that this young man should have out-door work?" inquired Superior Judge Willis yesterday morning before passing on the case of Victor C. Fisher, who confessed to having embezzled $2500 from the Crescent Creamery Company.

"Yes, I believe the boy is deficient in some ways and needs healthful exercise," replied the woman physician.

"Fisher, I shall send you to Folsom for five years," said the court. "You have made a plea for mercy. Your record does not warrant probation. You embezzled from the Security Savings and Trust Bank. The officers gave you another chance. You got a position with the Crescent Creamery Company and soon began to take small amounts. When you learned the books were to be audited you took $1200 in one lump sum and went away.

"You took $2500 altogether between September and the latter part of November. As you did not repay your former employers for their loss, the court must infer you spent this money in riotous living. You say you reached London penniless. You have not told me about forging a letter of recommendation or getting money on false pretenses.

"I feel confident that if I gave you probation this morning you would go out and get a job as book-keeper and begin stealing as soon as you thought you could do so safely. All you think of is to cover your tracks.

"I want this to be a warning to all young men who think they can play fast and loose with their employer's money and then get probation. That provision of the law was not made for such as you. The judgment of this court is that you be sentenced to five years at Folsom."

Judge Willis said he is always ready to consider a worthy plea for mercy, but that Fisher has never shown any true repentance.

The defendant made a somewhat incoherent plea for mercy. Among other things he said:

"I fully realize that the charge is a serious one. My past life has not been what it should. I want a chance to make good. I will work my nails off my fingers to repay the creamery company. Everyone has two natures, a good and a bad one. I want to wipe out the black spot in my life."

Fisher went on to tell how tempted he had been and his voice trembled with emotion. He appeared bright, clever and by no means the mentally-deficient person the testimony of the two physicians summoned by Fisher's lawyer would have the court believe.

Judge Willis asked one of the doctors whether the fact that Fisher had been a book-keeper for a bank and embezzled money showed any signs of mental deficiency.

The case, according to Deputy District Attorney Veitch, is one of more than usual seriousness. Fisher left the Security Bank with a stained name. Only the kindness of the officials prevented him from being prosecuted at that time. With the memory of his forgiveness fresh in his mind he got a position with the Crescent Creamery Company and a few days later began a system of peculation that apparently defied detection, so well did he cover his tracks.

The evidence and confession of Fisher further shows that when he learned that an auditor was about to go over the books he suddenly left, taking with him $1200, which brought up the total sum of his embezzlements to approximately $2500. Miss Shirley Barrett, with whom he was infatuated, met the absconder and they toured Europe together, Fisher spending money like an American millionaire.

His money exhausted, he went to London, where he forged letters of recommendation and secured a position with the Amalgamated Savings Company at a salary of $6 a week.

Meantime Pinkerton detectives were hot on his trail. They traced him to London and with the assistance of Scotland Yard men arrested him.

A grand jury here brought an indictment against Fisher in January and Captain of Detectives Flammer and Deputy Sheriff Miller went after the prisoner. He was without funds and did not resist extradition. He returned here with the statement that he saw the champagne corks flying like a flock of ducks in Paris and was willing to "take his medicine."

SOCIETY AFFAIRS

[Photo by Bushnell.]

Miss Hazel Nolting

Of San Francisco, who is betrothed to William Stephen White, son of the late Senator Stephen M. White of this city.

SUMMER plans for a time are forgotten and society is reveling in the elaborate arrangements being made by members of the Junior Dancing Club for a subscription dance to be given at Kramer's during June. The young people are brothers and sisters and sons and daughters of the grown-up Assembly enthusiasts and the arrangements will please the most critical. The idea is "brand-new" and many of the details are yet undecided.

Only 300 invitations are to be sent out and these will carry the names of Mrs. Granville MacGowan, Mrs. E. W. Britt, Mrs. Jonathan R. Scott, Mrs. R. C. Gillis, Mrs. John T. Griffith, Mrs. Walter Hughes, Mrs. William T. Johnston, Mrs. Ross Kirkpatrick, Mrs. Richard Lacy, Mrs. Hamilton Bowman Rollins, Mrs. Shirley C. Ward, Mrs. Charles Wellborn, Mrs. George H. Wigmore, Mrs. W. D. Woolwine and Mrs. Boyle Workman, who are to assist as patronesses.

White-Nolting Engagement.

Miss Hazel Nolting of San Francisco, whose engagement has just been announced to William Stephen White, son of the late Senator Stephen N. White, of this city, was educated at Notre Dame Convent at San Jose and later entered the University of California, graduating with the class of 1911. While at college she was prominent in all activities on the campus. She was a member of the Phi Omega and Phi Beta Kappa sororities. Her parents, Mr. and Mrs. William T. Nolting, are now in Manila, her father holding the responsible position of internal revenue collector there. The wedding of Mr. White and Miss Nolting will be solemnized May 27 at Newman Hall, Berkeley. After the honeymoon trip the young couple will make their home in Los Angeles. The engagement was announced last week in San Francisco by Mrs. Robert P. Troy, mother of the groom-to-be.

Benefit Tea.

Saturday afternoon at the home of Mrs. Harrison Ward of No. 2707 Menlo avenue, members of the Badger Club and their friends will meet to drink tea. The hostess will be assisted by Mrs. Morgan Jones, Mrs. A. C. La Brie, Mrs. Frank A. Wann, Mrs. Forsythe, Miss Bowen and Mrs. E. Bartlett.

May Fete.

The famous old Workman homestead with its bowers of flowers and gnarled old oaks will be turned into a veritable fairyland on May 31 when in the name of charity many of the fair society maidens of the city will hold a May fete and carnival for the benefit of the Brownson house settlement.

Electric lights will be strung over the rose bushes and it will be a fete as day. A midway plaisance will be a novel feature with side shows of many sorts, and the Workman home will be converted into a veritable emporium where the best of all tastes will try their talents.

For the inner man and woman there will be a lemonade well and a corn tree, ice cream tables, a Japanese tea-garden, and for the modern a fortune-teller.

The Brownson house settlement is a philanthropy that is for the most part for the kiddies, although mothers of these kiddies receive consideration. For several years on Alameda street where the foreign immigrants are thickest and where the cream is a luxury, the settlement has been maintained and has been doing good work, giving the poor people a taste of the better things of life. It has been for their physical and mental uplift. The tired mothers have been organized into mutual welfare clubs, and the children have been given a taste for literature, and have been provided with gymnasium facilities for their little bodies.

Now that the Panama Canal is about to be opened and the tide of immigrants to Los Angeles will be materially increased, there is a call for expansion. The Brownson house settlement must meet the emergencies.

The plan is to erect a new and modern house and resident workers' home on Pleasant avenue, near Macy, where the site has been donated, that will cost about $25,000, according to architects' specifications.

It is to make a start toward the $25,000 that the May fete and carnival is to be held, and Miss Gertrude Workman, who was an important factor in dramatics at Stanford University, during her undergraduate days there, has been placed in charge.

Midwick Club Affair.

One of the most elaborate social affairs of the winter was a dinner dance given at the new Midwick Club by Mrs. F. H. Stevens of No. 2 South Orange Grove avenue, Pasadena, last night. There were many guests.

Dinner was served in the clubhouse, which room of the new clubhouse, which was decorated for the occasion with potted palms and flowers. The ballroom was gay until late at night.

The Midwick Club was only opened two weeks ago and this was practically the first private function to be held there.

Summer Home.

Mr. and Mrs. E. C. Wilcox of No. 734 Berendo street, will be at home to friends after July 1, at their summer home at Hermosa Beach, where they will spend several months.

Wedding Announcement.

Announcement is made of the wedding recently of Miss Kathryn Cox and Scales and John Lowry Bush, which was solemnized at the home of the officiating clergyman, the Rev. F. W. Schaade of the Pico Heights Congregational Church. A honeymoon trip to San Diego will be enjoyed.

At Venice.

Mrs. R. K. Rogers and son, R. K. Rogers of Ft. Smith, Ark., are located at No. 27 Sunset avenue, Venice. They will make their future home in California.

Another Wedding.

Miss Grace Jones of No. 1[illegible] Cecilia avenue, Lido City, and Joseph Erwin Cowles of Tulare, were married Sunday in the Baptist parsonage, Tulare, Rev. Mr. Lovell officiating.

Facts, Features and Fancies

BY OLIVE GRAY.

DAILY BEAUTY HINT: For the benefit of the many who inquired as to the place to purchase a new manicure material, I wish to say that it is now for sale in several of the best Broadway stores. It was handled at first by an individual, and as there was a mistake in the address, many were disappointed.

It pays, in every way, to do something really well.

It pays, first in the satisfaction and in the development of character. There is truth in the old saying that anything which is worth doing at all is worth doing well; but there is another side to it.

It pays, in dollars and cents. I thought of this the other day as certain people welcomed home a young woman who has spent several years traveling in the East and abroad, as the result of something she did well. Several years ago, she began making ribbon flowers. She made them just a little more daintily and with more taste in the combination of color, than did anyone else. She found a place in one of the big department stores where she displayed and sold her dainty wares. Soon she became teaching other girls to do the work and before long had quite a factory; but she did not descend to factory methods. Each article and each bouquet retained the individuality which and people bought because they just couldn't help buying. Then she went East to extend her market. While she went to Paris, just to see if she had anything there more delicate and beautiful than were her own creations. I believe she showed those Parisians something about flower-making. At any rate she secured in the city of the East, the opportunity to sell her California-made wares and they are displayed in every important resort.

Of course, you may say, she was merely making something which suddenly became a furore, as hand-made flowers have become—but who knows how much the fineness of her work may have had to do with establishing and continuing the furore?

A few days ago she—newly-married after her journeying—was welcomed home. Quite an interesting career—a career—growing out of the ability to make one thing well?

* *

Broadway, always entertaining, always interesting, some days. I read so much to see, to comment on and to hear, that I can scarcely find my way from one end of the street to the other. "I was just looking for you—as I want to ask you—needs me at one place and another—"I have been wanting for days and days to tell you——!"

"Have I never told you about the Ring Lady?" asked the Ring Lady, as I popped into her place yesterday. The Ring Lady has much wonderful lore at her disposal and I can call upon her right. So I owned to absolute ignorance about "Rhodenite." I am ready to declare, if it would egg me on, that I did not know whether "Rhodenite" was a new exterminator, a new shoe polish, or something from another planet. I found that it came nearer to being the latter. "Well," said the Ring Lady, "there is a piece, set in this ring," and she displayed one of the quaintly-made rings which is her trademark. She explained that this stone was at one time found upon the shores of Atlantis and that when the continent disappeared the stone sank and has never since been found, until, very recently when it was found in California. It is a beautiful stone, of a rose pink color, shot with black in the oddest and prettiest manner. It is, the Ring Lady explained, a very occult gem, producing strange results upon its wearers. "I could dare tell you all the wonderful things which she related to me concerning that peculiar pink stone. The color in the stone is emblematic of the seven planetary forces, which is all comprised in that color and which represents the first glimmering of spirit—the "Dawn" of the day. But symbolism in the story of stones. But—if you give credence to such things, just step in and have your fortune told with the Ring Lady. She will tell you things which will make your head swim. And what is more she will tell you of the poetry and mysticism that she lovingly puts into the making of her jewelry.

* *

"Fresh Fruit?

"Why, fresh raspberries?" That was the exclamation which the members of her family, one after another came to, as they came to the table in the home of the Good Housekeeper, the other day. 'Didn't know they were in the market!" said one. "How unusual!" exclaimed another. The Good Housekeeper smiled knowingly and held her peace. After the meal was finished she said, to a daughter, "Do you remember the always-hungry Ruth lady who used to tell about a certain 'dry whole' product which she demonstrated in the store?"

"Certainly, I remember her," the daughter replied. "She told us the exactly-so, of what she was demonstrating and I believe her statements about everything."

"Exactly!" replied the Good Housekeeper, "and that is why we are enjoying fresh berries." She is demonstrating a certain brand of goods. "Fresh canned?" came the chorus. "Can they be canned!" "They are canned." "I thought it was stewed." "The color is of fresh fruit and so is the flavor," proceeded the Good Housekeeper, "but the cans in which it is put up, are lined or rather covered over on the inside with a substance which makes it impossible for the acids to corrode. In addition to the fact that all is fresh and perfect when used, that's what it is."

"Take off the item from your list this season, then!" remarked the man at the head of the family.

* *

Ruth has broken into fabrics—the realm in that house of feminine mystery where they always have to where their heart fad, there is a coat of Cubist material. It is in shades of red and white which to distract the eye of the Cubist and so have its originator the pattern is that of a checkerboard. The hat coat is worn with a plain skirt of shirt made from well-starched white linen.

* *

"Oh, when!" sighed the overpious lady, "shall we have our innings? When will the slender silhouette give place to the foreshortened shadow? It would do me good to see those self-satisfied tall wisps of women gorging themselves on ice cream and French pasties, creamed vegetables and fat meats, in a futile attempt to distend their reflections!"

* *

"Filbert Thursday."

The big dry goods stores have their baby days, and their special days for this and that, and now a popular grocery house has started a special for Thursdays. It is a new cake, made with filbert nuts as its chief characteristic and the frosting is made from cocoa. It is "so different" and bids fair to be extremely popular.

* *

Candy Burbanked.

I suppose it is made from "spineless," but maybe not. At any rate the spines are not included in the candy. It is a novelty and as such is most interesting. It comes in great variety. I haven't had the courage to taste it—have you?

* *

Fashion's Flash Light.

The lace neck ruffle, standing upright at the back and falling softly away from the neck at the front, is a favored fashion in neckwear.

A new idea on many suits is to bind the upper half of the buttonhole with a band of one color, and the lower with another harmonizing color.

A pretty hat is covered with white crepe and trimmed with white picot-edged ribbon. The front is finished with a small bunch of colored flowers.

The new colors in tailored suits are Chinese blue, Bulgarian green, wood brown, light and dark grays, terra cotta, rose, brick and other tones of red.

The little coat is a great feature. It often has bolero fronts and is more or less coat-tailed at the back. Some extend no more than three inches below the waist line.

Chic afternoon dresses and tailored suits have draped and half-pleated tunic skirts trimmed with silk soutache. The short boleros and coats show embroideries.

There are dozens of cutaway styles, from the quiet conservative two-button dip-back model to the one almost duplicating the coat of a man's evening dress suit.

A pretty Russian hair ornament is made of narrow black velvet, lightly set with tiny brilliants, with a paste cabochon at one side, which holds a black mercury wing in position.

Black patent leather shoes, with white tops, are worn with the tailored suits. There are also little short-toed shoes, like slippers, in antelope, ribbed silk, doeskin and thick satin.

SONS OF REVOLUTION.

Officers Elected in Annual Meeting. Eastern Members Living Here Expected to Affiliate.

The annual meeting and banquet of the Sons of the American Revolution was held Wednesday evening at Christopher's. The following officers were elected: J. Lamb Doty, president; Dr. C. L. Allen, vice-president; N. J. Cordary, secretary and treasurer.

The membership is composed of descendants of officers and soldiers who fought and suffered in the Revolution. During the coming year members of eastern chapters now residing in California are expected to join the local chapter.

CALLS REED A SHIRKER.

Citizen Fixit Councilman not Present to Canvass Primary Election Ballots—Rapped by Conference.

Haines W. Reed, the citizen fixit of the City Council, seems destined to swallow some of his own medicine. He is not in the city, the canvass of ballots cast in Tuesday's primary election is on, and his fellow-Councilmen resent Reed's absence when there's hard work on hand.

When other members of the Council put in an early appearance at the City Hall yesterday to take up the tiresome task, Betkouski declared Reed was shirking his duty. He demanded that the sergeant-at-arms be required to produce the absentee.

Council Clerk Wilde said Reed had been excused by the Council and is in Calexico. Betkouski declared Reed had left the city before his request to be excused reached the Council. Furthermore, Betkouski said, the request was not understood to apply to more than one session.

This provoked a general discussion. Some of Reed's confreres, who apparently are tired of his bombast and wind-jamming, discussed the propriety of fining him.

Betkouski, who has a reputation for speaking his mind in plain terms, declared he will take it on himself to publicly reprimand Reed when the latter shall return.

For Finery.

GOLD STICKS TO LILY FINGERS?

HALF-MAN, HALF-WOMAN, HE'S BADLY WANTED.

Weakness for Kreutzer Sonata and Feminine Garments, Together With Absence of Two Pink Toes, Expected to Locate Postoffice Thief Who Takes in Kindhearted.

Have you seen him?

Here is his description: Tall and willowy in contour, of feminine build, a musician, and with a weakness for the Kreutzer Sonata, complexion pale, has on various occasions been known to wear feminine attire, two toes on his right foot missing.

To Nettie B. Shaw, postmistress at Summerland, Santa Barbara county, he is known as A. J. Baker. It is said that at one time he taught a school in Idaho. She also alleges that Baker entered the postoffice on the night of February 27, last, and stole twenty-five blank money orders.

It is further charged that, soon after this, Baker appeared at Santa Monica, armed with a letter supposed to be from his old mother and addressed to Rev. W. K. Bean. The missive entreated the pastor to help a sin-sick soul who was striving to see salvation in a material way. This could be done by identifying the young man at the Santa Monica postoffice, and enable him to get the money on a $100 order.

Mr. Bean was touched by the plea for succor and mercy and accompanied the fellow to the postoffice. Following the identification, Baker got the century. A short time afterward it is alleged he appeared at Long Beach and poured a tale of trouble into the ears of Adjutant A. E. Davis, in charge of the Salvation Army corps there. The result was that he secured another hundred on the identification furnished by the Long Beach man.

Postmistress Shaw has written to Postmaster Harrison asking him to locate Baker.

WEST SIDE APARTMENTS.

The formal opening of the new West Side Apartments, at Ingraham and Bixel streets, which is to occur Saturday of this week, is announced by Proprietor L. M. Barker, in the invitations, which have been issued, to what is termed "The First Assembly."

The occasion promises to be a musical, as well as a social, event, a special feature being the recital, in which Miss Olga Steeb, California's wonderful pianist, will render a programme, devoted to compositions and transcriptions of Franz Liszt, together with Pasquale de Nubila, violinist. The numbers to be played by Miss Steeb include the following: Etude in D Flat, "Sposalizio," "Linden-Tree" (Schubert,) "Caprice" (Paganini,) "Rigoletto Fantasie" (Verdi,) and "Faust Waltz" (Gounod.)

These new West Side Apartments, built by W. A. Barker, president of Barker Bros., and completely furnished by them under Mr. Barker's direction, are conceded to be among the most inviting, most artistically and handsomely furnished and completely equipped in Los Angeles.

The lobby is finished in ivory enamel effect, with silk fabric walls and dull maroon hangings. Two pairs of wide swinging doors open upon a wide pergola porch, with floor of red paving bricks.

These are forty apartments, of single and two-room suites. Among the features in each may be mentioned the solid mahogany furniture of colonial type, chosen with care as to practical utility, as well as artistic beauty, including dainty English drop-leaf gate-leg tables, couches covered in harmonious tapestries, and Wilton carpets.

Combination breakfast-rooms and kitchenettes are one of the new features. The indirect lighting system is used throughout. Large full-length mirrors, private halls in all single suites, tiled baths, with marble bases, refrigerators which ice from the halls, large concealed wardrobes, large dressing-rooms, with built-in dressers and large closets, genuine silk floss mattresses, handsome Jacquard comfortables, and fine bedding, high-grade table ware and every needed kitchen convenience, including the new Vulcan ranges, built for either natural or artificial gas—these are but some of the attractive features.

UNDELIVERED TELEGRAMS.

There are telegrams at the Western Union office for: W. C. Jones, Mrs. Ainslie, W. H. Bennett, Joe Fuentes, Mrs. P. D. Dunlap, Howard D. King, R. Y. Calhoun, Frank W. Nick, Henry Papeke, Herman Deutsch, George D. Ward, Farrel & Van Ness, James Tipton, George M. Bailey, W. L. Woolett A. G. Haskett, Mrs. Bertha Bowman, G. Edgar Ward, C. B. Lind, Mrs. L. F. Williams, Arthur Besaranger, G. A. Davidson, Mrs. Josephine Donahue, Clarence Devevue, George D. Ward, Alice York, Mrs. Frank Moore, Marie Gillespie, Cora Fast, John Sumbrechtm, B. F. Russell, J. L. Paxton, Phillip Sperry, Jr., and Mrs. B. B. Mainier.

At the Postal: Mrs. Margaret Cummings, Cernti Modert, Frank Bossert, E. Franklin, W. W. Jones, Mrs. Prior and J. M. Solloway.

er, which Darlington says is entirely prohibited by the vast expense of tunnels, cuts and bridges which would be required, the commission would still have no right to tax every person who makes the trip the large extra expense which such a difference of distance would entail.

HALF MILLION TOO MUCH.

"The Tehachepi route would cost at least $500,000 more than the Tejon route, which has been adopted. Even if the distance and the expense were the same, which has not been and cannot be demonstrated, the Tejon route would still be the one way to build the road because of its natural advantages. It carries the people for many miles along the crest of a low ridge, giving them a superb view of the country on either side and insuring a cool and pleasant drive which will make a fine appeal to the steady stream of tourists from which the entire State reaps large and perpetual benefit.

"The Tehachepi route would always be embarrassed by bad drainage and carries the traveler through miles of disagreeable alkali flats and a blades of desert heat. The alkali flats make the cost of road construction and maintenance exceedingly large and it is a fact that the Tehachepi route includes thirty-seven miles of a forbidding desert. In the summer such a route would be a most unhappy advertisement to the world of California's climate. The maximum grade on the Tejon route between Los Angeles and Bakersfield is only 6 per cent. The Tehachepi route would prove a succession of up and down hill travel. There are many more stream crossings between Newhall and Palmdale on the Tehachepi route than exist on the entire Tejon route between Newhall and Bakersfield. The difference in the distance between Los Angeles and the oil fields on the two routes is eighty-seven miles less, in favor of the Tejon line, with twice as much mountain grade to be faced on the Tehachepi route."

Gibbon read the letter issued by the Automobile Club of Southern California sustaining the Highway Commission's choice of routes and said that this club is the largest influence in California for securing good roads. A short and clear speech reiterating facts favorable to the Tejon route was also made by Percy Clark.

THE hour for closing many of the columns in The Times "Liner" section Saturday night is 8 o'clock. Subsequent to this hour developments often occur in commercial and domestic affairs which make it necessary to seek quick and effective publicity. Therefore the "Too Late to Classify" columns often offers greater bargains and more money-making opportunities than any other section of The Times.

The Gold Dust Twins' Philosophy

ONE day, when Mr. Jones returned with what his weekly toil had earned, he found his little wife in tears and mood not suited to her years. It seemed the cook had bade "adieu," likewise the washerwoman, too.

Gold Dust as Strike Breaker

At first within the House of Jones there followed sad despondent moans. No hopeful word could reconcile, no honied kiss inspire a smile. "I never know before" said she, "how horrid household cares could be."

"Upon my word I'm up at six and working still as midnight ticks. I scrub and run and wash and shine to keep the little things in line, and yet around me here and there I see undone another share.

almost feel as if I'd like to join the other ones on Strike. Some morning try it—get a mop; go through from cellar to the top, and I will venture you must see, the greater burdens fall on me."

Now Mr. Jones was passing wise and later, sprang a glad surprise. Through friends who praised the "GOLD DUST WAY," he brought a package home one day.

From tears to sunshine, Wifey now has found the good of "Knowing How" and striking servants fail to stir, the placid calm content of her.

Shredded Wheat

FOR BREAKFAST

Every Biscuit is a vote for freedom from kitchen drudgery, for health and happiness in the home. With Shredded Wheat it's so easy to prepare a warm, nourishing meal in a "jiffy." It is ready-cooked and ready-to-serve. Two Biscuits, heated in the oven to restore crispness and served with hot milk and a little cream, supply all the nutriment needed for a half day's work or play.

For Breakfast heat the Biscuit in the oven a few moments to restore crispness; then pour hot milk over it, adding a little cream; salt or sweeten to suit the taste. It is deliciously nourishing and wholesome for any meal with stewed prunes, baked apples, sliced bananas, preserved peaches, pineapple or other fruits. At your grocer's.

Made only by The Shredded Wheat Company at Niagara Falls, N. Y.

Daily Founded Dec. 4, 1881—32d Year.

OFFICE:
New Times Building, First and Broadway.
LOS ANGELES (*Loce Ahng-hayl-ais*)

Entered at the Postoffice as mail matter of Class II.

A FAIR ESTIMATE.

A good ointment is sometimes 2 per cent. active properties and 98 per cent. animal fat. The objection to the Legislature of California has been that it is 99 per cent. pig-headedness.

A TWO-EDGED SWORD.

Hiram Johnson protests against permitting the public to invoke his precious referendum for the purpose of revoking his specious anti-alien land bill. Hiram should remember that what is sauce for the goose may be fodder for the ass.

A NEW OFFICE.

A baby cried in the chambers of the United States Senate and business was suspended until the infant was pacified with a bottle of milk. While submitting that the gallery of the Senate is no place for a baby, we recommend to Congress the creation of the office of Grand High Bottle Procurer.

INDETERMINATE.

An aviator of Des Moines has been sentenced to life imprisonment. If an Iowa aviator lives no longer than those of most states this is not such a long sentence which he has been given. In fact, since he has been given a respite of three months, the chances are excellent that he'll never go to jail at all if he does any flying between now and the end of his respite.

IT ALL GOES.

Long Beach has mailed 5000 copies of a postal card to people in Arizona and Nevada saying, "Why not Long Beach for the summer?" Venice has thirty places where a man-sized thirst may be allayed. Now, between these two cities there is a considerable difference in the good old summer time, and it will be interesting to watch their race for the business of our desert brethren.

A NEW SITUATION.

Dr. Vasques Gomez will return to Mexico to enter into an agreement with Carranza about the future of the rebellion. We are pleased to note this infusion of a new interest. For a week it had looked as if Mexico might find itself in the hands of an undisputed leader. With the advent of Dr. Vasques Gomez we are assured of a new rebellion as soon as the present one can establish itself. What is home without a revolt?

APPALLING.

A fair damsel by the name of Pauline went on a hunger strike in a Chicago jail and after twelve days emerged victorious from the prison gates. We tremble to think of what the spread of this idea in America may signify. A twelve-day hunger strike on the part of all women would certainly do things to the high cost of living. But suppose this method were applied to the husband who refused a new bonnet or gown to the bosom of his family? It would be cruelty to the imagination for us to further revel in these tragic possibilities.

THE OUTLOOK.

Harriman being eliminated, the city is out of danger so far as the Mayoralty is concerned. In fact, there is no cause for apprehension on any ground, for the vote cast for Cryer will not to any extent be cast for Morgan. The drop in the Socialist vote to less than half its proportions of eighteen months ago indicates that the Socialists who do not indorse the doctrine that "property is robbery" will not permit themselves to be further deluded and misused by the Harriman-Darrow-Tveitmoe plunderbund. They may be dreamers, but they are neither donkeys nor anarchists.

WAR ON AIGRETTES.

Pennsylvania legislators propose an amendment to the Constitution of that State permitting the State to borrow fifty million dollars for good roads. An amendment to the Constitution to give the right of suffrage to women passed the Senate by a vote of 36 to 12. The Legislature has passed a bill prohibiting the sale of aigrettes and the shipment of such feathers into or out of the State after July 1, 1914. Philadelphia will be a desirable summer resort when street car patrons can get the fresh air on the outside seats without having their noses tickled by long plumes in the hats of the ladies in front of them.

A TOAST WELL EARNED.

A compliment does not flatter when it only describes. William Woodhead, president of the Advertising Association of San Francisco, has returned West after an extended trip through the East, to confess that the first question asked of a Californian away from home is about Los Angeles. "It may be hard on the rest of us," says Mr. Woodhead, "but it is a fact that every man, woman and child in the United States dreams of seeing California some day, and California means Los Angeles to every one of them. A business man back there had the nerve to tell me that the Panama-Pacific Exposition would probably be a success anyhow, and then to add, 'but what a grand success it would have been if only it could have been held in Los Angeles!'" While this statement of fact is amusement, it is all the more agreeable to have it come from so warm a friend of another great California city. It clearly indicates that some may go to San Diego and some to San Francisco in 1915, but that every man who crosses the Rocky Mountains and the Mississippi River in that gala year will come to Los Angeles. We wish San Francisco all luck with its sideshow.

BRYAN'S PEACE PLAN.

Secretary Bryan has a gushing, sentimental plan for avoiding war between nations which he has laid before the Senate Committee on Foreign Relations. Mr. Bryan proposes "that when a situation arises where two or more nations having exhausted all the expedients of diplomacy are virtually on the edge of war an inquiry into the merits of the case may be made by an international commission of inquiry, which shall study and report upon the case, the parties involved pledging themselves meantime not to go to war with each other within a period of six months or a year, as may be determined in the treaties the Secretary of State proposes to negotiate."

Bryan, as a private person, as a Presidential candidate, as a controller of conventions, has always been rambunctious and belligerent.

"His ever-closed fist has been ready to resist
A dictatorial word."

But as an office-holder—for the first time in many years—he illustrates the saying of Anaxagoras that "Experience always makes men wiser, religion sometimes, power never."

When two game cocks with clipped plumage and steel spurs confront each other in the pit neither of them would crow thanks to an agent of the Society for the Prevention of Cruelty to Animals who should propose to put off the fight for six months with a view to an amicable adjustment of the differences between them?

When two dogs are ready for a contest to determine a question of canine supremacy, wouldn't they growl at the interlopers who should seize them by the collars and remand them to their kennels for six months?

When two beetle-browed pugilists enter the prize ring to fight for the champion's belt what would happen to the referee who declared the combat off for six months?

Man is a fighting animal, and nations are but aggregations of men. There is only one sure way of stopping a war and that is the well-founded apprehension of one of the belligerents that his side will be exceedingly well thrashed in the outcome.

It was well said that "the best security for peace is the most tremendous preparation for war." The rapidly-increasing armies of France and Germany—great as is the cost to the taxpayers of both countries—afford better assurance that there will not be a fight than all the preachings of Carnegie. The continued construction of dreadnoughts by Great Britain makes it unlikely that Germany or any other nation will undertake to deprive her of the title of mistress of the seas.

One of the maxims of Christianity is "be first pure, then peaceable." Half a dozen new dreadnoughts on the Pacific will do more to quell the warlike aspirations of cocky little Japan than all the Orestean prayers of our once bellicose but now Quakerishly-inclined Secretary of State. The American people will always say:

"We ask not for the peace that cowards crave,
Give us the peace of dead men or of brave."

AGAIN THE INCOME TAX.

The number of persons to be affected by the income tax as its provisions now stand is estimated officially at about 425,000, says the Sun of New York.

The amount of revenue to be produced by the income tax as its provisions now stand is estimated officially at about $70,000,000.

The income-taxed part of the population, therefore, is about one person out of every 225 persons.

The revenue expected from this tax on one person out of every 225 of the total population amounts to about the sum voted away foolishly, recklessly and extravagantly at the last session of the Democratic Congress.

These are plain, elementary facts, but they are decidedly pertinent now that the House of Representatives is about to consider the income-tax section of the Underwood tariff bill. Suppose that a tidal wave of common-sense, a spirit of equity and an honest desire for a revenue tax wherewith to provide for the expenses of government economically administered should strike the Democratic House of Representatives at this time.

Who can doubt what would happen?

The Democratic majority in the House would reduce the minimum of the taxed income at least from $4000 to $2000; better to $1000. This for revenue.

It would equalize the rate of the tax on incomes so that every taxed income would contribute proportionately to the common burden of government. This for justice.

Which is the more important, that a tax should be just and revenue-producing, or that it should be "popular?"

A MAN WITH TWO COUNTRIES.

Unlike Edward Everett Hale's "Man Without a Country," Andrew Carnegie has a choice of countries. Before he was 11 years of age he came to this country with his father. His father was naturalized before Andrew was 21 years of age, which made of Andrew an American citizen.

But, having been born a British subject, and having lived in Scotland until he was over 10 years of age, and having never abjured his allegiance to Victoria, or Edward, or George, Andrew—under English law—remained a British subject, and Great Britain is willing to admit the laird of Skibo to all the privileges of a free-born Englishman (payment of an income tax included) without any formalities. It has even been intimated that King George is willing to reinforce the House of Lords intellectually, morally and financially by making Andrew a Duke.

But this is not probable, for William Waldorf Astor groveled at the foot of the British throne for years and loaned King Edward tens of thousands of pounds when that monarch was Prince of Wales. But when Edward ascended the throne he declined to gratify the aspirations of the recreant American for a peerage and he borrowed the money elsewhere and paid Astor rather than place in the House of Lords the grandson of a Dutch peddler to contaminate with his presence the descendants of the complaisant ladies who adorned the courts of the Stuarts, and William the Silent, and the House of Hanover.

William Waldorf Astor in his earlier years was quite a prominent figure in American politics. He was a member of the New York Legislature and Minister to Rome. Failing of election to Congress from one of the upper wards of Manhattan Island he became infected with a grouch, went to London, abjured his allegiance to the United States and was naturalized as a British subject. But, with all his wealth and notwithstanding his intellectual acquirements—for he wrote a clever book while American Ambassador at Rome—he received but scant welcome from the upper crust of the upper ten of London.

Astor and Maxim—of Maxim gun fame—are the only notable instances of citizens of the United States abjuring their allegiance to their native land to become subjects of a European monarch.

Astor draws millions every year from rentals of his New York property and expends the money abroad or at least does not expend it in this country. An amendment to the alien land laws that would exclude non-resident aliens from ownership of land in this country would be better for residents, whether eligible to citizenship or not, than a law which permits recreants like Astor to abjure their allegiance and their duties to the land of their birth, and yet drain it every year of millions to be expended abroad.

POSTAL SAVINGS BANKS.

In 1912 (fiscal year) the deposits in our postal savings banks rose from $667,145 to $20,237,084. The number of depositors increased from 11,918 to 243,801, and the average of each account jumped from $57 to $83. The summary as of June 30, 1912, is of interest:

Number of depositors	243,801
Total deposits at credit	$20,237,084
Deposited in banks at interest	18,586,042
Deposits surrendered for bonds	1,272,240

California, New York, Ohio, Illinois, Pennsylvania and Massachusetts each have more than 10,000 depositors.

By December 1, 1912, (only five months later) we had 12,823 postal savings banks, with $28,000,000 standing to the credit of approximately 300,000 depositors.

In France postal savings banks, strictly so-called, began only during the year 1881. In 1905 that country had in its postal savings system 12,134,523 depositors, with $1,106,524,768 at their credit.

England's postal savings system was brought into operation in 1861. Twenty years later the number of depositors was 3,088,000 and ten years after that (1891) the number had increased to 5,776,000. In 1905 their number was 9,963,049, with $734,696,806 at their credit, or an average of about $75 per depositor. There is one depositor for about every four of the population.

MOVING SILK MILLS.

The silk manufacturers of Paterson, N. J., have been driven beyond the limits of endurance by the series of arbitrary and unreasonable strikes to which they have been subjected. In self-protection they have threatened to move their plants to some other part of the country, where they and their workpeople will not be subjected to the constant annoyance of self-interested agitators.

Should they be compelled to give up their attempts to work in peace and harmony among the citizens of Paterson, we suggest that they examine possibilities in Los Angeles as a promising center for the silk industry of the future. Since it became the headquarters for anarchists and demagogues, Paterson has earned an unenviable reputation. If public disturbers succeed in despoiling it of its best-paying industry, perhaps the eyes of the workers will be opened to the suicidal policy they are pursuing.

Los Angeles has for many reasons led the United States in growth and progress; by no means the least cause of her wonderful advance has been the maintenance of an open shop and freedom for her laborers. The New Jersey silk manufacturers should certainly investigate conditions in Southern California, not only because it is so well adapted for all manufacturing industries, but because it offers special inducements to the weavers of silk fabrics. Our climate and general semi-tropical conditions make the Southwest a natural garden for the breeding of silk worms and the production of the raw material. A location where the raw material can be produced close to the mill gates and where free and unfettered labor has come into its own ought to appeal to the business instincts of the Paterson silk manufacturers.

Has It Occurred To You.

THE COST OF BEING A WELL-CLAD WOMAN.

Recently three Philadelphia women who are well informed as to the cost of clothes decided to figure out for themselves how much money is absolutely necessary to clothe a woman so that she will appear to be well dressed.

The following prices, the Telegraph says, are not in any way fictitious, as they are exactly what some one of the three women has spent for each article during the last year and have met the approval of the others. They are not the end of the season's sales prices, but in several instances the articles were purchased in department stores and specialty shops at sales which took place at intervals through the season.

The items included in the woman's allowance of $600 are as follows:

Spring tailor-made suit	$35
Winter tailor-made suit	25
Fur coat or fur set	50
Summer afternoon or evening coat	20
Top coat	10
Evening gown	35
Afternoon dress	22
Two one-piece dresses	40
Linen tailored suit	15
Summer afternoon gown	20
Summer evening gown	20
Lingerie frock	15
Bathing suit	5
Negligees	15
Waists and blouses	25
Combination suits	6
Lingerie	10
Nightgowns	16
Petticoats	10
Gloves	14
Shoes	35
Corsets	10
Hats	40
Stockings	10
Bags	10
Neckwear	8
Total	$507

It will be noted in this list that clothes left over from last year have not been taken into consideration. With dry cleaning they usually can be made to do second duty. Also, there is no question of saving money in this list by employing the inexpensive dressmaker or seamstress. Any woman who understands dressmaking and is also a skilful seamstress has not the same problem as a woman who cannot sew, and she can view the high cost of living and the expense of gowning herself through rose-colored spectacles. But the woman who requires the services of an inexpensive dressmaker finds it at best a hazardous undertaking unless she can direct the cutting and fitting herself. The woman she employs has seldom the advantage of studying the new dressmaking lines from the original models. The expensive dressmaker has to ask high prices because imported models must form a part of her equipment.

UNCLE WALT.

The Poet Philosopher.

The man who pays a trifling tax is always out with battle-ax, condemning this, denouncing that, and talking wildly through his hat. The man who doesn't pay his debts, whose creditor in sorrow sweats, is always finding signs of graft in public men, and guile and craft. The man who lets his weary wife do washing to sustain his life is always active with his jaws discussing needed helpful laws. The man who has no traps to guard has fifteen watchdogs in his yard which howl all night till neighbors weep or call for poison in their sleep. The man who fails in all he tries on some high office has his eyes; oh, he could guide the ship of state, although he cannot pay the freight. The man who has a private jug too often roasts the thirsty plug who boldly seeks the shining bar where forty-rod and bitters are. The man who plays a quiet game in some resort unknown to fame is angry when he hears of chaps who waste their substance playing craps. And some who preach the love of man, the helping hand, the kindly plan, expounding divers creeds and gods, are stuck like beeswax to their wads.

WALT MASON.

[Copyright, 1912, by George Matthew Adams.]

Where Science Fails.

[Washington Star:] "In my opinion," said Farmer Corntossel, "that hired man o' mine is a very remarkable invention."

"Why do you call him that?"

"Because so many inventions are things that ought to work and don't."

Hoping for the Best.

[Detroit Free Press:] "What makes you think he loves you if he hasn't told you so?"

"No matter how disagreeable I am to him he always comes back smiling."

FISH FOOD VALUES.

BY WILLIAM H. KNIGHT.

Sometimes one picks up interesting items from the Consular Trade Reports published by the Department of Commerce at Washington. A recent number contains statistics of the fisheries of different countries. It is surprising to see what a vast quantity of valuable food is supplied to the human family by the denizens of the ocean.

Canada, for instance, which has coasts fronting on two oceans, produced in the year 1911 112,563 tons of herrings and 103,823 tons of codfish. The herring is used fresh, smoked, salted, canned and pickled and about 11,000 tons of it is made into fertilizers. New Brunswick produces three-fourths of the smoked herring, and British Columbia the entire output of dry-salted herring. The total value of the Canadian take is about $2,500,000, which is only 1 1-10 cents per pound for the fisherman. Nearly all the fresh herring comes to the United States, while the smoked and salted product is shipped mainly to the West Indies and other tropical countries.

For smoked herring the fish are given a twenty-four-hour bath in thick brine followed by twenty-four hours of smoking. The fisherman receives 60 cents per barrel for smoking, each barrel containing 224 pounds, or 400 to 500 individual herring. A barrel produces four boxes of smoked herring weighing twenty-five pounds each. The value per box ranges from 40 to 75 cents each, according to the fluctuations of supply and demand. The herring frequents deep water during the larger portion of the year, and it is only during the months that they go to the shore to spawn that the herring catch is profitable.

"As a source of the nation's food supply the fisheries of Great Britain are second only in importance to agriculture. The British Islands are in the midst of fishing grounds of exceptional richness, and large numbers of the people are attracted by maritime instinct to this means of earning a livelihood." There are 25,000 boats employing over 100,000 men and boys engaged in the British fisheries; also a large number on shore are engaged in cleaning, curing, packing and selling the fish.

The value of fish landed from British boats exceeds $53,500,000 annually, and of these more than one-half are exported. The business is of great value to the kingdom in another way, as it accustoms many boys and young men to a seafaring life and thus, to a certain extent, fits them for naval service. It is one cause of the efficiency of "the mariners of England." The German government recognizes this value and gives a premium of $240 to $360 (according to the size of the boat) to masters of vessels thus employed, and in addition to that grants a subvention to herring-fishing companies of $1460 toward the building of those vessels known as luggers.

But Germany cannot supply her own wants. In 1911 Great Britain exported to Germany alone 1,319,220 barrels of salted herrings. But during the same year the importation of fish of all kinds into Great Britain amounted in value to $19,466,000.

There is another specialty which the Germans import, both from England and the Netherlands—a fish called "monks," not unlike the flesh of the sturgeon, for which they pay about 5½ cents per pound without the heads. The buyers cut the fish into small strips and smoke and sell them under fancy names at fancy prices. The total importation of these fish in 1912 was 419 tons.

The skate, ray and thornback belong to a class related to the shark. They abound in German waters and were formerly thrown overboard as of no value and are not now in favor in Germany. But the shrewd Germans have learned to utilize this discredited fish. They cut it into small pieces which are smoked and sold to the public under various names. At the auction sales these fish bring only $1.20 per hundred pounds. In 1912 the whole catch of these fish amounted to 1248 tons.

The market price in Germany of eighteen enumerated kinds of fish ranges from $1.20 to $2.80 per hundred pounds, but halibut is worth $3.70, turbot $14, and sole $16.60 per hundred pounds.

The fisheries of Norway are a valuable asset in that country. During the quarter ending March 31, 1912, they exported sardines to the United States to the value of $264,576. Germany is also a large consumer. During the past year they shipped to that country 250,000 cases of 140 pounds each. But they only received from 35 to 50 cents per case.

Greece, though having the largest shore line proportionately of any country in the world, cannot secure enough fish from its own waters to meet the wants of its inhabitants. It imports annually from far-off Labrador and Newfoundland 42,000 quintals of cod of 112 pounds each. These are delivered in Greek ports at the price of $5.60 per quintal. Greece also imports about $100,000 worth of smoked herring each year.

The Sweet Singer of Ro.

[Letter to New York Sun:] I read with exceeding interest the Sun's editorial article on Ro, the universal language as proclaimed from Marietta, O. Having the degree of A.M. from Marietta College, my interest is thereby intensified and I have written a little verse to Ro, the only Ro poetry, I fancy, ever presented in these parts. The lay reader may see for himself how gracefully and affluently the new language lends itself to rhyme and rhythm, and yet it is as intelligible as the "highbrow" poetry of ordinary language:

Ah el ivi mutfa;
Ab el nivis ag;
Ak nel awar mutka—
Wuy kix abouta jag?
Ne, ab el is ilid;
Acaz as ad rem,
Ac wel os koj ovo—
Wuy ava dig at em?

The reader will note that some of the words of Ro sound very like plain English, but they are not that at all, though the similarity indicates the ease with which those speaking English or American can acquire Ro.

W. J. L.

New York, April 29.

An Obedient Maid.

[Weekly Telegraph:] The mistress came downstairs and tried the door of the sitting-room, only to find it locked against her, while the key, which was usually in the lock, was missing.

"Bridget, I can't get into the sitting-room," she cried.

"Shure, it's meself knows that; an' ye won't, for I hev the kay in me pocket."

"Open the door immediately."

"Will yez go in if I do?"

"Certainly I will."

"Then yez won't get the kay."

"Open the door I say. What do you mean?"

"Sure, it's by your own orders. Just yesterday ye said: 'Don't let me come downstairs in the morning an' see any dust on the sitting-room furniture.' So I just puts the kay in me pocket, an', says I, 'Then she shan't!'"

Pen Points: By the

Montenegro is the Lew Dockstader of the concert of the nations.

Ah, there, Mrs. Grundy, how are you doing about marrying off the girls?

The California House has passed the anti-tipping bills. Three cheers for Tightwad!

Since Secretary Bryan made his Paul Revere ride to California he is also known as the First Aid to the Navy Corps.

China, too, will protest against the alien law passed by the California legislature. They want to get in while the getting in is good.

Sounds funny to hear that the Socialists won in the desert town election, but in spite of the vote it is awfully hot there at times.

Next Monday is the date upon which agreed upon for the slow-motion session of the California Legislature. Who's counting the hours?

Former residents of Connecticut will form a State Society in Los Angeles. A wooden nutmeg will probably be the badge of the new organization.

Oh, yes, the summer season has opened up at Redondo Beach. A shark was seen, it is reported, towed a tuna fish on a trolley line. Quick, Watson, the needle.

A water famine is predicted in San Francisco. But why worry? What is the matter with Los Angeles beer? Is there a cloud the cloud has a seal brown lining.

Judging by the daily eruptions of Thomas Riley Marshall it would not have been much worse if Holy Hiram Johnson had been chosen to the seat of the mighty.

Quite a number of Mexicans who have no adequate life insurance are desirous to make the race for President. Even Huerta is holding on to the job by the skin of his brows.

President Wilson has arranged a short trip seaward every Saturday. This will give him an opportunity to secure needful rest and he will also be heard in the solo part of the anvil chorus.

If Secretary Bryan proposes to insist upon furnishing his diplomatic guests with pure grape juice California has a distinction that she will be willing to dispose of at so much per case.

It is reported that the Duke of Manchester to this country will marry a rich Boston widow. There must be "something rotten in Denmark" or he would not be leaving the Copenhagen belles.

No wonder the Chinese are all stirred up over the proposed five-power loan. It is called the consortium. What do they know about that? The Celestials evidently think it is something that chows.

The charge of white slavery, when run down, appears to be something in the story of the three black crows—that is, the crows at all, but were as black as crows. When will this hysteria run its course?

A lad has disappeared from his home in this city and his mother declares that she is obsessed with a desire to travel when there is a new moon. A slipper properly applied would cause the symptoms to disappear.

King William believes in encouraging home industries. The treasurer of his daughter, Princess Victoria Louise, will bear the hall mark, "Made in Germany." The offspring of the new couple will also bear the same tag.

A huge green-eyed fish is reported by fishermen away from the usual haunts at Santa Monica. Is this the "green-eyed monster" referred to in "Othello" that eats the meat it feeds on? Try a can of deviled crab on the "varmint."

Our idea of a man with a job in his hands is George W. Guthrie of Pennsylvania, who has just been appointed ambassador to Japan. He will have to rub noses with the Geisha girls and sip tea with the tiny Japanese houses.

An imposing memorial of Thomas Jefferson has been dedicated in St. Louis. He is the distinguished Democrat who was attacked so vigorously in Woodrow Wilson's book. But that was before he had the "open mind" on the Presidency.

It, as admitted, the revision of the tariff will not reduce the cost of living, what's the revision? It is quite a puzzling proposition to reduce the prices of everything we want to buy and increase the prices of what one has to sell, whether it is goods or labor.

The House of Commons has passed the Irish home rule bill some months ago and again do so within a short time. Then the passage will make it a law without the consent of the House of Lords. We can please recite: "Where the Shannon Flows and Kerry Rise."

IN INTERRUPTED PRAYER.

A priest there was, at worship in his
His prayer and adoration filled the place
And rapturous silence held the
When suddenly a sound the
Shrill cries parted the
And to the altar, like a
An injured kitten ran, and

Without apology to God or
The priest, with humble
one
Turned from his
tered—
A moment tender!
swept
The devotees. Some
tears;
Still others sent
Around, as if to
That such a little
His high and holy
Thee?"

Up and Down Broadway.

HITCHCOCK AT BALL GAME, HANKY PANKY FLITS BY.

"Red Widow" Company Guests of Hen Berry and Pat Jinx on Local Players—Later Go to Mason in Evening and Mack Falls Overboard—About That Hanky Special.

BY GARDNER BRADFORD.

HANKY PANKY will pay us a very short visit this morning. The 110 members of Lew Fields's all-star company to be seen at the Majestic next week will pass through Angeles this morning on their way from San Diego from Salt Lake in a twelve-car special train.

The Hanky Panky special is made up entirely of sleepers—yes, on these trips. I understand the whole train is heavy sleepers and I don't know that they will any of them take time enough to be dressed this morning in order that they may telephone down to the office and inquire the extent of the advance sale of seats.

Raymond Hitchcock, Will Wyatt and Pat Berry did their best to outdress each other yesterday. The Hitchcock "Red Widow" company were the guests of the baseball magnate yesterday at Washington Park. Ed Ridolle and all the rest went and afterwards she confided that she only believed that hubby was in Ridolle's dreams. He denies it. He declares that if Bill Rum had released Minerva—the result would have been different.

Also among the ball players of the home were the guests of the "Red Widow" company and Manager Mack and the company had no end of fun poking over jokes at the expense of the visitors.

It is a notion, though, that I have on the real Jinx. None other than E. Mack, in fact. Else why did he fall off the platform during the first act.

Yesterday morning I printed an exclusive "beach" to the effect that Florence Reed would probably succeed Miss Reed at the Morosco at the conclusion of the latter's engagement the first of June.

It developed that Miss Ferguson's contract for the Morosco was yesterday consummated in New York and the little lady is already on her way to Los Angeles.

And on the same train journeying westward for a little rest before appearing in Paul Armstrong's new play, "The Pirate," is Dustin Farnum.

All of which reminds me that the Petulant Paul's auto has arrived and he is expected on any train from Chicago.

Yes, they're coming thick and fast. Charles Kenyon, the author of "Kindling," is due to arrive from San Francisco this morning with Oliver Morosco.

Kenyon has just completed a dramatization of a story said to come from the pen of the well-known San Francisco writer, Peter B. Kyne, and which Oliver Morosco has accepted for early production at one of his local stock houses.

Daisy Jerome, now at the Orpheum, is looking for new songs, but declares that it is next to impossible to get them in America. "The music is lovely," she declares, but she does not like our words. In her opinion, "Alexander's Ragtime Band" and "Robert E. Lee" are our best.

No wonder, though, that Daisy has trouble. Most of her songs are of the double-meaning sort, very rare in this country. Why not try the French, Daisy, they are strong when it comes to risque offerings.

I learn that Ben Linn, who used to be the fat feature of the Pianophiends, is heading towards the Orpheum all by himself. Well, there is many a stout party who was large enough to pass for a quartette.

Pauline Frederick has been picked by the noted artist, Harrison Fisher, as his ideal type of American beauty. Many not as expert in femininity as Fisher have accorded her this honor for several years.

Just to keep things interesting the opening of Dick Bennett at the Burbank is only four weeks away. It has been decided that Bennett's first appearance shall be made in "The Concert." This is one of the real hits of the last three years, and is particularly well suited to the talents of Bennett.

The second vehicle, I understand, during his engagement here, will be Brieux's "Damaged Goods," in which Bennett is now appearing at the Fulton Theater, in New York.

Morosco originally announced that this would be given for one special matinee performance only, but the interest has been so general in seeing a presentation of this terribly frank play, that Morosco has practically decided that it shall be given as a regular attraction for at least one week.

Tomorrow a photo-play theater, of unusual architectural importance, will open its doors at No. 737 Washington street.

In decoration, and illumination it will eclipse anything heretofore attempted in such places of amusement, away from the business center, with new features of convenience for the public.

Tomorrow afternoon at the Auditorium Eugene Ysaye will present his farewell programme in this city. During his stay in the Southland he has enjoyed great success just as in his eastern dates this year. When one recalls that he has enjoyed twenty-seven appearances in New York City alone in one season they may well believe that he is revered and beloved by all musicians.

Last night he played in San Diego, tonight he will be in Santa Barbara, returning early for his farewell at the Auditorium tomorrow afternoon.

With a view of preparing a more varied and extensive programme, the vaudeville entertainment announced by the Egan School of Music and Drama for tonight, has been postponed until the following week, when a double programme will be given on Wednesday and Thursday evenings, May 14 and 15, at the small theater on the eighth floor of the Majestic building.

Hundreds of people congregated at the corner of Fifth and Spring streets yesterday and traffic was made difficult most of the afternoon by the throngs eagerly watching a strange man kite about one hundred and fifty feet directly above the corner.

The kite carries a dummy man, cleverly manipulated from the roof of the hotel building by two mechanicians, and many of the spectators have probably not yet discovered that the object struggling vainly in the wind to keep from being crashed against the cornice of the top floor of the Alexandria was only a mechanical figure and not a real man.

The kite is operated by Stephen Perkins, formely aerial expert for the United States government, and its present appearance over the streets of Los Angeles is one of the clever advertising features of the "Hanky Panky" jumble of jollification which opens at the Majestic Sunday night.

If Guy Eddie were on the job it never would occur. What? Well, as I remember when "The Girl in the Taxi," was here, said party started some disturbance about thinly-clad young ladies called art models.

And now the Empress next week will offer as their headline feature a posing act called "My Ladies' Fans," which a San Francisco friend of mine tells me contains a whole chorus of thinly-clad—yes, exceedingly so—young ladies who were evidently selected for their face and figures, for they don't have to sing.

After a period of darkness the Lyceum box office reopened yesterday for the sale of seats for the opening there on Sunday night of Kolb and Dill in "Peck O' Pickles." Once again I see the face of Sir Michael Corper decorating the atmosphere back of the little brass bars.

The Burbank and Morosco companies are evidently out to see who can achieve the longest runs with their respective offerings. Yesterday morning the Morosco announced that "Old Heidelberg" would be continued for another week, while last night came the definite decision of the Burbank people to continue "Get-Rich-Quick Wallingford" for another week.

May Irwin has added a laughing night-cap to her most successful comedy, "Widow by Proxy," in George Ade's comical one-act play, "Mrs. Peckham's Carouse," thus giving her audiences double laughing-measure. One critic declared that either end of her double bill was funnier than anything else in New York today, and the two combined made a programme that defied adjectives.

In a recent interview, May Irwin declared that she had no ambition to play Shakesperian roles, but that she would like to appear in grand opera, provided the opera was written in rag time.

Gaby Deslys and Harry Pilcer will again dance at the London music halls this summer. Gaby likes America better than England, but she believes in giving her public a vacation.

Irene Bordoni, the chic little French singer who appeared at the Winter Garden last winter, has written to the Messrs. Shubert informing them of her success in a new production just staged in Paris at the Theater des Capucines.

Sam Bernard is going abroad this summer in search of a new musical play for American consumption. "All for the Ladies," however, will be used by Mr. Bernard as his vehicle for the greater part of next season.

Virginia Earle, who originated the role of Molly Seamore in "The Geisha," when that piece was first produced at Daly's Theater, has been engaged to succeed Lina Abarbanell in the star revival of that piece now current at Weber & Fields' Forty-fourth-street Theater, New York.

Florence Reed and William Desmond,

In the final scene of "Heidelberg," the great play of German student days, which has achieved a distinct success at the Morosco Theater.

War on Bush.

ANGEL RALLY KILLED BY CALLED THIRD STRIKE.

Page Has Words With Umpire on Final Blow, Fined and Canned From Game—Seals Wallop Angels Five to Two—Shuffling Bill Bends Many Warps Around Uncle Hanks' Men.

BY HARRY A. WILLIAMS.

WHO was the most unpopular person at yesterday's ball game?

Answer: Garnett Bush, umpire.

Even Mr. Bush will not attempt to deny this. He knows it because several thousand fans "booed" him until they were black in the face, a bunch of them trailed him to his dressing-room, and a group of women hissed him as he left the park ten minutes later.

That ought to convince any man, let alone an umpire, that he is not in line for any popularity prizes.

San Francisco won, 5 to 2. But let the game wait. There is a more exciting story to be unfurled.

The incidents were the culmination of an exhibition of judging balls and strikes which the Los Angeles players characterized as "the most rotten ever seen on the local grounds."

THE BOILING POINT.

Trouble, which had been smoldering all the afternoon, reached the boiling point in the ninth inning. The climax came when in the middle of an Angel rally, Bush called a third strike on Billy Page that the latter said was scale high. Maggert had been fined $5 earlier in the game for disputing a third called strike.

As the ball shot by, Page threw away his bat and started for first, thinking it would be called a ball.

"Three strikes," shouted Bush, raising his right hand.

There was a roar of disapproval from the stands.

"You're a d—l liar," Page lashed back with the sharpness of a pistol shot, turning on the bulky umpire.

"Ten dollars for you and out of the park," snapped back Bush.

Page did not show precipitate haste in leaving, and after reaching the bench invited Bush to come outside with him. Usually the most tractable of players, Page was livid with rage, and this very fact led many to believe that he had a righteous kick coming.

A minute later Ellis had been retired at first for the final out.

This was the signal for the fans to swarm down out of the right field bleachers, and they surged in the direction of Bush with a roar that could be heard a block. Bush, without waiting to argue the matter, climbed into the grand stand and elbowed his way to the dressing-room.

Several of the bleacherites climbed over the rail at his heels and took up the trail. "Boots" Weber and other employees of the park beat Bush to the room, and saw that no violence was attempted. One large, strong gent, however, tried to kick the door down before he could be restrained.

Bush later left the room unmolested, but there was the gleeful sound of feminine hisses as he passed a group of women near the park entrance. This was the unkindest cut of all.

Bush stated that he would immediately wire to President Baum recommending a suspension for Page.

The Los Angeles players are almost in rebellion.

"The way they are soaking it to us, some of us will be in debt to the league by the end of the season," said one of the players. "A man wouldn't have any more spirit than a jellyfish if he stood for this kind of umpiring without making a kick."

"Bush's work has become intolerable," said Dillon out in the clubhouse. "Page is not an umpire baiter, but there are times when patience reaches the breaking point."

Back to the game, and the conquests of peace.

THE TALLEST PITCHER.

Introducing one of the tallest pitchers in the entire country. Name: "Shuffling Phil" Douglas. Residence: Rome, Georgia.

This person was the underlying cause of the Angel's defeat. Douglas throws a cupidonian pill of fervent behavior. When "Shuffling Phil" tilts his nose toward the heavens, rolls back his eyes like a calf with the colic and licks the surface soil off the ball it is a pretty sure sign that some one is going to strike out.

There seems to be a perfect understanding between Phillip and his "splitter." He struck out ten of our very best batters yesterday.

Battle-scarred Jack Ryan, his pitching arm swathed in a woolen stocking to keep aglow the warmth of youth, was overtaken by misfortune in the eighth inning, when three hits and the same number of errors gave San Francisco four runs and shattered a 1 to 1 tie that had existed since the third inning.

San Francisco went over the bases in the first inning. Jimmy Johnston walked with two down, and stole second. Hogan rifled a double to right

(Continued on Fourth Page.)

Champs Beaten.

"SPIDER" BAUM IS IN RARE FORM.

Tigers Spoil Pretty Ceremonies for Pirates.

Mitze's Protest to Be Made a Test Case.

Game Called In Seventh; Wet Grounds.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, May 8.—[Exclusive Dispatch.] Manager Mitze's protest of Tuesday's game because Catcher Elliott's presence gave the Venice team twenty-one men, one over the limit set by the National Commission on class double A leagues, may stir up something big in the Coast League.

The rule is a new one, just going into effect this year, and President Baum is going to submit the facts to the National Commission for a decision. Personally, he does not believe there is room for protest, but he wants to get some official ruling.

President Baum is anxious to have the rule amended or set forth so that an injured player will not be included in the twenty-man limit.

A programme of ceremonies to crown the Oaks champions of 1913 was the order of the afternoon at Oakland. Even the sun came out from behind dark clouds for a brief few moments to shine down on President Allan T. Baum as he presented Manager Carl Mitze with the streaming white pennant emblematic of the championship of the Coast League for '13, and everything ran smoothly until Happy Hogan and his Venice rooters insisted upon taking a hand when the flag was presented to Mitze. Happy tried to bull it away and then followed it up by grabbing an abbreviated seven-inning contest by the wide margin of seven runs to nothing.

SPIDER IN FRONT.

Spider Baum was in rare old form and held the champions in check all the way, and set them down with four hits. Jack Killilay, on the other hand, blew up in the seventh inning and Arnoll came to the rescue to finish up where Killilay had left off.

The big blow off happened in the seventh. Baum, first up, hit one almost to the left field fence for a double. Carlisle flew to Zacher and Meinan hit a triple to right that Coy just failed to reach. Baum walked home. Bayless walked and Brashear single d to right which scored Meinan. Hoop followed with a safe drive to center, scoring Bayless. Capt. Hosp ling called a halt and sent Pernoll to the firing line.

Right off the reel Patterson raised a fly to right center, which went for a single when Coy and Zacher got their wires crossed. This filled the bases and walks in succession to Sullivan and Elliott forced in a couple of runs. Baum, up for the second time, fanned, and Carlisle popped out. Five runs were made during the inning.

The Oaks could not do anything in their half and Umpire Held called a halt because the rain, which had been falling for a couple of innings, came down in a stream. The usual half hour was waited and then contest was called on account of wet grounds.

The score:

VENICE.

Left on bases—Venice, 5; Oakland, 4. Bases on balls—Off Killilay, 1; off Pernoll, 2. Struck out—By Killilay, 4; by Pernoll, 2. Hit by pitcher—Killilay (Bayless). Passed ball—Elliott. Time of game—1:30. Umpires—Held and Finney.

COMISKEY TO RETIRE FROM ACTIVE WORK.

[BY A. P. NIGHT WIRE TO THE TIMES.]

CHICAGO, May 8.—Charles A. Comiskey, owner of the Chicago Americans, is planning his farewell to the game he has helped make famous. After the White Sox finish their tour of the world next winter he will retire from the active management, he told friends last night.

"After the trip around the world the coming winter, I will be through with baseball," he said. "Beginning with the trip, I will take a real vacation and some one else will have to look after the team. I have been at it a long time—I don't like to say how long—for my friends might think I am getting old."

GANDIL OUT OF GAME.

CHICAGO, May 7.—[By A. P. Night Wire.] Gandil, the heavy-hitting first baseman of the Washington American League team, will be out of the game probably for a week owing to the inflammation of a recently-injured toe. The team opened its first western series of 1913 here today.

Victory at Last.

JUDGE MUNSELL STOPS BEAVERS.

Wolverton Through With All Slab Experiments.

Krause Forced to Take a Back Seat.

Wolves Make Some Very Timely Singles.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, May 8.—[Exclusive Dispatch.] With their pitchers going right, the Sacramento Wolves will get away with their share of the victories from any team in the league. This has been the tale of Cap. Wolverton for the last month and today he furnished evidence in support of his theory, when Munsell held the Beavers to four hits and the Wolves slapped Southpaw Harry Krause in the pinches for a 4 to 1 victory. It was the first win for the locals in the series. Portland's two victories have been directly traceable to experiments. Johnny Williams, Sailor Stroud, and Frank Arellanes, all known quantities, will take care of the three remaining games with the Beavers.

Krause, with his Philadelphia American reputation behind him, was forced to admit that Munsell and the Wolves were more than a match for him. Timely hitting followed a walk in each of the second and fourth innings for a Sacramento run, and then in the seventh, just to show that they were not dependent on free passes, the Wolves pounded out two clean hits and a sacrifice and then put over a neat squeeze play by way of variety for the final scoring of the session.

MUNSELL IS THERE.

Munsell, who held the Beavers to three hits in Portland last month, but lost his game, reaped his revenge today when he allowed the Northerners four hits, one of them a scratchy affair, and would have been credited with a shut-out victory had it not been for his own erratic peg to first to catch a runner napping. Munsell had all the better of it in the pitching argument, although Krause was good enough to make it a tight battle.

In the second inning Swain drew his first walk, and stole second when Krause threw late to first. O'Rourke drove one through Derrick's territory which Rodgers all but stopped and Swain scored from second.

The Beavers tied the score in the third when Krause drove one towards short, O'Rourke diverting the ball away from Young. Krause was forced at second by Chadbourne, who went to second when Munsell threw wide to first to catch his man with a big lead. Doane laced out the first clean Beaver hit to left center and Chadbourne romped home. That ended the Portland scoring, only one man getting beyond second in the rest of the game.

In the fourth Swain walked again and that was the turning point of the game. For Kenworthy and O'Rourke drove singles to left and Swain scored his second run, breaking up a one to one tie.

There was no more scoring until the seventh when Kenworthy opened by driving one through McCormick for a single. Patsy O'Rourke rattled the center field fence for a double scoring Kenny, and went to third on Tennant's sacrifice. Wolverton hung out the signal for the squeeze play and Jack Bliss dumped a neat bunt down the first base line, O'Rourke scoring as the play was made for an out at first.

The score:

PORTLAND.

	A.	R.	B.	P.O.	A.	E.
Totals	28	1	4	24	11	0

SACRAMENTO.

	A.	R.	B.	P.O.	A.	E.
Totals	33	4	7	27	11	1

SCORE BY INNINGS.

SUMMARY.

Two-base hits—O'Rourke, Doane. Sacrifice hits—Bliss, Krause, Tennant. Stolen bases—By Krause, 2; by Swain, 2. Double plays—Bliss to Derrick; Rodgers to Derrick; Rodgers to Young to Derrick. Bases on balls—Off Krause, 2; off Wolverton, 2. Struck out—By Krause, 2; by Wolverton, 4. Hit by pitcher—By Krause, 1 (Doane); by Wolverton, 1 (Bliss). Passed ball—Rodgers. Time of game—1h. 55m. Umpires—Finlay and Fisher.

CHINESE TO MEET U. OF I.

CHICAGO, May 8.—[By A. P. Night Wire.] The Chinese baseball team of Hawaii arrived here today from Milwaukee on its way to Urbana, Ill., to play against the University of Illinois nine tomorrow and Saturday.

STOVALL MAY GET OFF WITH FINE.

[By Wireless Line to The Times.]

CHICAGO BUREAU OF THE TIMES, May 8.—[Special Dispatch.] George Stovall, suspended manager of the St. Louis Browns, today had a conference with President Ban Johnson of the American League and gave his version of his trouble with Umpire Ferguson in a game at St. Louis last week.

No action looking to a lifting of the suspension was announced, but the American League dictator expects to meet the directors of the St. Louis club later in the week and it is confidently believed Stovall's life sentence will be commuted and a heavy fine imposed.

It is said in Stovall's behalf that his permanent suspension would be a rank injustice to the club directors because his services as manager are worth more than any individual player.

COUNTRY CLUB GOSSIP.

BY ALMA WHITAKER.

THE women's golf championship for Southern California will begin on Monday next at the Annandale Country Club. Medal play for the qualifying round of eighteen holes starts at 1 p.m.

For which reason the Annandale links have been gay with bright colored sweaters and becoming hats this week and ardent aspirants have been practising assiduously.

At present it would seem that the necessary sixteen entries are assured and Mrs. E. R. Williams, the Coast champion, who has charge of the tournament, feels confident that the meeting will prove a success. Annandale is a very popular club with the women players as the links are much less complicated. There are five entries from the home club in the persons of Mrs. Williams, Mrs. Van Dyke, Mrs. Eliot, Mrs. Herbert Nunn and Miss Wright, while the Los Angeles Country Club will contribute at least half a dozen. Three entries from the San Gabriel Country Club—Mrs. C. A. Ferley, Miss Marion Clark and Mrs. Scales are assured, and there is every reason to suppose that the Victoria Club, Riverside, will contribute at least four players— Mrs. Martin Chase, Mrs. Harry Kearns, Mrs. Howe and Mrs. Howett.

Should the full quota of sixteen players not be forthcoming there will be many uncomfortable formalities to overcome before the event can be held again, so it is to be hoped the women players have the game's interests at heart sufficiently to make a point of supporting the present occasion with their personal enthusiasm. Unfortunately, Mrs. Kennett, who holds the title is away, but two ex-champions will compete.

San Gabriel Matches.

A few belated matches left over from the San Gabriel Country Club's invitation tournament have taken place during the week and Harry A. Cole stands forth as the winner of the second flight cup. It will be recalled that owing to a misunderstanding during his match with the Rev. Cornett of Annandale the decision had to await a committee's judgment. Cole then played A. C. Sallery of Long Beach in the finals and defeated him by 5 up and 4.

Ross Hickox is the winner of the third flight defeated eight, and Mr. Harpham of the fourth flight. Only one match remains to be settled—that between Drake and Ainsworth in the fifth flight defeated eight.

By the way, don't forget the last club dance of the season at San Gabriel takes place Saturday, May 17. It is going to be the largest and jolliest of the season to wind up the series.

Los Angeles Country Club.

And a gigantic qualifying round for the president's and directors' cups will take place at the Los Angeles Country Club the same day—Saturday, the 17th. Sixty-four to qualify and proceed at match play without division into flights.

Select Few.

TROJAN DOZEN LEAVES ON NORTHERN CONQUEST.

BY AD G. WADDELL.

A SKELETON track squad left on the "Lark" last night to represent the University of Southern California in the Pacific Coast intercollegiate championships at Berkeley tomorrow. An even dozen composed the Trojan band. Ten honest-to-goodness athletes, Boyd Comstock, the boy coach, and Warren Bovard, graduate manager.

The cream of the Methodist cinder-digging guild was left behind. Charley Bergstrom was skimmed on account of being only a prep.; and the rules require that all contestants in the Pacific Coast championships be at least in the thirteenth grade. Bovie's star pole vaulter remained on the trackless side of the bars at the Arcade and watched his team mates depart, with a depressed expression on his mush.

Bradley, the diminutive sprinter, showed up at the depot, doing porter duty and lugging Fred Kelly's suit case. When the "dangerous dozen" drifted through the gate Bradley looked over his padded glasses, wished all the fellows God's speed and said he was sorry he was out of condition and had to stay "to hum."

"Chuck" Swiggert, the two-miler, was not on hand. The fact that he was out of form and had to be passed up was either too much for his temperamental constitution, or he had much business with some co-ed.

Throop, Carrigan and Courtney were not in the scene. The fast trio could not make the boat and evidently thought it was enough to go to the train. Courtney is ineligible on account of his transferring from Washington. Throop and Carrigan are on the sick list.

Tipton is in the anatomy garage, being overhauled after a siege with the mumps. Berger did not accompany the team, as he is in a bad way physically, owing to the curse of the mumps, which hit the U.S.C. team such a hard rap this season.

There were only a few of the faithful ones on hand to send the Trojans on their way rejoicing. The team was so shattered and hopes of winning glory in the north had glimmered so low, that most of the rah! rah! people had no desire to send their men away with music and fussing.

The busiest man of the tribe was Capt. Linton Smith. He was clowned up in a "Beaner" straw hat, wore a rose spiked to the lapel of his coat and attracted more attention than the great Fred Kelley and the pickled traveling man who insisted that he belonged to the team.

Ben Ward went along this time. He says he is overdone and expects to make a cleaning in the hurdles.

Fred Kelley didn't feel at his best when he left, but said that he will do that little thing to them all when the noise starts. The relay and Kelley's count in the two hurdles and shot is about all U.S.C. hopes to get out of the trip.

Hodge and Laird are in better condition than the other men on the team and are expected to make a cleaning in their rounds of the relay.

Livernash is expected to come through and may add a point or two to the southern total.

Stonewall Jackson showed up with a big smile on and told the crowd he wasn't sure that he would win any races, but expected to make a lot of other ginks run faster than they ever did in the relay.

Coach Comstock had little to say regarding the showing he expects his men to make. "You see, it's this way," he offered, "if all those northern teams, Oregon Aggies and the rest of them were going to enter, and we had our full team in the field, and if the men were all in condition, we would win, but as it is, we only hope to muss up a few records and take the relay."

MANY FAST STEEDS FOR TRACK MATINEE.

Twenty-two pacers and trotters have been entered for the Los Angeles Driving Club matinee, which is scheduled for May 30 at the Exposition Park track. The programme is to consist of five races, three class trotting events, a 2:20 pace, and the free-for-all pace.

The entries are:

Pacing, 2:30 class: Kildare, blk.g., (H. M. Bait, owner and driver;) Capt. Todd, br.h., (S. H. Wright, owner and driver;) Burney, b.g., (W. G. McGough, owner, and A. J. Field, driver;) Zelmo, b.h., (Sam Watkins, owner and driver;) Catalina Bell, ch.m., (Charles Chick, owner and driver.)

Trotting, 2:15 class: Piedmont Boy, ch.h., (J. R. Vrooman, owner and driver;) Etta McKenna, b.m., (J. S. Nickerson, owner and driver;) Nerratts, ch.m., (James McGuire, owner and driver;) St. Patrick, b.h., (L. Schneider, owner, and W. G. Durfee, driver.)

Free-for-all pace: Romwolsey, b.h., (C. A. Holcomb, owner and driver;) Tim Whiffler, b.g., (Joe Walker, owner, and F. E. Ward, driver;) Nordwall, br.h., (L. E. McLellan, owner and driver.)

Trotting, 2:18 class: Maire, b.m., (J. W. Nickerson, owner and driver;) Zomline, blk.m., (J. H. Williams, owner and driver;) Bonnie Ted, b.g., (Davie Thomas, owner, and D. Thomas, driver;) F. S. Whitney, b.h., (McKenzie & Sutherland, owners, and R. F. Sutherland, driver;) Victor Mack, b.h., (E. A. Montgomery, owner, and W. R. Murphy, driver.)

Trotting, 2:16 class: Danube, b.g., (Thomas Smith, owner and driver;) Lady Goldsmith, b.m., (Sam Goldsmith, owner and driver;) Jeff, b.h., (Sam Watkins, owner and driver;) Major, b.g., (W. J. Thomas, owner, and Charles Nickerson, driver;) Armand Lou, ch., (C. A. Holcomb, owner, and driver.)

MANY ENTRIES FOR ONTARIO TRACK MEET.

[Special Correspondence of The Times.]

ONTARIO, May 8.—With the fourth annual track and field meet and all-day May festival of the County Young Men's Christian Association to be held on the Chaffey High School campus, this city, on Saturday, but two days distant, indications are that this year's event will eclipse all previous similar events of the association.

More than one hundred boys of the high and grammar schools of this and surrounding cities have entered their names for the meet, and competition promises to be of the keenest.

New features added to the meet this year are the May pole winding, in which the grammar schools will complete, the voller-ball contest and a spelling match, which will be held in the Chaffey auditorium.

WALNUT BOY DEAD.

WARRENSBURG (Mo.) May 8.—[By A. P. Night Wire.] Walnut Boy, famous pacing stallion, who made the fastest pacing record of any breeding horse on exhibition at the Columbian Exposition in Chicago, is dead here. The horse was owned by John Callison, a well-known breeder of pacing stock, and was 27 years old.

Set Back.

COFFROTH TAKES DECIDED STAND REGARDING M'CAREY

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, May 8.—[Exclusive Dispatch.] Coffroth received a wire from Benny Walker today asking if he was coming to Los Angeles to start a fight club in opposition to McCarey. Nothing was said about Daly City, but Coffroth rebuked Walker for mentioning opposition to McCarey. In reply to Walker he said: "Los Angeles newspapermen and others have invited me to Los Angeles and have said that they will welcome me with open arms. None of them, however, said anything about opposition to McCarey."

Coffroth is of the opinion that Walker is working hand in glove with McCarey.

Coffroth said further that the story about his invading Los Angeles came from the south while he was in Sacramento fighting against the anti-fight bill. He says nothing definite has been done in the matter, but intimates that he would welcome the chance to break into the Los Angeles field. Up here he is in a field where there are four professional boxing clubs, twelve class B clubs, which are known as the "amateurs" and promote four-round goes, and one at Daly City. Oakland has two fight clubs. Down in Los Angeles he figures he would have to buck against one club, McCarey's.

DODGERS DEFEAT CUBS WHEN EVERS BOOTS.

[BY A. P. NIGHT WIRE TO THE TIMES.]

BROOKLYN, May 8.—Brooklyn defeated Chicago, 3 to 1, today, largely through Manager Evers's errors, two of his three misplays paving the way for Brooklyn's two runs. Both pitchers were effective, three hits each being all that Lavender and Rucker allowed. Chicago's solitary run was scored by Schulte on a hit by pitcher, a steal, Miller's wild throw and an out. The score:

ALL CHINESE TEAM GUESTS OF COMISKEY.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

CHICAGO BUREAU OF THE TIMES, May 8.—[Special Dispatch.] The conquering band of Chinese-Hawaiian players arrived in Chicago today on their triumphant tour of the States. After resting at the Hotel Warner, the Islanders will go to Champaign, where they play George Huff's Illinois team tomorrow and Saturday.

This afternoon the Hawaiians were the guests of Charles A. Comiskey at the Sox-Washington game. Capt. Kau Yen expressed himself delighted with the success of his men. So did Manager Sam Hop. The Chinese have been in the States since the first of March and have played over thirty games, winning the major portion of them and making a great record. Only the other day they routed the Minnesota team in a one-sided battle. Two years ago the Chinese players were in Chicago and met the Gunthers at the White Sox Park.

WESTERN A. C. HAS MANY BOXERS READY.

The Western Athletic Club is to have one of the largest delegations of boxers in the annual Southern California amateur championships next month, that has ever represented any athletic club in the south.

Billy Hart is conditioning about ten boys to take part in the big show that will be held at the Los Angeles Athletic Club and these lads should be in prime condition as they take part in the weekly smokers that are being held at Hart's Club every Saturday night.

Charley Carroll, the husky sailor who disposed of Bob Summerville last Saturday night in one round, will be one of the main event cards and Claude Mitchell, the local light heavy, his opponent. This bout should be a hummer from the first gong to the last and a real scrap should be the outcome.

There will be seven other bouts between lesser lights and some fine entertainment is surely in store for those that are able to take in the night's entertainment.

One of the feature bouts of last Saturday night's show was the bout between George Blake, the popular referee, and a 260-pound unknown. Blake showed some of his old-time speed and kick by putting the big fellow down in both the first and second rounds, the second time to stay. Blake was known several years ago as one of the best boxers in Los Angeles for his weight and also one of the best instructors.

Another.

EDMONDSON IS SOLD BY TIGERS.

Maier Sends Pitcher to the Stockton Club.

Venice is Now Down to Limit of Twenty Men.

May Be Recalled if Griffin Doesn't Deliver.

BY HARRY A. WILLIAMS.

The Venice Tigers have further diminished, not as a pennant contender, but numerically.

Rodger E. Edmondson has been released to the Stockton club, according to an announcement made yesterday by President Maier via Gene Doyle, the "live wire" publicity man of the team.

It is a good bet that Edmondson will be seen with the Tigers later. Hogan was forced to get rid of another man in order to qualify in the twenty-player limit sweepstakes.

President Baum recently stated that he would refuse to recognize any "suspensions" not made by the National Commission, and this put it up to the Coast League managers to divest themselves of all surplus players.

Hogan "suspended" McDonnell and Elliott before leaving for the north. The latter was Wednesday sold to Tacoma. This left the club one above the limit, as Elliott was in the meantime reinstated.

This made it necessary to sacrifice another player, and it was a cinch that a pitcher would draw the blue envelope. That is the only department from which a player could be spared at the present writing. It narrowed down to Edmondson and Griffin, and it was figured that the latter, on account of his experience, would be of more value to the club at the present time.

Griffin, if he shows a return of his major league form, will be retained. Otherwise, Edmondson is likely to be recalled from Stockton later in the season.

* * *

Howard's Seals Make Good.

Del Howard seems to have made a success of the Seals.

Ask Hen Berry if he hasn't. If Hen denies it, lead him to the box scores of the past two days.

Thus far the Seals have been the toughest problem which the Angels have been requested to solve. They are the one club in the league which has succeeded in taking a series from the Dillonites, and they are threatening to repeat in the current spat.

Taken man for man, the Seals do not suffer a great deal by comparison with any other club in the league. At the finish last season they were outplaying their rivals, and they have been bolstered somewhat in the meantime.

Since that time Del Howard has been added to the club in a managerial capacity—a fact that should not be overlooked in figuring the chances of the Seals.

Howard rules the club with a firm hand, but he is not a martinet. The players swear by him, and that means that he is getting the best that they have to offer.

"I didn't make any rash claims for the club in the spring," said Howard yesterday. "However, I did estimate them as a 50-50 proposition, and they are within an eyelash of the halfway mark right now, despite the handicap of a bad start. And we have just begun to fight."

The Seals looked all right on paper during spring training, but it was feared that the "panning" to which they had been subjected in 1912 would take all the spirit out of them.

We are frank to admit that it didn't.

* * *

Some Race This.

It is still anybody's race. The clubs are so closely bunched that they are jostling each other at the first turn.

But six games separate Los Angeles, the leader, from Sacramento, now trailing in the rear, Venice, the runner-up, by virtue of its victory over Oakland, yesterday moved up to within three games and a half of the Angeles, while San Francisco's win put the Seals within a game and a half of the Tigers. The same narrow margin separates the Oaks from the Seals, while Portland is but a game and a fraction behind Oakland. The Wolves are so close to the Beavers that McCredie is figuring each day's possibilities on a fractional basis.

Pick the winner and become a hero.

American League.

DUBUC SCORES TWO RUNS AND YANKEES DEFEATED.

[BY A. P. NIGHT WIRE TO THE TIMES.]

DETROIT, May 8.—Pitcher Dubuc, rushed into the game in the first inning as a pinch hitter, bounced a hit off the left-field wall and scored two runs which were enough to defeat the visitors today. The final count was Detroit, 3; New York, 1. Hall, backed by good support, held New York scoreless until the ninth. In this inning Hartsell doubled, advanced on Chase's single and scored on Sweeney's sacrifice fly.

Cobb was reported ill today, and Manager Jennings used three players in right field during the game.

SENATORS MEET BIG WHITE SOX WATERLOO.

[BY A. P. NIGHT WIRE TO THE TIMES.]

CHICAGO, May 8.—Chicago batters drove three Washington pitchers from the mound today and won, 10 to 5. Groom, who opened for Washington, weakened in the fourth inning and was relieved by Gallia. Boehling succeeded Gallia in the sixth after the latter had been benched to allow Schaefer to bat for him. Boehling in turn gave way to a pinch hitter and Cashion finished the game.

Russell held the visitors scoreless until the sixth when three singles, a triple and an infield out gave Washington four runs.

GOOD BOXING CARD SCHEDULED AT VENICE.

When Mike Doll and Stanley Yoakum clash in the wind-up event down at Venice tonight, the patrons of the four-round shows, should have their fill of that kind of milling which borders on the sensational.

Doll has won a succession of fights in a willing and pleasing manner that has won him popular favor among the beach fans. Yoakum has shown just twice in this vicinity and on both occasions, he acquitted himself with honor, although his bout with Charley Dalton was declared a draw. He is of the rough and aggressive style of boxer and depends greatly upon his effective body punishment to win. Realizing the different boxing attitudes of both principals, this match should develop one of the most pleasing kind of bouts.

Johnny Arrousez and Sammy Morris, two of the best of the local featherweight class, are principals in the semi-windup and these little fellows will undoubtedly furnish a lively mix-up.

Considerable interest is given to the special match between Jack Evans, whose ring career has been established in San Diego, and Honus Schonstein, of San Pedro, both lightweights. Both boxers have a large following and a fast and determined match is expected.

BRITISHERS ARRANGE EMPIRE DAY SPORTS.

Every British society and every branch of British sports will be represented on Empire Day, May 24, when the anniversary of the birth of the late Queen Victoria will be celebrated at Long Beach.

The several societies which will participate in the fete will include the Los Angeles Cricket Club, Overseas Club, Canadian Club, Caledonian Society, Sons of St. George, and members of the various soccer and Rugby football clubs.

After a parade through the principal streets of the beach city addresses will be delivered in the auditorium by the presidents of the several societies. The afternoon will be taken up with aquatic and field sports.

Following a banquet at the Virginia Hotel, sixty handsome prizes will be awarded to the winners of the sporting events. Three prizes to each event. Dancing will be indulged in until the wee sma' hours and the evening's frolic will be enlivened by the martial strains of the skirling bagpipes and patriotic songs.

Home Wanted by a Baby! — By Clare Victor Dwiggins

Open Question.

WHERE SHALL RACERS START?

Panama-Pacific Auto Battle at Washington Park.

Thrills of the First Act May Be Staged There.

Valley Route Seems Logical Course for Race.

BY BERT G. SMITH.

One of the questions that soon must be settled regarding the Panama-Pacific Los Angeles to San Francisco road race is the starting and finishing points. There is a movement on foot to start the cars from the Washington-street ball park. The machines could be sent out of this inclosure, at one-minute intervals, and the city streets could be guarded by the police to avoid the possibility of accidents. Thousands of spectators will watch the start. The throngs at the start of the Phoenix race, which was staged at Second and Spring streets, led Chairman E. T. Sheffler to believe that the attendance will smash even the record for the Phoenix battle. It was estimated that 50,000 people saw the cars start into the night and at least that many excited autoists will be anxious to watch the getaway of forty or more racers on the long intercity grind.

There is reason to believe that the valley route will be selected. This is not a settled fact, however, as some of the coast towns are even now making overtures for the race. The officials of Salinas and of San Luis Obispo want the motor battle set for the coast route. However, the sentiment in Bakersfield and Fresno and this proposition just received from Stockton, seems to make the valley route the most logical course.

FAT PURSE.

With the assurance of a purse of $25,000 the question of money has been dropped. Now it is a matter of troubles. An opportunity has been offered any business man to provide a car which will carry his name. It must be a trophy worth fighting for and must be in keeping with the big race which motorists admit will be the greatest contest ever conducted.

Entries are coming in steadily. Already eighteen have been received. It is believed that before the end of the present week a score will have been carded. The cars are to be started in the order in which the entrance money was received. This gives Don Lee's Cadillac first place at the starting line. The cars will then be sent away close behind each other and the race will be a hard one to the entrance of the San Francisquito Canyon. The first car that enters this pass will keep its place entirely through the cut, and will have a chance to shoot into the Elizabeth Lake country with a long lead.

VALLEY ROUTE.

Walter Hempel will have the say as to where the cars are to be sent at the finish in San Francisco. If the World's Fair officials have their way the racers will be rushed into the World's Fair grounds, where the crowd will have an opportunity to watch the most thrilling part of this great race. The cars will follow the long bay country, and possibly will come in from Stockton over the smooth boulevards.

All along the valley route the interest is keen. Small towns are offering from $1000 to $2500 for the privilege of seeing the cars as the drivers hurl them over the roads. The expense of the race is all in sight, and the preliminaries are now being settled. Chairman Sheffler has his hands full and has promised to give out all of the details as soon as the committee decides.

Harry H. Greer, member of the committee, has been absent in the East for three weeks. He will return today and it will be possible to settle many matters that are now being held up pending his return. Greer is one of the live wires and has taken a keen interest in all the details of this great race.

AVIATOR TO MAKE A DARING FLIGHT NORTH.

One of the greatest feats of modern aviators is to be attempted Saturday by John Guy Gilpatrick, the youngest aviator in the world. Gilpatrick is to make the flight from Los Angeles to San Francisco in the big Deperdussin monoplane belonging to the Sloane Aeroplane Company. He is to stop first at Ventura, where he will make several flights and demonstrate the machine to the people on the field.

Gilpatrick is to be accompanied by Charles Bayndorfer, one of the foremost monoplane mechanicians in the United States. The trip is to be made along the Coast, passing over mountains and canyons, encountering swift and sudden air currents that add to the danger of the trip. This flight has been attempted by several other aviators, but none have ever accomplished the journey. Gilpatrick will make four or five stops along the route at the principal towns.

The daring boy-aviator will fly from the Aviation Field, make a landing and formal start on the journey about 10 o'clock a.m. from a point in or near Los Angeles to be announced later.

TROJAN CINDER REVIEW.

The U.S.C. Team This Season One of the Best Ever Developed in the West—Has Made Wonderful Showing Under New Adverse Conditions—World Champs in the Making.

BY BOYD COMSTOCK.

[Graduate Coach of U.S.C.]

FIGHTING against tremendous odds the University of Southern California has produced a track team second only to the magnificent squad who represented Berkeley in last season's championship-winners of the Middle West Conference by the cleanest cut victory in the history of western athletics.

With a handful of fighting determined men, incapable of placing a full team in the field through accidents and sickness, we have broken the precedents of five years and established a record of which the South may well be proud.

SEVEN OUT OF EIGHT.

We have won seven out of eight entered contests, winning all, with the possible exception of one, in a manner that left no doubt as to our supremacy. The relay team that has twice pulled us out of a bad hole is without any exception the finest quartette of quarter-mile runners in the present collegiate field. They have broken the Southern California record four times this year and barring hard luck are capable of putting the Coast mark where it will be untroubled for some time.

A last opportunity along this line presents itself in the Pacific Coast Conference, to be held at Berkeley on May 10, when the team will be sent in for its final effort. When we remember that on only one occasion have we entered a single fresh man to wind up the day's work—the results are little less than marvelous.

Perhaps the saddest blow to our championship cause this season came in the disabling of Capt. Smith and Ira Courtney, the former through sickness, the latter by a strained tendon, that left him incapable of any real effort.

SMITH PROVES WORTH.

In the Occidental Relay Carnival Smith proved his worth by traveling the half-mile in satisfactory time of two minutes and one second, yards ahead of his competitor and at no time pressed.

His pre-season try-outs in the longer race showed him capable of better than a four-thirty mile, which time would have given us five points in all the meets, where but three were registered. In the final Stanford meet, after having been passed by eight men who were fighting strenuously for the honor of being third man, he put up the gamest exhibition of college loyalty I have ever seen and through sheer nerve and form made up a gap of thirty yards, and added the single point to our score.

Courtney—Olympic man and last year's Coast champion in the sprints—came in for his hard luck in the early part of the season, after winning the class honors in the first contest of the season.

Throughout the season he competed in all but two races—game to make the effort, but incapable of his best efforts. Like Smith he came into his own in his last 220 at Stanford—running like a man possessed for 150 yards, falling for the next fifty, and finally pulling into a close second in the fast time of 21.1—not bad for one good leg, handicapped by a limp on the other side.

JUST FRED KELLY.

And then we come to Kelly—our little old fifteen-point man—not to mention the small matter of a few odd relay laps. Consistently sacrificing his own chances for a record in his premier event, he has entered and won regularly for us three hard events, and when we lacked a man in the final wind-up — as we did frequently—came gladly to the front and did what we all expected of him. A poet laureate should get on the job for him and not an amateur sport writer.

Waldo Throop, for three years the "fall guy" for the much-needed points that either made or lost a respectable showing, paid the penalty this season for his prodigality, and was incapable of his past efforts. A severe breakdown after the Occidental meet, when three watches caught him a shade under 10, broke down his form, although he led in every race to the fifty-yard mark in the 100.

Berger, a co-sufferer with Linton Smith in the sad realm of mumpdom, showed to great advantage in the pre-season workouts, and also did his little part in the last two meets of the year, capable of gaining ground after the last remnant of stamina had passed away on the last curve.

VIC AND JACK STEADY.

Vic Hodge and Jackson—fearing the brunt of California's best competition—came through consistently, gaining points in the one-lap event and yards in the relay. With the relay throwing the meet one way or the other, not enough can be said of the men who run the last two laps, especially when the strain becomes as keen as we have witnessed this past month.

Laird, who had the pleasure of taking the lead in all of these pleasant little individual four-lap jaunts, after making up anywhere from five to fifteen yards, presents one of those happy individuals who seem indifferent to all the little hardships incident to track meets, possessing one of those finishes usually attributed to a late racing star named Garrison. The great sight of the same happy youth hurtling past one Whitted of Stanford—late of Citrus Union—at the last Stanford-U.S.C. come-together presents one of the most pleasing visions the writer is capable of conjuring up.

Torrance and Tipton—I class them together more from the pleasing sense of alliteration than to discredit their right to an individual write-up—were both handicapped by physical breakdowns, but each in his little way slipped his own peculiar brand across in a fashion that we won't forget when this season becomes a matter of history.

CARRIGAN IS O.K.

Bill Carrigan—a grand little runner at all times—proved his worth by pulling into third place, regardless of competition, and had he the lane that either McKee or Campbell performed on in the hundred at Stanford, I am sure that a different placing would have been the result. Bill, however, is not a plough horse or a mud hen, and should not be expected to do their work. Like the rest of our convalescents, he mixed with microbes, or was it potted veal?—and took the count during one portion of the season.

Feeling that I have successfully made this little account resemble the daily report of any enthusiastic young interne, I will merely mention that Earl fell victim to the mumps the day preceding the Stanford melee and in spite of this trifling handicap went forth and jumped considerably farther than our Colonial friend, George Washington, was ever credited with doing, and history has it that he was some jumper in his day. Here we are brought face to face with a mathematical problem, to wit—If Earl can jump twenty-three feet with the mumps, how far can he leap without them? In other words can they be considered a handicap or should they be classed with concealed weapons? James Sullivan please answer.

LITTLE CHARLIE A COMER.

"Little" Charlie Borgstrom, holder of the world's interscholastic pole vault record, deserves a world of praise. Like the relay team, he will break records on the slightest of provocation. He should be careful or like one of the ancients, he will find himself in a lonesome class by himself. At the present time, however, there is one lone vaulter at the University of Wisconsin, who has cleared the bar at something like twelve feet nine and a half, which equals the vault made by Borgstrom against Berkeley. A few of the wise ones have commented on the crudities of his form—suffice to say that he is the only vaulter of the Coast today using the double action vault, the same form, by the way, that Beliah, formerly of Stanford, used with such success. It is quite safe to predict that Borgstrom is the next logical holder of the world's championship.

The remaining trio of the quartet of vaulters have all made consistent vaults of eleven six—and all three of them—Watkins, Bettinger and Cookman, have another year of competition, so why should we worry about this event?

Bradley, who surprised us all by walking away with the hundred in the Berkeley meet against a field of real runners, is a good boy and a comer, he has all the "pep" of a "checkerberry bush" and when he puts this consistently in the right place will go down into history with the rest of the good ones.

Clement, Cole and Livernash helped the good work along in the right places and next year will class with the best on the Coast. The two first mentioned came across against Berkeley down here and Livernash was our lone hope against Stanford in the North. Holding strictly to dope I am forced—add this same husky weight man to the mournful list of the halt and lame.

BRIGHT PROSPECTS.

With practically this same line up in the field next year, we are assured of at least an even break in our track relations with the north, although from an optimistic outlook we can expect even better results than have fallen to our lot this season.

Last year we registered practically every good high school track man in the south, Occidental, Stanford and Berkeley each drawing one. With another landslide of athletic material coming our way, we will get well beyond the border line of possible defeat and will indeed be one of the "Big Three." We are making an effort to place the south on a par with the north, and I think that when the southern preppers come to realize that we are real contenders for anything that may be lying around loose in the way of athletic honors, they will turn to with a will and help along with the good work.

BUSINESS MEN'S BOWLING LEAGUE.

Bowling in the Business Men's League tournament was resumed with the opening of Steele and Turner's alleys, the Peerless Cafe team still holding its lead after Wednesday night's play, with an average of 173. Team standings follow: [illegible]

Peerless Cafe, won 19, lost 6; Knickerbocker, won 15, lost 10; Empire, won 14, lost 11; Leon, won 14, lost 10; Weymss, won 12, lost 13; Norris, won 10, lost 15; Billikens, won 9, lost 16; Mansfields, won 7, lost 18.

On the Courts.

FAST WORK BROUGHT OUT IN PASADENA TOURNEY.

THE first day's round of the Pasadena tennis tourney was played yesterday on the courts of the Hotel Maryland and brought out some of the most brilliant tennis seen on Southern California courts for the last five years.

The three northern stars, Johnsten, Strachan and Griffin, arrived yesterday morning at 12 o'clock and play was not started until after their arrival.

The talent had little trouble in wading through the first round of their opponents. Excellent tennis was brought out in the match between Browne and Sinsabaugh, and Chambers and Cornett, the two high school boys from Pasadena. The veteran artists at the game had looked for an easy matter of the match, but the youngsters from Pasadena carried the battle to them with such hearty good will that they won the first three games straight and then the veterans awakened and played the best game, winning the match 6-3, 6-2.

Strachan and Johnston had little trouble in their matches, but were required at times to play their best form to win.

McCormick and Barber, the Los Angeles High School champions, had a lively battle with two unknowns, Godshall and Boat, who forced the crack Los Angeles team to show its best paces to beat them.

The drawings have been so arranged that it looks with "dope" running true, that Bundy and Dawson will meet Johnston and Ketchum in the semi-finals of the lower bracket and Strachan and Griffin would meet Browne and Sinsabaugh in the semi-finals of the upper bracket. These matches will be played off Saturday morning leaving the afternoon of Saturday clear for the finals of the Ojai tournament between Johnston, singles champion of the State, and John Strachan, challenger. This latter match will be staged promptly at 3 o'clock, Saturday afternoon.

The size of the entry list has compelled the use of four outside courts and automobiles have been kept busy hustling the players from one court to the other, accompanied by the umpire.

Drawings for Friday:

At 9 o'clock a.m.—Court No. 1, William Johnston plays James Riddell; court No. 2, Herlihy plays Harnett.

At 9:30 o'clock a.m.—Court No. 1, Snow meets Chambers; court No. 2, Ketchum plays Bowers.

At 10 a.m.—Miss Sherk plays Miss Morse, court No. 1; court No. 2, Mrs. Stickrod plays Miss Grieves.

10:30 a.m.—Miss Kincaide plays Miss McCall; court No. 2, Miss Borchrevink plays winner of Miss Grieves and Mrs. Stickrod match.

At 11 o'clock—Court No. 1, Johnston and Ketchum play Dixon and Warren; court No. 2, Strachan and Griffin play Johnston and Eldred.

At 1 o'clock—Wynne and Johnston play Riddell and partner; 2 p.m., Browne and Sinsabaugh play Gorham and Clover.

At 3 p.m.—McCormick and Barber meet winner and Browne and Sinsabaugh and Gorham and Clover match.

At 4 p.m.—Dawson and Bundy meet Morris and Conger.

Finals of ladies' singles to be played at 5 o'clock Friday afternoon.

RESULTS.

The results of Thursday afternoon's play were: Men's open singles for Maryland trophy—William Johnston beat Fred Eldred, 6-0, 6-2; Riddell beat Conger, 8-6, 6-3; Dietrich beat H. M. Jones, 6-3, 4-6, 6-4; Barber beat Simmons, 6-1, 7-5; Griffin beat Morris, 6-1, 6-0; Strachan beat Donnell, 6-1, 6-2; Horwell beat Hunt, 6-0, 6-2.

Men's open doubles for Spalding trophy—McCormick and Barber beat Godshall and Boat, 6-3, 6-3; Browne and Sinsabaugh beat Cornett and Chambers, 6-3, 6-2; Gorham and Clover beat Sindorf and Kellog, 9-7, 6-3.

Ladies' singles—Miss Borchgrevink beat Miss Olsen, 6-3, 6-2; Miss McCall beat Miss Hayes, 6-2, 6-2.

Rah! Rah! Ducks.

SWIMMING CHAMPIONSHIPS DECIDED IN BEACH TANK.

BY AL. G. WADDELL.

ENTRIES for the third annual Southern California intercollegiate and interscholastic swimming champions, which are to be held in the Redondo Beach plunge tonight, closed last night. The meet promises to be the most successful yet held.

Ludy Langer, the former Redondo High School crack, is to swim under the colors of Throop College and he is reported to be in excellent condition. He is entered for the dashes and the diving competitions and will swim a lap in the intercollegiate relay.

Lily Burt, of Redondo High School, has challenged any High School girl in Southern California in the dashes and is expected to do some sensational exhibition work during the tournament.

The affair is to be run under the sanction of the A.A.U., and will be under the management of Wallie Robb.

Throop, Pomona, Occidental and Los Angeles College of Osteopathy are to be represented in the intercollegiate competition and the strongest contenders for High School honors are expected to be the entries from Long Beach, Redondo, L.A.H.S. and Huntington Park High.

Langer, Call and Soyster are to represent Throop in the 50-yard dash while Metz and Hollaway will do the event for Pomona, and will also represent the Huns in the 100-yard number. Langer will be the only Throop man in the quarter and the diving. Elliott, Call and Langer will compete for the Pasadena college in the century swim and Burt will be Langer team mate in the 220.

The Pomona four-man relay team will be taken from Metz, Hollaway, Kingman, Doolittle and Regan. The Throop quartette is to be Langer, Soyster, Elliott and Call.

Entries for the interscholastic events are:

The 50-yard dash—Millard, Wark and Dunlap, Long Beach High; Bowes, Coleman, Brock and Metz, Guire, L.A.H.S.; Robbins, Huntington Park High.

The 100-yard dash—Nodell, Millard, Dunlap, Long Beach High; Bowes, Aseltine, Howard, L.A.H.S.; Tweedy, Huntington Park High.

The 220-yard dash—Lenz, Marshall, Needell, Long Beach High; Howard, Johnson, L.A.H.S.; Brown, Huntington Park High.

The 440-yard dash—Lenz, Marshall, Rieder, Long Beach High; Sellsberg, Fisher, L.A.H.S.; Hersog, Huntington Park High.

Diving—Campbell, Rieder, Marsh, Long Beach High; Bowes, Watson, Coleman, L.A.H.S.

The 220-yard relay race (four men)—Campbell, Dunlop, Millard, Lenz, Needell, Marshall, Wark, Rieder, Long Beach; Bowes, Howard, R. Coleman, Aseltine, L.A.H.S.; Robbins, Tweedy, Brown, Hersog, Huntington Park High.

CRICKET MEETING TO DRAW UP SCHEDULE.

The members of the Los Angeles Cricket Club will hold a meeting early next week to elect officers for the ensuing year and to draw up a schedule of fixtures with San Diego, Fresno, Hemet and other cricket centers.

The local club will be exceptionally strong this year, as some excellent talent has arrived in the form of new members, who have wielded the willow for their college and trundled with conspicuous success.

W. W. Meggett, secretary of the Los Angeles Cricket Club, has notified the hundred-odd members to attend the meeting, a date for which will be announced later.

The club ground at Vineyard is being put in shape so that practice games may be played as soon as possible.

NINTH STREET WINS.

The baseball team of the Ninth-street School won out in an exciting game with the San Pedro-street team yesterday on the former's diamond by the score of 3 to 1. The work of Louis, the Ninth-street heaver, together with the sticking and fielding of Capt. Frank Garcia, brought home the bacon for the Ninth lads. The team has now cleaned up almost everything playing grammar school ball in the city.

GUS ANDERSON OUT WITH SWEEPING DEFI.

Gus Anderson, the "Norwegian Marvel," has placed himself under the management of William Huddy, and is out with a defi to meet any of the 133-pounders.

Anderson has been working out at the Columbia Athletic Club, and his remarkable improvement since his last appearance in the local arena caused many of the local sports to sit up and take notice.

Anderson is out with a challenge to meet Kid Carter, and it seems probable that this pair will be matched for the semi-windup to the Mendot-Anderson scrap.

Huddy now plans to have Gus made a member of Bud's sparring staff, and it is probable that Dick Donald will accede to this when he returns from Medford.

Anderson is a rangy boy with a good degree of cleverness, and if he defeats Kid Carter, will be in line for a number of local matches.

ROBIDEAU WINS OUT.

NEW YORK, May 8.—[By A. P. Night Wire.] Sam Robideau, the Philadelphia lightweight, defeated Johnny Lore of this city in a fast ten-round bout here tonight. Leo Houck of Lancaster, Pa., outfought George ("Knockout") Brown of Chicago in a ten-round contest.

Angel Rally Killed.

(Continued from First Page.)

center, and Jimmy placed his imprint on the platter. Zimmerman was planted on a roller to Page.

ANGELS TIE IT UP.

Los Angeles made it a nose-to-nose race with an ace in the third. Ryan proved that he can do something besides pitch with a double over Johnston. Page poked the ball down to Wuffli, who tossed to Cartwright. Ryan, well on his way to third, beat a hasty retreat, but was overhauled by Cartwright on the line. Page started out to pirate second, and gained that sanctuary, though with the medium of a blistering slide. Spencer's throw glanced off Page's upturned spikes, and shot on into center field. Page picked himself up, and jogged along to third, halting there to readjust his sartorial embellishments. Ellis brought him to his journey's end with a pure and undefiled single out where Mundorff stands guard.

Aside from the fact that Tub Spender beat out an infield hit in the fifth, nothing more of pith and moment happened until the upheaval in the eighth.

THE UPHEAVAL.

Douglass started the disaster with a clean hit to center. This was easy for Douglass because Ryan was forced to pitch uphill to him. Mundorff dumped the ball in front of the plate. Brooks pounced on it, but his cap slid down over his eyes, and he threw to first like a blind man. Everybody was safe. McArdle forced Douglass at third, Ryan to Metzger. Johnston drilled the ball into left on a line. Ellis came in and proved his courage by dropping down in front of the ball. In some mysterious manner, the drive got through his guard and rolled away to the fence with Ellis, his nose close to the ground, hot on its trail. Mundorff and McArdle scored, and Johnston didn't stop running until he got back to the place of beginning.

MORE SCORING.

Hogan exercised patience and walked, but reaching first, he was seized with a mad desire to steal second that could not be restrained. This did not meet with the approval of Brooks, and Clarence hit Wuffli between the shoulder blades. This deflected the ball out of Page's way, and Hogan advanced to third. Bowerman popped to Johnson for the second out.

Wuffli whaled to left for one bingle, scoring Hogan, and also netting ties with Brooks. Cartwright sent Spencer, ninth on the list, peacefully succumbed on a grounder to Johnson.

Los Angeles made a futile bid in the ninth. Douglass caused a slight spring anew by walking. Douglass first to appear on the batting list. Ernie stole second, and Ryan succumbed on a third called strike.

Dillon, deciding that the stage demanded his personal attention, sent Jack Ryan's place on the program, and soused a single to left, scoring Johnson. Then came the Page finish with its furor trimmings. Page went out on a grounder to McArdle, and the fans took up the cries of Bush.

The score:

BERKELEY BRIEFS.

[Special Correspondence of The Times.]

UNIVERSITY OF CALIFORNIA, May 8.—The Pirates Club, one of the oldest men's organizations on the campus, has been installed as the Iota Chapter of the Sigma Pi fraternity. The Sigma Pi fraternity was founded in 1752 at William and Mary College. The Iota Chapter will be the seventh active organization. On the membership roll of the new fraternity are the following names: T. B. Reed, Covina; B. K. Dunshee, Santa Barbara; A. S. Weiant, Santa Barbara; A. H. Oak, Colton; G. D. Mallory, Nordhoff; A. M. Hunt, Santa Barbara; E. D. Cooper, Oxnard, and M. B. Custer, Covina.

Fred Bradway, the Los Angeles boy who was picked to compete in the conference meet, spiked himself while training last week and is now hobbling around on crutches. He will be unable to get onto the cinders until next year.

Many old "grads" are returning to the university for the numerous class reunions scheduled to come off in the next week. Election of alumni officers is to be held May 14.

SAN DIEGO AGAIN WINS BY ONE RUN.

[BY DIRECT WIRE TO THIS PAPER.]

SAN DIEGO, May 8.—[Special Dispatch.] A cyclonic current of Wells's curves by the San Bernardino Kittens in the seventh inning, netting them eight runs, broke San Diego's run of luck today. It was the first and last inning in which San Bernardino scored and tied the game for the visitors. In the ninth San Diego managed to get the winning run over the plate, by nosing out a hit.

San Diego began the run-getting in the first, when Hessing walked and Abbott singled, pushing him to second. In San Diego's half of the first Leighinger walked. Wells sent him to second on Jones's wide throw to first. Leighinger taking third. Jones was safe on Fox's error, Leighinger scoring. Wells scored on Abbott's error. Abbott doubled, scoring Jones. Amsbry singled, Abbott scoring third. Amsbry stole second and singled, scoring Amsbry and Fox, and the gong struck five.

Three more runs in the [illegible] seventh and ninth gave San Diego the game.

Score:

	R.	H.	P.O.	A.	E.

All letters intended for publication should be in "parlor" language, and are subject to editorial supervision.]

State Division.

HOLLYWOOD, May 7.—[To the Editor of The Times:] The question of dividing the State may come up in a serious way some day and I think we, in "South California" ought to be prepared to meet it and demand a fair deal. We ought to have territory enough to make a showing on the map and a division at Tehachepi will do that. A look at the map will show a straight line across the state north of San Louis Obispo and south of Tulare—but we really ought to have Kings, Tulare and about half of Fresno county. I would like to see the Times agitate the question in the near future. Yours truly,

J. D. MATHEWS.

Best Policy.

SEEKS HONESTY AND EFFICIENCY.

NATIONAL RULE REQUIRES MEN OF ABILITY.

Existing Administration of Public Affairs Equaled Only By Stupid Extravagance—Longre Banquet Brings Together Thinkers Who Work For Civil Service.

Efficiency is a mere detail in comparison to efficiency in municipal government of the present day. Discussion with high efficiency is almost impossible. The crying need in city affairs is for men who have not only the efficiency. Quiescent ability is as bad as a grafting administration and leads to much trouble.

The dogmatisms on the new basis in the policy of handling city affairs were the sentiments expressed by various speakers at the annual banquet of the Municipal League in Hamburger's cafe yesterday evening. The work of the past year accomplished by the league and the work which should be done during the coming year were topics of interest.

J. B. Gibbon, as toastmaster, first outlined the necessity of such an organization as the Municipal League. He spoke of the new social work in cities, of the establishment and maintenance of playgrounds and the opening of schools as community centers, things suggested and fostered by the league.

Dr. Everett C. Beach, taking up this topic, showed the phenomenal growth of this work and eth moral awakening of the country to its need. He advocated a survey of the city to further determine the necessities, stepping from children's recreation places to plans for persons ranging from twenty-five years and from ten to forty years of age.

Charles H. Langmuir showed what efficiency programme was accomplished in New York where millions have been saved by the Bureau of Efficiency, which has cut down graft in the many departments where politics had crowded in many men and women. He suggested that Los Angeles might be benefited by such a bureau and spoke about a big saving eventually.

The next work of the Municipal League was closely scrutinized by Fred Works. He was particularly severe in his demand for more efficiency to go with dull honesty, for brains and acumen to run the business of the municipality. He called on the women to aid the league and assist in this work.

Dr. T. Camp spoke on municipal ownership and the foolish ends to which it may be driven, citing Milwaukee where the Socialistic government argued that because the water-works was operated by the city, the fire-fighting plants should also be operated by the city, for the reason that they used water congealed. "In the scope of the functions of government," he counseled, "but

[illegible] A. Anderson sat at the head of the banquet table during the reading of reports and until the election of officers, following which he gave his place to Frank Simpson, who was named president for the ensuing year. O. Middleton, [illegible] C. Beach and E. H. [illegible].

CABARET IN VENICE.

Restaurant and Hotel Men too Lax in Closing Their Places, is Allegation of Police.

VENICE, May 8.—Following the arrest of two girls under the age of eighteen, this city has undergone the crusade of its own, and is now under the conduct of roomkeepers in this city. The Chief of Police and his men, acting under instructions of the City Trustees, have gone into the registration books of the apartment-houses in this city, especially those on Windward avenue. It is stated that the keepers of these houses are so strict in their rooms filled that they ask questions whatever of their guests.

Miss Helen and Irene Faust, who were turned over to the police last night by the matron of the city, who said they were penniless, the Faust girl stated that she was 18 years of age, though she looks to be 16, and the Faust girl stated that she was 18 years of age. They said the police no help in locating them when they met on Monday, stated that the manager of the rooms at which the girls stayed refused to accommodations. He did not question them as to their age, since a watch belonging to the Faust girl, it is alleged. The girls are wards of the Juvenile Court, and that court has taken up the case of the girls and will take up the matter at once and a thorough investigation will be made.

[illegible] joined the 200 [illegible] in the forty residents who petitioned the Judge of Venice because

Good Clothes for Boys In This Big Store

Good clothes at all prices, too—our quality standards are high, our styles fresh and correct—this is the biggest store for Boys in the West—and the best lighted.

Harris & Frank LEADING CLOTHIERS
437-441 SOUTH SPRING ST.

Knicker Suits

Suits for Summer wear—Norfolk styles in blue, gray, brown and mixtures. Prices $4 to $15—and some special values at $5. Some with two pair of pants.

NEWS BRIEFS.

Advertising of Venice far and wide will be undertaken by the Venice Realty Board. Last night the board, by resolution, asked the City Trustees to donate $100 per month toward advertising of this nature, and the realty men are framing a plan to raise an additional amount for the boosting of this beach. The resignation of Don C. Bitler as secretary, was accepted, and C. J. Walker was chosen in his stead. F. P. Sargent was chosen manager of the advertising campaign. The members have about decided to join with the residents of the back country in their protests against ugly signboards of all kinds.

City Recorder Rennie this afternoon fined John Chittick $25 on the charge of destroying city property in that he attempted to tear up the pavement at the foot of Windward avenue. Attorney W. H. Dehm, appearing for Abbott Kinney and T. W. Prior, who hired Chittick, filed notice of an appeal, and the case will be fought out in the Superior Court.

Tonal Flights.

EDISON COMPREHENDS MECHANICS OF VOICE.

WITH THOMAS A. EDISON, in his laboratory at Orange, N. J., Madame Ellen Beach Yaw, California's prima donna soprano, learned that a man has studied the mechanics of the voice, and has become a great vocal critic.

Madame Yaw returned two days ago from her concert tour of eastern cities, and is with her sister at the Italian villa in Covina. She bubbles with enthusiasm about the weird wizard of the electric world. She almost intimates that she would like to take vocal lessons of Thomas A. Edison.

Her introduction to Edison came through his desire to record the prima donna's voice on his new discs, the invention about which the world of phonographs has heard much lately, and in the laboratory Edison worked through one whole afternoon, trying out the California singer on a half a hundred machines. Here is what he said about it afterwards:

"Can see no defects of any kind in this voice. Sweet on lower notes, and mellow. Best high tones yet for the disc machine. She has an enormous range."

Two of the records made on the Edison discs by the California singer were songs which she has herself composed during her last season of touring. Madame Yaw calls them "The Skylark" and "The Cuckoo and the Firefly." These songs are in the extreme high register for soprano, and are not adaptable for the ordinary voice. In fact, the "Skylark" is an interpretation of the high straight up soaring of this bird, and the song goes in spirals to high G, above the staff, where it is sustained on double-trilling.

Madame Yaw said yesterday that these two songs are the result of her own desire to revive the art of developing the high tones in the extreme high register.

"If the tones are there, they are a part of the voice that God gives us," she said. "And they should be made beautiful, and to play their part in music."

The singer intends to rest at her Covina home for the summer, but will sing several engagements in Southern California. She will appear at the big festival in the Owens River Valley on June 7.

Ellen Beach Yaw,
Famous prima donna, visits Thomas A. Edison and becomes infatuated with the great electrical wizard.

The Shoes You Want

In our immense assortments of footwear for men and women, we're sure we have the shoes YOU want—shoes that will fit, wear well and hold their shape. Many good models to choose from at these popular prices. $3.50 $4.00 $5.00

WHERE'S PROFIT IN THIS?

Employee Sues for Thirty Cents, Loses and Pays Court Costs, Ten Times Amount He Demanded.

A 30-cent case consumed four hours in Justice Young's court yesterday, but it was not the fault of the veteran magistrate who has sat on the bench off and on for a quarter of a century.

John Kearney was discharged by C. C. Colyear February 24 at 11 o'clock in the morning. At that time $10.75 was due him. He asked for 30 cents more for the hour up to noon. Colyear refused to pay. Kearney, in his Celtic rage, brought suit for the 30 cents plus the $10.75, as he had refused to accept any of his pay unless he got what he thought "was coming to him."

Justice Young decided that the employer was right and the plaintiff was wrong. Kearney paid the costs of suit, amounting to about $3.07. He may appeal.

NEGLECTING OPPORTUNITIES?

Advocating better relations between the United States and Central and South American countries, Chancellor Rafael Galleges of the Peruvian Consulate, here yesterday made an address before the faculty and student body of the Manual Arts High School. He declared the United States is neglecting opportunities south of the Panama Canal.

REPAIRS—LOW PRICES

Our prices for repair work are just a little lower than any other place in the city—the work is also just a little better than the average—that's the reason for our big business in repair work. Mail orders filled.

Mother's Advice To Her Daughter

A Real Live Doll to Fondle Is Woman's Greatest Happiness.

She is wisdom itself who knows of or learns of that famous remedy, Mother's Friend. It is an external application for the abdominal muscles and breasts. It has a wonderful influence, allays all fear, banishes all pain, is a grateful encouragement to the expectant mother, and permits her to go through the period happy in mind, destined to anticipate woman's greatest happiness as nature intended she should.

The action of Mother's Friend makes the muscles pliant and responsive to expansion. Thus all strain and tension upon the nerves and ligaments is avoided, and, in place of a period of discomfort and consequent dread it is a season of calm repose and joyful expectation.

There is no nausea, no morning sickness, no nervous twitching, none of that constant strain known to so many women.

This splendid remedy can be had of any druggist at $1.00 a bottle. Write to Bradfield Regulator Co., 2322 Lamar Bldg., Atlanta, Ga., for their book to expectant mothers.

SAWTELLE BRIEFS.

SAWTELLE, May 8.—After tomorrow, if the plans of the city officials and club women do not miscarry, Sawtelle will be a spotless town. A clean-up campaign will begin at daylight and will not cease until the last rubbish pile is burned at night. Wagons, carts and wheelbarrows will be pressed into service to cart away old cans, bottles and unburnable trash, while the rake and hoe will be busy all the day. Mrs. R. F. McClelland, president of the Sawtelle Woman's Club, is head of the clean-up forces, and will be ably seconded by President Wyant, of the Trustees Board, and Street Superintendent Graham. Mrs. B. H. Wyant, Mrs. C. A. Yeager and Mrs. John L. Wearne are Mrs. McClelland's chief aides. A house-to-house appeal will be made, and hundreds of residents have volunteered to make their yards appear neat.

City Clerk Meinell has assurances from bond buyers that the issue of $28,000 bonds authorized by the voters for the purchase of the school property on Sixth street and Oregon avenue would command the attention of buyers throughout the State and they would bring better than par. Bids will be received for the bonds up to May 19.

MONKEY AT LARGE.

An acrobatic simian, supposed to have escaped from one of the city zoos, celebrated his liberty yesterday by frightening a number of women on Golden Gate avenue, near Sunset boulevard. A hurry call to the Central Police Station brought two patrolmen, but the monkey, scenting danger, had made his escape to some tall trees before their arrival. A careful search of the neighborhood failed to disclose his hiding place.

Bungalow Book 50c

"Your bungalow book is simply in a class by itself!" remarked a prominent local architect the other day. "Not a single design but that's new, fresh, original—the book is a veritable inspiration." Contains beautiful half-tone views both exterior and interior floor plans and descriptive data of nearly a score of artistic Southern California homes—profusely illustrated. Prices range from $1250 to $5500. Complete working plans and specifications of types pictured can be purchased from us for from $4 to $6. Send 50c stamps or coin—postage free. Or call at our office, or ask your bookseller.

Information About the Los Angeles Times

Daily, Sunday and Illustrated Weekly

A Guide for Newcomers, Inquirers, Subscribers and Advertisers Agents and the General Public

CHARACTER, OBJECTS AND AIMS.

Distinguishing Features: Independent, uncompromising, unshackled, unpurchasable, unafraid and unencumbered. THE LOS ANGELES TIMES is devoted to the great principles of Liberty under Law, Equal Rights in all fields of lawful human endeavor, Industrial Freedom and to the upbuilding of Los Angeles, the State of California and the great Southwest.

ATTITUDE.

For the country and the flag.	For Labor's protection, reward and repose.
For the Constitution and the courts.	For punishing dynamiters and all criminals.
For upholding the honor of army and navy.	For protection of persons, property, business.
For orderly government under law.	For the home and its sanctity.
For fair chances for aspiration born.	For social order and business solidarity.
For unshackled labor, nation-wide.	For world-wide peace with honor.
For the just rights of the unorganized many.	For an Ocean-to-Ocean highway.

FOR THE OLD CAUSE AND THE OLD STANDARD

And against their allied antagonists.	Against, not organized labor as such, but
Against political fads, freaks and frenzy.	Against its acts when law-defying.
Against the new-fangled judicial recall.	Against enforced idleness, and
Against free trade and free soup.	Against its sure outcome—suffering.
Against union conspiracy and misrule.	Against senseless hardness upon business.
Against the un-American closed shop.	Against the bomb, boycott and blackmail.
Against discrimination and proscription.	Against strikes, picketing and violence.
	Against treason and the red flag.

SCOPE.

The Times Publishes Regularly more pages of news and other reading matter and a larger volume of advertising than any other paper extant.

Sworn Circulation: Daily net average—seven days, Sunday included—for 1898, 16,801; for 1899, 19,354; for 1900, 24124; for 1902, 35,721; for 1903, 34,782; for 1904, 34,442; for 1905, 34,930; for 1907, 44,340; for 1908, 47,705; for 1909, 48,150; for 1910, 53,681 copies; for 1911, 53,111 copies; for 1912, 52,700 copies; for 1913, 54,164 copies. Sunday average for 1909, 55,187 copies; Daily and Sunday average for 1910, 57,588 copies. Average circulation every day for first nine months of 1912, 59,949 copies.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

Pasadena.

PROTRUDING FOOT PUZZLES.

Pasadena Police Working on Unsolvable Mystery.

Arctic Explorer Prepares For Another Trip North.

Two Hundred Guests Attend Fashionable Wedding.

PASADENA, May 9.—Sherlock Holmes was never confronted with a more mysterious case than one that came to the attention of the police here late yesterday afternoon. If the incident were a work of fiction it would probably be entitled "The Phantom Foot," or something similar; but as it is, it has simply been put down on the police report for the day as "an unaccountable incident."

The scene for the little detective story in real life was the W. T. Mather dry goods store, at the northwest corner of North Raymond avenue and Union street. One of the women clerks was rolling up a bolt of cloth when she noticed some bits of plaster fall on it, and looking up, she saw a man's foot protruding through the ceiling. She ran for the proprietor of the store, but when she had found him, and they had returned to the spot, the foot was gone. A jagged hole in the plaster remained.

An attempt was immediately made to get into the attic and apprehend the burglar, or whatever he might be, but no way could be found to enter the place, which nobody connected with the store had ever been in. Finally the telephone was seized and the police and the architect who designed the building called.

Plainclothesman Shelton answered the police call and after a long search he found a small trap door in the roof, securely fastened, through which entrance to the attic might be gained. This and a small aperture at the top of the elevator shaft, which could be reached only by riding up on the roof of the elevator, were the two possible entrances. Flashlights were procured and Shelton and J. J. Mitchell, who is connected with the store, made a search of the compartment. They found nothing but the hole in the plaster seen from below and another place nearby where the plaster had been stepped on, but had not given way. Not another footprint was discernible, despite the fact that a thick layer of dust, in which their own footprints were plainly visible, lay over all.

Shelton can offer no explanation for the appearance of the foot through the ceiling. It is believed by the police that some one made his way into the garret with the intention of breaking through the plaster and robbing the store after it had been closed for the night, but whoever he was he got out again and effectually covered all traces of his mode of entrance or exit.

RETURNS TO PASADENA.

Ernest de Koven Leffingwell, the Arctic explorer who returned to Pasadena last fall after two years spent on Flaxman Island, off the north coast of Alaska, and who has been in Washington, D. C., most of the time since working on geographical and geological surveys that he made, returned to the home of his parents, Mr. and Mrs. C. W. Leffingwell of San Rafael Heights, yesterday. He expects again to leave in about a month for Flaxman Island to complete his work there and bring home several thousand dollars worth of instruments that he left behind him.

"I have yet considerable work to do," he said yesterday. "I shall go to Nome and take passage on the first ship that leaves from there for Point Barrow. I expect to be able to leave there about August 1, and I think it will be the last of September before I shall be able to start back.

"I have been in Washington working on my surveys, which are not yet finished."

Asked if the government is to take the surveys off his hands, he said: "When I have them completed I shall be very glad to turn them over to the government, if they are desired."

Leffingwell is greatly interested in the work that Steffanson has in view for his expedition, namely the search for land north of Alaska.

"There is a great deal of exploring yet to be done, both at the North Pole and the South Pole," said Leffingwell last night, "and especially at the South Pole. Of course the land that is believed to lie north of Alaska will probably never be of any commercial value, outside of the fur that may be secured on it, but until it is surveyed there is that much of the surface of the earth concerning which no definite data exists."

Leffingwell himself on a former expedition went in search of this supposed northern land, and indications then, as well as indications he observed while at Flaxman Island, lead him to believe there is land north of the Northern Alaskan Coast.

PRETTY WEDDING.

The marriage of Miss Jane Rowland, only daughter of Dr. and Mrs. Ward B. Rowland of No. 466 South Marengo avenue, and Lionel Arnold Fraeger of Los Angeles, was solemnized last evening at All Saints' Church, in the presence of about 200 invited guests.

The ceremony was performed by Dr. Charles Wesley Leffingwell at 8 o'clock and the church was beautifully decorated for the occasion. The general color scheme was pink and green, the altar massed with pink cochet roses and the same rose effect carried out in festoons over the arches and in the nave. Palms and giant ferns were banked in front of the pulpit and lectern and along the aisle through which the bridal party passed. At each alternate pew a cluster of Cecil Brunner roses was tied with pink tulle. In the arches at either side May baskets of Cecil Brunner roses were suspended. The ushers were Messrs. Horace Boynton, Harvey Bissell, Harold Ferguson and Bert Nichols. They led the bridal party and were followed by the maid of honor, Miss Gladys Percy of Hollywood, who wore a charming frock of white embroidered chiffon over pink and carried pink roses. The bride followed on her father's arm and her gown was white crepe eteor trimmed with rose point. Her veil, which was fastened with orange blossoms, was of rare lace, an heirloom highly treasured, and she carried a shower of lilies of the valley and white orchids. The groom and his best man, Lon McCoy, met the bride at the chancel steps. After the ceremony a reception was held at the home of the bride's uncle, Dr. Francis F. Rowland of No. 225 State street. Only relatives and intimate friends, mostly of the younger society set, were present at the reception. Mr. and Mrs. Praeger left last evening for a short wedding journey and will make their home on South Marengo avenue.

ASSISTANT MANAGER.

William G. Allen, who was a clerk at the Hotel Maryland, last winter, will be assistant to D. M. Linnard, manager of the Huntington Hotel, when that hostelry is opened next winter. Palmer Day will remain assistant manager at the Maryland.

Allen is well known in Southern California. He has been at the Hotel Glenwood in Riverside for about six winters and at the Lake Tahoe Hotel for as many summers.

CITY BRIEFS.

The condition of John Ryan, the waiter who last Wednesday afternoon was struck by the automobile of Jacob Mortenson, a wealthy Oak Park (Ill.) lumberman, driven by his negro chauffeur and who was taken to the Pasadena Hospital, unconscious, was much improved yesterday. It is now believed he will recover.

The City Commissioners have announced several changes in titles at the City Hall. When Burdette Moody goes out of office the office of superintendent of the municipal water department will be discontinued. Commissioner Salisbury will be ex-officio superintendent, and James E. Carpenter, chief mechanic, will be made assistant superintendent. Several resignations will probably be received, and several appointments made, at this morning's session.

This year's will be the largest class ever graduated from the Pasadena High School. One hundred and twenty-five students are to receive diplomas.

Harry R. Johnson of Los Angeles, will address the students at the Throop College of Technology this morning on "The Relation of Geology and Mountain Structure to Petroleum Deposits."

PLAN IMMEDIATE ACTION.

Intercity Commission Meets and Agrees on Method of Procedure. Short News Stories.

SOUTH PASADENA, May 8.—Plans were formulated for immediate action on the trunk-line outfall sewer system at one of the most important meetings ever held by the Executive Committee of the San Gabriel Valley Intercity Commission yesterday.

William Haslitt of South Pasadena gave an explanatory reading of the sewer bill. To organize the proposed district one city, probably Pasadena, will pass an enabling ordinance, to be followed by a similar action by other cities to be served. Each city interested will be allowed one representative-at-large and additional representatives based on population to confer with the Sewer Committee and the commission engineers, Olmstead and Gillellan. That these representatives be ready to begin work on the big project as soon as the bill is signed was the plea of President Jordan. The commission's Sewer Committee is composed of Arthur Noble, Pasadena; J. E. Randall, Artesia, and E. S. Cobb of Whittier.

Mayor Maulsby of Whittier, in speaking of the matter, declared that it was one of the biggest enterprises Southern California has ever undertaken and of more vital importance to the health of the people than the Owens River project.

Representatives from the Associated Chambers of Commerce of Orange county were invited to confer with the Sewer Committee of the commission.

A resolution was adopted, to be forwarded to the State Legislature, asking that the recently-vacated State school grounds at Whittier be used for a State agricultural experiment station. N. T. Edwards, a director of the Board of Trade of Whittier, in presenting the matter before the commission, stated that Long Beach, South Pasadena and Alhambra had approved the movement, and, with the added weight of the commission's indorsement, he felt that the farm might be secured. Each city of the eighteen in the commission will forward to the Legislature resolutions similar to the one passed yesterday.

The next meeting of the commission will be held at Huntington Park Friday evening, May 16, and the business meeting will be preceded by the usual banquet.

Those present were: Robert Jordan, president, Alhambra; Seward C. Simons, secretary, South Pasadena; N. T. Edwards, Whittier; Arthur Noble, Pasadena; J. E. Randall, Artesia; H. Hawgood, South Pasadena; C. P. Derland, Mayor of Monrovia; G. R. Tifal and Dr. Wilson, Monrovia; P. A. Stanton, representative of the South Coast Improvement Association; C. S. Beardsley, Covina; W. H. Evans, Monrovia; William Haslett, South Pasadena; Elwood J. Thorne, Lamanda Park; O. W. Maulsby, Mayor of Whittier; E. S. Cobb, C. F. Klingberg and Prof. M. P. Parmelee, all of Whittier; George A. Barry, Monrovia, and F. M. Burbank, Huntington Park.

Stomach and Bowel Troubles

Are Your Children Puny and Anemic?—Worms Afflict All Ages of Human Family—Symptoms:

Sallow complexion, circles around eyes and mouth, unnatural looking tongue, covered with fur, red spots or elevations on tongue, offensive breath, gnawing sensation in stomach, restless at night, all gone feeling, loss of weight, craving diet, constipation, hacking cough, passing of slime from bowels, nervous and general languor.

My treatment is absolutely harmless and can be taken by the youngest or oldest person. By removing this mess of foreign matter, which accumulates in bowel and causes a continual auto-intoxication or slow poisoning, the patient is enabled to assimilate and eliminate, which means perfect health.

DR. H. A. SMITH,

Long Beach.

INSISTS ON PAYING LOAN.

Long Beach Man Begins Suit Against Brother.

Writers Arrive and Are Shown the City.

Submarine Hopes to Break All Known Records.

LONG BEACH, May 8.—[illegible] his brother in New York refuses to accept payment of a loan made [illegible] teen years ago and return to him the deed to the property purchased, which was delivered as security. Walter H. Westover today filed suit in the Superior Court to quiet title to [illegible] acres on Perris road, in the Wilton colony tract, which is now valued at over $50,000. Albert H. Westover of New York is named as defendant.

In 1895 Walter H. Westover purchased the land in 1895 for $[illegible], borrowing the money from his brother and giving him the deed as collateral. In the eighteen years that have passed, Westover has worked hard and improved his holdings extensively. Several times he has offered to repay the loan with interest, but any settlement has been refused, no time for repayment being prescribed when the loan was made. The suit filed today asks that the deed be declared a mortgage and that the court take an accounting and settle the making of a settlement between the brothers so that title can be vested in the resident brother.

AFTER MANY DAYS.

Three months ago C. W. Mapes, a motorman on the Alamitos Bay line of the Pacific Electric, scribbled a note with his name and address and promise to send his photograph to the finder, placed the note in a glass jar and threw it into the waters of the bay, which is landlocked, save on the ocean side. This morning he received the following letter, which, though written a week ago, was only mailed in Oakland Tuesday:

C. W. Mapes, Long Beach, Cal.: Dear Sir—This is to advise that recently while returning from Honolulu I picked up a sealed glass jar that contained your letter.

"I am a mate on board the [illegible] Clonting and while on watch the morning of April 24 I found the bottle mentioned. This appeals to me as a lucky find and I truly hope you will send the picture as per your letter, or at least send me a letter.

"The bottle when found was floating about 300 miles off Santa Barbara; it created quite a furore on board the ship when it was noticed.

"My home is at No. 1121 Twenty-[illegible] avenue, East Oakland, so be sure to write me a long letter at once.

"With many good wishes, I remain,

"Yours respectfully,

"VANCIL OLLIVER"

Oakland, April 30, 1913.

WRITERS IN PORT.

The members of the California Press Association who arrived last night from San Diego, are quartered at Hotel Virginia. They were all astir and soon after breakfast were loaded into autos and given a two hours' drive over the city. This afternoon they boarded the launch Leslie for a trip through the inner harbor and over past the breakwater. Returning at 4 o'clock they were given an airship exhibition by Frank Champion, who flew up from Ballona in his hydro-aeroplane, making the flight to Long Beach in 15m. He went out over the jetties until the Nellis, returned, and then gave a ten-minute exhibition at the mouth of the portes in his big machine working perfectly, although it was the second trip Champion had ever made, his flights having been confined to a Bleriot monoplane. Tonight the association held its annual business meeting at Hotel Virginia, and officers were elected:

Tomorrow the visitors will spend the day at Catalina, returning late in the evening.

TINY JOY RIDERS.

Gladys Robinson, aged 4, and Robert Robinson, aged 3, who are neighbors, but not relatives, went out on their little tricycles this morning and intent on a morning joy ride, ventured so far that they became lost. The mothers missed them about noon and the police were asked to look for them, but it was not until 4 o'clock that Mounted Patrolman Brooks discovered two forlorn little tots astride on their machines at a corner a mile from home. They were tired and hungry and both wanted mamma. The policeman loaded both children and their tricycles on his horse and delivered them to overjoyed parents soon afterwards. They got a good spanking but were petted instead.

OPPOSE THE PLAN.

The Business Men's Association, an organization which discusses city affairs of the city, last night adopted a resolution protesting against the illegal expenditure of city funds for the purpose of sending a representative to Washington to assist in the hearing in the inner harbor matter, alleging that the District Congressman, Bell, is competent and capable in every way to look after the city's interests. The discussion over the resolution showed that many members favored sending a lobbyist to Washington, the money should be raised by subscriptions from interested merchants concerned and not from city funds.

SOLDIER HOMES NOTES.

SOLDIERS' HOME, May 8.—Col. [illegible] W. Wadsworth assistant [illegible] National Home for disabled volunteer soldiers; who is just now making a tour of the various State and branch Homes, has been a visitor at this for several days. He is on an inspection duty here, but during his brief vacation and incidentally attending the encampment of [illegible] the Spanish-American War veterans, he is proved to have been one of the colonel will reluctantly leave for the East tomorrow.

Gilmore Flanders, formerly of [illegible] A. Sixty-Eighth, Illinois Infantry, native of Ohio, admitted [illegible] Angeles in 1912, died May 4, aged [illegible].

Charles E. Livengood, [illegible] Co. I, Fifteenth Ohio Infantry, native of New York, admitted [illegible] Los Angeles in 1886, died May 4, aged 75.

William B. Jones, [illegible] Co. B, Thirteenth Iowa Infantry, native of Maine, admitted [illegible] Angeles in 1907, died May 4, aged [illegible].

marine Hopes to Break All Known Records.

NG BEACH, May 8.—Because rother in New York refuses to t payment of a loan made eight years ago and return to him the to the property purchased, which delivered as security, Walter H. ower today filed suit in the Superior Court to quiet title to fifty on Perris road, in the Wilmington tract, which is now valued er $50,000. Albert H. Westover w York is named as defendant. 1895 Walter H. Westover purd the land in 1895 for $1000, owing the money from his brother, giving him the deed as collat. In the eighteen years that passed, Westover has worked and improved his holdings exely. Several times he has offered to repay the loan with interest, ny settlement has been refused, ime for repayment being prod when the loan was made. The lled today asks that the deed be red a mortgage and that the take an accounting and order making of a settlement between rothers so that title can be vested e resident brother.

AFTER MANY DAYS.

ree months ago C. W. Mapes, a rman on the Alamitos Bay line Pacific Electric, scribbled a note his name and address and promised to send his photograph to the . placed the note in a glass jar hrew it into the waters of the which is landlocked, save on the side. This morning he received following letter, which, though in a weak way, was only mailed land Tuesday:

Mrs. Maria Kleuter, who died last February, has been ordered, the estate amounting to $50,000, of the heirs reside in this city, where the couple were married six weeks ago.

Newly elected officers of the local Ebell Club are: President, Mrs. Ida Tipton; first vice-president, Mrs. Ida Dutton; second vice-president, Mrs. George Terry; corresponding secretary, Miss E. Kate Rea; recording secretary, Miss Alice Grimshaw; treasurer, Mrs. W. M. Chamberlain; curator, Mrs. Hattie Spencer; librarian, Mrs. C. F. Grim; directors, Mrs. E. E. Angell and Mrs. A. Lewis.

The local Parent-Teacher Association has selected officers for the coming year as follows: President, Mrs. J. L. Vandeer; first vice-president, Mrs. L. A. Evans; second vice-president, Mrs. Dell Lemon; secretary, Miss Bertha Schmidt; treasurer, Mrs. F. A. Backs.

ANGELENO IS FEELING FINE.

Reverts to Savage Customs for a Period and Becomes Known as "Santa Cruz Wild Man."

[BY DIRECT WIRE TO THE TIMES.]

SANTA BARBARA, May 8.—[Exclusive Dispatch.] When Christian Bayer, a Dane, 40 years old, walked up to the wharf today and announced that he was the "wild man" of Santa Cruz Island, he looked the part. He had been on the island for several months taking the "nature cure" and being unknown to frequent visitors in the channel was soon called the wild man.

On the island he wore only the scantiest clothing. He took along some provisions, but subsisted largely from raw mussels, of which there is an abundance.

Bayer lived in caves, sleeping on the bare rocks. He would occasionally come down to the harbor, but the greater part of the time was in the mountains. He would bathe a great deal, taking his first plunge at break of day, no matter what the weather might be. He would climb over the mountains and some days would remain inland. He claims he had the best sort of a time. To occupy his mind he busied himself with primeval notions and made a stone hammer with crudest implements at hand.

Today he claimed he was completely cured and would return to Los Angeles to resume his work.

SHORT NEWS STORIES.

W. S. Finney of this city, is suffering from the effects of a fight with a game cock. He had entered the rooster's pen when it attacked him, sinking a steel spur into his knee. As a result Finney has been laid up for a week.

F. M. Fultz, has resigned as city superintendent of schools. His letter of declination of reappointment was handed to E. C. Roeder of the Board of Education this week. The board has not yet considered the selection of a successor. Members of the board indicated that there was no disposition to urge Mr. Fultz to reconsider his decision to leave Santa Barbara as the four-year term seems to be not only the minimum, but the maximum limit of incumbency in this position.

COMPROMISE REACHED.

"Blue Sky" Case in Ventura Court Thrown Out When Parties to Trouble Settle Up.

VENTURA, May 8.—The "blue sky" cases in this county have been compromised and dismissed. The suit against Samuel A. Ward, accused with A. Mullineaux of obtaining money under false pretenses, was yesterday brought to a sudden conclusion through a compromise. The District Attorney stated that taking into consideration all things connected with the case he thought it advisable to ask that the case be dismissed. Judge Clarke granted the motion to dismiss, after complimenting the District Attorney for taking this view of the matter. The case against Mullineaux, which was set for today, was also included in the motion to dismiss.

NEWS BRIEFS.

William de la Riva of the Mound district was drowned in the plunge at Matilija Springs. Deceased was aged 23 years. He had gone to the canyon last evening with a party of friends and after a hearty breakfast visited the plunge for a swim. He had one companion with him. He sank almost immediately after getting into the water and though the body was quickly recovered and was still warm and a physician worked over it for some time, it was not possible to resuscitate him. Death is supposed to have ensued from heart failure brought on by getting into the water too soon after eating.

George Eastwood, a pioneer of the county, died at his home near Oxnard, aged 48 years. He came to this county with his parents at an early age and has since resided here. He was a native of England. He leaves a widow and four children, besides his mother, five brothers and three sisters. The funeral took place under the auspices of the Masonic order.

An unknown man, apparently a Greek, was brought to the detention ward of the hospital here yesterday, suffering from a violent form of insanity. He imagines some one is trying to kill him and that he is being chased by queer things. He was picked up last Sunday morning in the home of C. J. Daly at Camarillo, where he was helping himself to food in the pantry.

SAN JUAN CAPISTRANO.

SAN JUAN CAPISTRANO, May 8.—Richard Egan, pioneer justice of the peace and land owner, today sold 347 acres of land to Attorney R. Y. Williams and County Clerk W. B. Williams of Santa Ana. The price is not stated. The Williams brothers will develop water on the tract, plant walnuts and subdivide it. This is the first subdivision project this valley has known in a quarter of a century.

Ventura.

TO PLUNGES, LEAPS OVER CLIFF AND IS WRECKED.

[BY DIRECT WIRE TO THE TIMES.]

VENTURA, May 8.—[Exclusive Dispatch.] The Oakland grade narrows at the point where Conductor victim when his car, loaded with passengers, crashed on a curve at the foot of the grade. Mr. and Mrs. Brown were on a four-passenger touring car coming down the grade, when suddenly upon to face with a runaway automobile, frightened, dashed across the road directly in front of the oncoming machine.

To avoid running her down, Brown turned his car off the road, he and his companion, R. H. Jones, jumping as it left the road.

The hillside is very steep at this point and the car rolled, turning end over end for 300 feet before it landed, a bent and twisted mass, at the foot of the hill. Brown and Jones escaped with slight injuries. Mrs. Nuckols suffered a severe nervous shock.

ROBBERS ARE POOR SHOTS.

Fire at Santa Ana Man Three Times and Run Away When he Yells for Help.

SANTA ANA, May 8.—Yells from J. T. Wilson, a cigar dealer, put two hold-up men to flight last night and saved Wilson from being robbed. After pocketing the contents of the money drawers of his two cigar stands Wilson started home on his bicycle, carrying a huge load of empty cigar boxes to be used as kindling. On French street, between Second and Third streets, a man stepped from the sidewalk, aimed a revolver at Wilson and told him to get off his wheel. Cigar boxes and bicycle fell in a heap while Wilson dismounted in a hurry. Wilson began to back away. Suddenly he began to yell for help. The hold-up man fired at him twice. Just then a second robber ran from across the street, fired a shot and the two men then ran east on Second street and disappeared. Wilson's cries and the shots brought dozens of people to the streets, but the robbers escaped.

NEWS BRIEFS.

The Board of Supervisors today ordered that bids be called for for erecting a rock crusher and gravel bins at the county gravel pit at McPherson, and for from 10,000 barrels to 100,000 barrels of Portland cement to be used in the construction of county good roads. Bids will be received on May 20. The call is issued at the request of the County Highway Commission, which is furthering its work of preparing to build good roads as fast as possible.

George Douglass of Los Angeles, a motorcyclist, rode all the way from Escondido to El Toro while in a stupor as the result of a fall from his motorcycle. Douglass was picked up unconscious beside the road at El Toro last evening and was brought here. Though still suffering from severe concussion of the brain he is conscious. He says he remembers nothing that happened after leaving Escondido, where he probably had a fall. It is supposed that he continued to ride until he fainted.

BOND ELECTION IS CALLED.

Escondido Trustees Name One Hundred Thousand Dollars Necessary to Construct or Buy Water System.

ESCONDIDO, May 8.—The City Trustees took formal action last evening for the acquirement of a municipal water system by the adoption of a resolution providing for a bond election to provide the necessary funds, estimated at $100,000. The bond issue, however, also will include $4000 for a fire department and $6000 for the installation of a bridge across the San Diego River, on North Lima street.

In anticipation of the step taken by the Trustees last evening several wells have been sunk in the lower lands of the valley about a mile east of the city, which wells, it is claimed, have developed about 200 inches of water of a desirable quality, or twice as much as would be required for a city of 5000 population, more than double the present number of inhabitants. The supply of water to the city is now furnished by the Escondido Mutual Water Company on practically the same basis as the company supplies water to the irrigators, the water being apportioned at the end of each rainy season according to the amount of stock held.

The plan has been carried out with more or less friction between the city people and the country irrigators, and the agitation for a segregation of city and country has been in progress for four years. The City Trustees assert that their only interests in the premises is to insure the people an ample supply of water at all times. Their plan is to install a pumping plant sufficient to supply the people domestic water within the corporate limits of the city, although if possible they will arrange with the Mutual Water Company to supply some of the water. If an agreement can be reached the city will buy the city distributing system and improve it; if not, the city will proceed with the installation of an independent system. As the matter now stands the city and the company had reached an understanding as to the price to be paid for the city distributing system, but there are other details to be worked out. It is generally believed, however, that the problem will be solved without conflict.

BUY RIGHT TO BUY.

BEAUMONT, May 8.—A decision just rendered by the State Railroad Commission, as a result of its investigation here on December 12, 1912, on the rates and service of the Beaumont Land and Water Company, and of the San Gorgonio Water Company, both local concerns, contains a ruling which will affect every water company operating in California, and which, it is believed, will, if it is sustained by the courts, greatly discourage further water development throughout the State. The ruling is that a charge for a water right before furnishing irrigation water to a consumer is unjust and unreasonable. It has been the local custom heretofore to charge $50 an acre for a water right, which permits the purchaser thereafter, to obtain water at the usual meter rates. This custom, it is stated, has been followed by the promoters of all large irrigation projects throughout the country. The decision prohibiting the practice will be fought in the courts. The local companies have already applied to the railroad commission for a rehearing on their cases.

GUILTY, DECLARES JURY.

SAN BERNARDINO, May 8.—[Exclusive Dispatch.] After an all-day trial a jury tonight brought in a verdict of guilty in the case of Gus Knight, the well-known Bear Valley sportsman, charged with catching too many trout from the Bear Valley Lake. There was much conflict of evidence as to whether the fish were rainbow or steelhead trout. Knight contended the fish were steelhead and mongrels, while experts said they were of the rainbow variety. Knight will be sentenced tomorrow. The case has attracted State-wide attention.

ORANGE.

ORANGE, May 8.—Mrs. W. H. H. Clayton will have another day in court. Yesterday a lunacy commission at Santa Ana declared her to be sane after an investigation brought about on charges of insanity filed by E. R. Werdin, a street contractor, whose pavement Mrs. Clayton was digging into to see if it was up to specifications. Today Street Superintendent Dalton asked City Attorney Brown to draw up a complaint charging the woman with disturbing the pavement in violation of a city ordinance. Today the City Trustees issued a statement denying Mrs. Clayton's accusation that they are getting a rake-off from Werdin.

POMONA PIONEER PASSES.

O. W. Lorbeer Dies Suddenly After Apparent Recovery from a Long Illness—Short News Stories.

POMONA, May 8.—O. W. Lorbeer, one of the wealthy pioneer residents of Pomona, died at his home on Pasadena street today. Mr. Lorbeer has been ill for more than a year but his family and friends believed that he was recovering when the sudden relapse came which ended in death.

Mr. Lorbeer, with his brother, was until two years ago largely interested in the laundry business, owning several in various Southern California cities. He leaves a widow and four children. He was 51 years old. The funeral services will be held at the family home Sunday afternoon.

NEWS BRIEFS.

Tomorrow and Saturday will be officially recognized here as "clean-up" days for the entire city when a general onslaught will be made upon the weeds and litter on lots and property which has become unsightly. Already people are starting the work and for the past two days much hustling has been done in different localities, the residents taking particular pride in their sections. Deputy Superintendent Walls has been diligent in notifying property owners of the move to put the city in more presentable condition and the general public is heartily in favor of the effort to make the Inland City more beautiful. The city teams will the first of next week be engaged in hauling away the weeds and litter all over town.

Arrangements have been completed for the annual reciprocity day celebration here tomorrow at the Ebell Clubhouse. This is the day when the Ebell Club entertains representatives of all of the clubs in this district which have extended courtesies to the Ebell of Pomona during the year. Many visitors will be present from Los Angeles, Pasadena, Covina, Ontario, Upland, Azusa and other places and a luncheon will be served by the Ebell ladies at noon. An interesting programme has been provided for the afternoon.

G. H. Waters of the Pomona cannery, announces that he plans to run the cannery this season at its full capacity on apricots and peaches, as he is already in receipt of orders for 1913 canned fruit. The peach crop this year bids fair to pass previous records. Mr. Waters is installing at the cannery three new-style cookers the invention of W. H. Shafer, formerly of this city. One of the cookers is for gallon cans and the other for quart cans. These cookers are fast supplanting all other styles of cookers in the California fruit canning plants. Mr. Shafer a while ago installed six of his cookers in a large pineapple cannery at Honolulu. The cookers cooked the pineapples perfectly in seven minutes as against half an hour under the old style.

Chief of Police Tracy, and his deputies and Constable F. O. Slanker are after the thieves who stole eight bicycles from in front of the Christian Church, the public library and on Second street a night or two ago. Never before has such wholesale thieving been done and it is certain that an organized band is working here.

PROSPECTIVE GROOM IN JAIL.

Colored Man Gets Six Months for Making Gun Play on the Wharf at Redondo.

REDONDO BEACH, May 8.—A wedding that was to have taken place in June was summarily postponed by Justice L. F. Wells today when he sentenced the groom-to-be, Washington Wright, to six months imprisonment.

Wright and Frank Miller, the adopted father of Lily Miller, the fiancee of Wright, both negroes, are the men who terrified fishermen on Wharf No. 3 two weeks ago by brandishing guns. Wright pursued A. Worth of Los Angeles, a white man, with a gun along the wharf and up a short ladder to the Harney and Whitesides fishing tackle stand.

The charge of assault with a deadly weapon made against Wright and Miller was dismissed today on motion of the deputy District Attorney and the charge of a misdemeanor made against them. Wright was sentenced six months and Miller, who it appeared from the testimony had kept in the background, although he had a gun in his possession, was given six months with the sentence suspended. Despite the tears of Lily Miller the bride-to-be of Wright and the pleadings of an attorney, his sentence was not suspended by the judge.

WANTS A NAME.

The contest being conducted by C. H. Burnett, manager of outside amusement of the Pacific Electric for the best name suggested for the old Midway, extending from the Art Theater to the bathhouse and for the bowling alley building on Wharf No. 1 that is being remodeled has been continued until June 1. The judges met this afternoon and considered the numerous names that had been submitted but decided to extend the time to June 1. The Pacific Electric has offered a prize of an annual pass to the bathhouse, pavilion and to Urbita Springs for the best name suggested for the street and $5 in cash for the best name submitted for the amusement building. The names suggested must not be signed by the sender but must have the name and address of the sender on the envelope. They should be sent to B. A. Minor of the bathhouse.

BABIES BENEFIT BY PROMPT USE OF POSLAM

How the little one suffers from irritating, chafed and itching skin! And how quickly Poslam soothes, cools and comforts, soon driving these troubles away.

In all skin affections, Poslam produces immediately noticeable results, stopping all itching, and rapidly restoring the skin to normal conditions. Eczema, acne, tetter, salt rheum, all forms of itch, scalp scale, psoriasis, pimples, rashes, etc., yield to Poslam as to nothing else.

POSLAM SOAP is without equal for tender skin; the ideal nursery soap, grateful, soothing and non-irritating. Every mother may rely upon its absolute safety and purity.

All druggists sell Poslam (price, 50 cents) and Poslam Soap (price, 25 cents.) For free samples, write to the Emergency Laboratories, 32 West 25th Street, New York City.

Three ways to buy clothes

YOU buy your clothes in one of three ways. Which do you think is the best way?

1. You may go to a custom-tailor and have them "made-to-order." You have delays; "try-ons"; you don't know what you're going to get; and if he's a cheap tailor—$25, $30, $40—you don't get very much.

2. You may pick out a piece of cloth from a book of samples; send your specifications away somewhere; and wait. If the suit "makes up" as you expected, if it is trimmed as you hoped, if it fits as you want it to, you're lucky.

3. You may go to a dealer in our clothes; see them ready, not merely a piece of cloth; see how they look on you, not in an illustration or on a dummy figure; see the linings and trimmings, not merely words about them; see how the suit fits, before you buy, not after; see if it's becoming to you, not just guess at it; and take only a few minutes of your time.

This third way is right; you pay less than in 1; and get more value than in 2. As a demonstration of it, ask any dealer in our goods to show you one of our suits at $25.

Public Service: City Hall, Courts

SUMMARY OF THE DAY.

The City Council authorized the City Attorney yesterday to use all proper legal remedies to oust the Silver Lake Power and Irrigation Company from city lands in Long Valley that are valuable for their possibilities in power development.

The Selwin Graves Memorial Dispensary appealed to the City Council yesterday to continue its $1800 appropriation for the next fiscal year, declaring that it has treated nearly 30,000 cases this year.

The Board of Public Works awarded several important paving contracts yesterday, and that for the improvement of Olive street, San Pedro, which will be partially paid for out of harbor improvement bond funds.

Two witnesses and an attorney demanded fees yesterday before they would testify in a $2,600,000 suit in the Superior Court, and an exchange of defiances caused the judge to threaten to take a hand.

At the City Hall.

WOULD EXPEL POWER CONCERN.

CITY TO PROTECT ITS RIGHTS IN LONG VALLEY.

Council Authorizes Attorney to Employ all Legal Remedies to Oust Silver Lake Power and Irrigation Company From Municipal Lands in Owens River Country.

A decided step was taken by the City Council yesterday in the move to protect the city's rights in the Long Valley, where opportunities for developing a power project of great value are excellent. The Council authorized the City Attorney to employ all legal remedies that are proper to bring about the expulsion of the Silver Lake Power and Irrigation Company from city lands on which it is alleged the company is trespassing. The resolutions adopted declare:

Whereas, The City of Los Angeles has purchased from the United States extensive areas of land and rights of way in Long Valley and along Owens River, below said valley, in Inyo and Mono counties, for water and power purposes; and,

Whereas, A power corporation, known as the Silver Lake Power and Irrigation Company, and other power interests, are seeking by unlawful trespass and excavations, and by various suits, to prevent the city from using or enjoying said property for the purposes aforesaid; and,

Whereas, The public interests, recognized by the Federal government in granting said lands and rights of way to the city, imperatively demand that said lands and rights of way, with their appurtenant water and power opportunities, should be preserved for the use and benefit of said city; now, Therefore, Be It Resolved, That the City Attorney be, and he is hereby, authorized and directed, in behalf of the city, to employ all proper legal remedies for the purpose of protecting the city's rights and expelling said power companies from the aforesaid lands and rights of way of said city, in order that they may be utilized by and in the interest of the city and its inhabitants.

Want Aid Continued.

Dr. George H. Kress, as secretary for the Selwin Graves Memorial Dispensary, No. 727 North Broadway, filed with the City Clerk yesterday a request to the City Council that the appropriation of $1800 provided for this institution during the present fiscal year be continued for the next fiscal year.

Besides filing a printed report of the work done, the secretary points out the fact that the dispensary has given treatment to almost 30,000 cases during the year, that seventy physicians donate their services, valued at more than $50,000, and that the staff through donations, pay for more than 25,000 bottles of milk that are given free to the patients.

"The work done by this dispensary is quite as important to our city as that of the Receiving Hospital, for instance," says this statement, "and yet it costs the city only $1800 a year."

Paving Bids Awarded.

Several important bids for asphalt paving and other street work were awarded by the Board of Public Works yesterday. Included in these was that for the paving of Crocker street, between Fourth and Ninth streets. This contract went to Benjamin F. Ford and Fred H. Stout, for $26,169.74, and the time estimate is 100 days.

The contract for the asphalt paving of Cleveland street, between College street and a point 215 feet southeasterly of Alpine street, was awarded to the Fairchild-Gilmore-Wilton Company for $7900.36 and eighty days allowed for its completion. The same company was given the contract for Ottawa street, between Figueroa street and Georgia street, for $5217.92, to be completed in eighty days. This company was also given the contract for the paving of Twenty-fifth street, from Raymond to La Salle avenues, for $16,502.14, with ninety days to complete the work.

The Barber Asphalt Company was given the contract for asphalt paving of Hobart boulevard, between Twenty-ninth and Jefferson streets, for $10,-345.82, with the time limit placed at seventy days. The contract for the improvement of Olive street, San Pedro, was awarded to B. C. Nichols, for $8896.91, and 110 days is the time limit for completion. A part of this improvement will be paid for out of harbor improvement bond funds.

Offers to Purchase.

The General Pipe Line Company has offered to purchase from the city the Mojave-Proctor pipe line and certain lands and rights of way in connection therewith for $20,000. The Board of Public Works approves and will ask the City Council to authorize the City Attorney to prepare the necessary papers and approve the transfer.

The Summit Lime Company offers to purchase the Mehan stone quarry and tramway, etc., at one time used in connection with the operation of the Monolith cement plant. A minimum price of $10,000 has been fixed on the quarry and tramway, or $12,-000 for the entire equipment, including buildings, etc.

Will Aid Memorial.

The City Council at yesterday's session voted to appropriate $4000 from the general expense fund as the city's donation toward the beginning of construction of the proposed memorial fountain to be placed in Exposition Park to commemorate the completion of the Los Angeles aqueduct from the Owens River Valley to this city.

The report of the Finance Committee was adopted, providing that the City Auditor be instructed to draw a demand for this $4000 in favor of the committee in charge of the cornerstone laying, composed of Louis M. Cole, Fred L. Boruff, M. E. Hamburger, Joseph D. Radford, W. H. Booth and Frank Wiggins.

Cleaning Out Attic.

The Board of Public Works has ordered a thorough cleaning out of materials that have been stored for years in the attic of the City Hall. This precaution is taken against fire, as the attic has been a storehouse of inflammable materials. The work of clearing it out was begun yesterday and two loads of frames, partitions, etc., that have been stored there since the public library occupied quarters in the City Hall were moved, while about five loads more will be taken out today.

The City Council took no action yesterday on the request from the Board of Public Works and the Fire Commission for fire escapes for the City Hall, although immediate action is asked for.

Will Better Conditions.

The Board of Public Works decided yesterday to notify the railway companies to fill in their rights of way on Western avenue, to put them in proper condition for travel, and the city will put its steam roller on this street to smooth down the surface, of which there has been much complaint.

More Time on Wharf.

An extension of forty-five days' time was granted by the Board of Public Works yesterday to the Russell-Green-Foell Company on the contract for the construction of the Mormon Island channel wharf. The company has been delayed because of failure of lumber shipments to arrive.

City Hall Brevities.

Property owners on San Pedro street filed a petition yesterday asking that proceedings be started for cement walks 13½ feet wide on that street from Fifth to Ninth streets.

The Board of Public Works gave its approval yesterday to the assessment district for the opening of South Park Avenue from Fifty-eighth street to Slauson avenue.

The Board of Public Works will send to the City Council with its approval the plan of the City Engineer for the construction of a storm drain underneath Echo Park Lake similar to the system constructed under Hollenbeck Lake. For several years much complaint has been made that the storm waters discharged into Echo Lake carry so much filthy sediment that the water of the lake is almost continually in an unsanitary condition.

Chainmen of the City Engineer's department have petitioned for an increase in salaries to $85 a month. The present ordinance provides $70 per month for the older and abler men and $65 per month for the new men. The Board of Public Works has taken the subject under advisement.

Because no streets are dedicated to the city in the Glen Eden tract and the blocks are much longer than good public policy demands, the Board of Public Works requests the Public Service Department to refuse to lay water pipes there until these conditions are corrected.

At the Courthouse.

DEMANDS FEE; MAKES THREATS.

LAWYER'S DEFT ANSWERED AND JUDGE THREATENS.

Defendants in Big Land Lawsuit Compelled to Pay Two Dollars Each to Three Persons Before They Will Testify—Torn Paper Causes Frame-up Charge.

Attorney Garret McEnerney produced two silver dollars and handed them to Mrs. Frederick Lummer yesterday as her fee before the latter would testify in the $2,600,000 suit of Mrs. Ellen Dalton Plummer against H. A. Unruh, executor; Mrs. Clara Baldwin Stocker and Mrs. Anita Baldwin McLaughrey, daughters of the late E. J. ("Lucky") Baldwin, on trial before Superior Judge Wellborn.

When Frederick Lummer was called he demanded his fee and McEnerney retorted:

"Why, you just got the $2 I gave your wife."

"Well, I want mine," replied Lummer.

"I guess I can find two more dollars," said McEnerney, fishing in a vest pocket. He passed the money over to Lummer. After Lummer had testified, Sidney Dell, attorney for Mrs. Plummer, was called, and he demanded his fee.

"You will get it," said Bradner W. Lee, counsel for Unruh.

"I'll get it and more besides before we get through," retorted Dell. Lee answered in kind, whereupon Judge Wellborn interrupted. He said he would take a hand if counsel exchanged any further comments of the kind. The entente cordiale between opposing counsel has been more or less strained on account of the alleged mutilation of the defeasance on record in the accounting suit brought by Henry Dalton against his son-in-law, Lewis Wolfskill, in 1884, and considered an important part of the evidence in the present suit.

During the argument of the defendants' counsel allusion was made to a frame-up and there is a possibility of legal action being taken on account of the mutilation of the defeasance.

The records of the accounting suit tried by Judge Volney E. Howard in 1884 were offered in evidence. They show that matters between Dalton and Wolfskill were litigated and that Dalton received a money credit of $37,-000 for the land sold by Wolfskill to Baldwin. This land, comprising the westerly half of the San Francisquito ranch, was given as security by Dalton for $10,000 lent to him by Wolfskill. The defendants assert that the records of the 1884 trial show that Dalton authorized Wolfskill to sell the land. Mrs. Plummer alleges that Dalton never relinquished possession and that the Baldwin estate holds the land as trustee. She seeks to recover $2,600,000 for the land and all sales made from it subsequently by Unruh. Dell will offer testimony in rebuttal at this morning's session.

SEVERAL ASK BALM.

LARGE DAMAGE SUITS.

Damage suits aggregating $166,000 for personal injuries were filed at the County Clerk's office yesterday.

Max Burian, a waiter employed at the Bristol cafe, alleges he was ordered to carry a box containing 600 silver dining knives, and weighing 150 pounds, from the cafe to Hamburger's. He grew weary by the time he reached the fourth floor of the department store and his left knee gave way by reason of the heavy load, and for its dislocation he asks $16,112.40 damages. He asserts he had been able to earn $200 a month as a waiter and that toting a box was not his vocation.

William Elsden asks $59,148 damages for injuries sustained while in the employ of the Baker Iron Works. He alleges that January 18, last, while driving a section of pipe, the latter fell on his leg, which was subsequently amputated.

Maria Chimienti, for herself and four other children of Guiseppi Gasparo, seeks to recover $50,000 from the Southern Pacific for the death of Guiseppi, who was killed by an engine on Alhambra avenue.

Suits for $25,000 each resulted from injuries sustained by Anna and Carl Ruhnan, who allege their auto was struck by a Salt Lake train on Avenue 26.

HAPPY TOWHEAD.

CENTER OF DRAMA.

A chunky, tow-headed boy, 2 years old, played in Judge Monroe's courtroom yesterday, losing himself in the jury box one minute, again toddling to his mother, Josephine Bryant, and dodging away with a shrill laugh, to his grandmother. The lively youngster was unconscious of the drama being enacted.

Within a few feet of his mother sat J. A. W. Meiling, the owner of a number of delicatessen stores. He is credited with being the parent of the child, but the latter did not once run to him, and apparently Meiling was unconscious of the towhead's presence.

The suit was by Josephine against Meiling for $15,000 actual damages and $10,000 exemplary damages. She testified that while employed in one of Meiling's stores he gave her Wednesday off and on those days took her buggy riding. The latter part of 1910, he became engaged to marry her.

But one of the buggy rides turned out disastrously for her, she testified, and her love for the young business man turned to dislike. She sent back the diamond engagement ring and also returned a watch he had given her on Christmas.

Evidence was introduced to show that through Meiling's attorney it was agreed to furnish her money to go away. It was also testified Meiling had said he was sorry for her, and wanted her to keep the watch. The trial was not concluded last night.

NOT RAILROAD'S FAULT.

SWITCHMAN LOSES SUIT.

A jury in Superior Judge Wood's court yesterday found that the collision between a Southern Pacific switch engine and an auto containing joy riders returning from the Vernon Country Club at 3:30 o'clock the morning of June 20 last, in which Harry Stevens, a switchman, and several others were injured and J. W. Rannells was killed, was not due to the negligence of the railroad, and a verdict for the latter was returned.

Stevens was riding on the front of the engine and sued the Southern Pacific for $35,000 damages. The evidence showed that two autos returning from Vernon were racing, that one whizzed by the other, crossed the tracks in safety and that the following machine struck the engine. The occupants of the latter auto, who included among others, Rannels, Miss Eva Lynn and Miss Leona Parker of Whittier, testified that they did not see the engine until it was on them, and they denied they were under the influence of liquor and were driving at high speed.

PREJUDICE COSTLY.

RICH MAN LEAVES NO WILL.

The late Samuel R. Hancock's prejudice against making a will cost the estate $900 when his son, John L. Hancock, was appointed administrator by Judge Rives yesterday and the bond was fixed at $450,000. Hancock, who was a brother-in-law of the late Mrs. Ida Hancock Ross, died intestate at his home in Vermont, April 7 last. He left oil lands at Sherman Junction valued at $200,-000 and notes and mortgages for an equal amount.

The estate was his separate property and the widow, Mrs. Gracia Hancock, is entitled to one-third. The remaining two-thirds will go to the four children and two grandchildren. The petition for letters of administration was presented by Stephens & Stephens.

SEBASTIAN A WITNESS.

IN THE BUNCO TRIAL.

Corroborative testimony was offered by the State yesterday in the Lee Rial bunco case, which is being tried before Judge Finlayson and a jury. Among the witnesses was Chief of Police Sebastian, who was present when Rial was taken to Central Station.

Sebastian said that he asked Friensz, the complaining witness, if he had seen the prisoner before and that the other replied he met him at Venice. He said Rial denied knowing Friensz.

Frank Watson, a Venice police officer, testified that there was a fake poolroom in the El Nido apartments. F. E. Fergoty swore that there was no telephone or telegraph wire to the rooms occupied by the alleged bunco men who operated a promising poolroom for a few days, while others were "steering" the victims, as the State alleges.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

CHANGE OF NAME. Throop Polytechnic Institute petitioned Superior Court yesterday for permission to change its name to Throop College of Technology. The reason for the change given is that the establishment of many polytechnic High Schools since the organization of Throop has brought about the inference the institute is of the grade of a High School, whereas it is of college grade and desires to be so known.

WRIT OF MANDATE. The Burr Creamery Company petitioned the Superior Court yesterday for a writ of mandate to compel Health Officer William H. Newman of Long Beach to issue it a permit to conduct business there. Damages in the sum of $500 is also demanded. The company alleges that Dr. Newman has refused to consider its application, although it proposes to live up to the provisions of the sanitary ordinance.

INCORPORATIONS. Wagner Dry Concentrators, incorporators Jacob Magner, Charles Jones, Hugo Mannes, Max Factor and Wilhelmina X. Jones, capital stock $20,000, fully subscribed; Aetna Oil, Mining and Developing Company, incorporators William H. Smith, Dwight Harris, Frank Powell, C. R. Robinson and William Clark, capital stock $25,000, subscribed, $25; Telluride Consolidated Holding Company, incorporators Robert McKee, W. L. Finch and L. Schmitz, capital stock $70,000, subscribed, $30,000.

HOOKER ESTATE. A partial distribution of the estate of the late John D. Hooker, was allowed by Judge Rives yesterday on the petition of Mrs. Katharine Putnam Hooker, the widow. The appraised value of the property called for in the petition is $50,000 for lots in the John G. Downey tract and $12,500 for lots in the Woodworth tract. Hooker died May 24, 1911, leaving an estate appraised at $1,965,000. The will was probated July 6, 1911.

I WILL GIVE $1000

IF I FAIL TO CURE any CANCER or TUMOR I TREAT BEFORE it Poisons Bone or Deep Glands

No KNIFE or PAIN

NO PAY UNTIL CURED

RANNEY HELD TO ANSWER.

Unable to Raise Total Bonds of Forty Thousand Required on Embezzlement Charges.

William St. John Ranney, former fashionable clubman and clerk to the auditor of the Santa Fe system, was held to answer to the Superior Court yesterday afternoon by Judge Summerfield on a charge of grand larceny. Bail in this case was fixed at $5000. The defendant smiled bitterly as the amount was mentioned, as the total is now $40,000. Up to yesterday the amount was $35,000, but Justice Summerfield dismissed the first charge of embezzlement at the request of Deputy District Attorney Veitch.

Ranney was represented in court by two attorneys, but it is not believed that he proposes to make a fight, the evidence appearing so conclusive against him, according to the railroad officials.

Mrs. Ranney, who, up to a week ago, was a member of the swagger set of Pasadena, was not in court. Her friends state she is not able to face the ordeal.

Ranney has been with the railroad eight years. He is about 35. Prior to his coming here he was in similar positions in the East, where he is said to have influential relatives. One of the attorneys for the Santa Fe stated that the man's previous record was good else he would not have obtained his position here.

C. W. Jones, cashier of the Santa Fe, identified two vouchers and told the process each went through before it could be cashed. The two offered by Deputy District Attorney Veitch represented $973.35 and $843.23.

A. Moreton, a purchasing agent of San Francisco, swore that his signatures on the two vouchers were forged. He said each purported to be requisitions for supplies for the storehouse at San Bernardino.

Horace E. Ray, the storekeeper, said he never ordered the supplies mentioned. He was followed by E. Cohen, cashier of the Heilman Trust and Commercial Savings Bank, where the defendant is said to have kept an account under the name of W. W. Barrett.

After holding Ranney on the grand larceny charge Justice Summerfield continued the other cases until the 20th inst.

FREEDOM UNNOTICEABLE.

Man Discharged From Police Court on Account of Mis-spelled Word Immediately Rearrested.

When Lewis Sivelitch, charged with battery, was about to go free from Police Judge Chambers's court yesterday because of an error in the complaint, he was confronted with a new warrant, and again arrested. Sivelitch is charged with having used a four-foot club on John Maladin with such force that the latter's arm was broken.

When the case came up for trial yesterday afternoon Judge Chambers instructed the jury to bring in a verdict of not guilty, the name of the complaining witness having been incorrectly spelled. Assistant City Prosecutor Kelly secured a new warrant and was ready when Sivelitch was discharged.

ENTERPRISING, BUT—.

An enterprising photographer has several deputies in the District Attorney's office guessing. Several days ago he made his way from room to room pleasantly inquiring if he could take the picture of this or that individual. Several of the men, who are regarded as particularly good-looking, offered no objections. They declared yesterday that they had no intention of purchasing pictures and supposed the photographer was making a collection of official faces. But a collector approached one of the deputies yesterday with a request for $1 for three pictures. Each deputy has asserted he will not pay the bill.

FAMILY REUNION HERE.

English Baronet Comes to Visit Father-in-Law at San Diego—Meets Brother-in-Law Also.

Sir Talbot Scarisbrick, Lady Scarisbrick, Everard, their son, his tutor, and several other servants arrived at the Alexandria yesterday to meet there Wilson Chamberlin, brother of Lady Scarisbrick, who for sixteen years has been a resident of Southern California.

Baronet Scarisbrick was elevated to his present dignity in 1909, when he was made a Member of Parliament from Dorset, where his estates lie. He declined to discuss the present suffrage upheaval in his native land, although stating that he was in favor of granting the women equal suffrage. He is a member of the Liberal party which explains his attitude.

Speaking of his visit to Southern California, Sir Talbot, who is a tall, imposing Englishman and not nearly as pompous as one might suppose, explained that it was to visit the Chamberlin family in San Diego.

"Lady Scarisbrick was Miss Josephine Chamberlin eighteen years ago, and shortly after her marriage her parents came to this country on account of the health of the father. They settled in San Diego and still reside there," he said.

PRAYER UNION.

An all-day meeting of the Evangelical Prayer Union will be held in Central Presbyterian Church today, commencing at 9:30 a.m., and closing at 4 p.m., in charge of the director, Rev. H. C. Waddell, and the Executive Committee. There will be different leaders for each hour.

Shadow Veils, 45c —Black or white in the season's most favored patterns. Correct in style, perfect in weave. (Hamburger's—Main Floor)

Hamburger's Broadway, Eighth and Hill Streets

Bargain Basement

5th Annual Buyers Sale

$1.75 to $2.50 Lingerie Waists, $1.25

—Charming blouses—spic, span, new and dainty! They'll add fresh laurels to the Hamburger reputation for wonderful value-giving! Sketch shows some of the fetching styles, but there are dozens of others that may please you even better.

—They are made of voile and most liked lingerie materials—made as carefully as though you had supervised their construction. Very newest models and variety enough to please every taste. High or low neck styles beautifully trimmed with dainty laces and pin tuckings. All sizes from 34 to 44. A Buyers' Sale opportunity that will create a deal of interest!

(Hamburger's—Second Floor)

Women's $25 and $30 Coats, $20.00

A banner item for the closing days of the Buyers' Sale! Models of best liked fabrics and in approved styles and colors. Mostly but one or two of a kind. Plenty of variety! IN TORTURE WITH RASH ALL THE TIME

Itched so Could Not Sleep. Like Fire. Arms and Legs as Red as Beef. Cuticura Soap and Ointment Cured.

City Infirmary, Bartwell, Ohio—"Two years ago a rash broke out on my face and from the wrist to the elbow. The rash soon began to spread over my arms and legs and body. I scratched my arms so badly I could not sleep. I scratched in my sleep and when they were sore. The blisters broke out on my face and the calves of my legs. I itched so badly at times that I would almost go wild. I would scratch myself till I bled. I was in torture all the time. It made me nervous and began to lose flesh. My arms and legs were as raw as beef.

"I tried every remedy I heard of and got no relief, but it was no use what I took or what I commenced to use Cuticura Soap and Ointment. From the start I felt relief. The first would wash with the Cuticura Soap and then applied the Cuticura Ointment, spreading my arms and legs with lard. In a few days I felt healed up and in nine weeks from the time I commenced to use Cuticura Soap and Ointment I was completely cured." (Signed) John W. Ogden, Sept. 27, 1912.

Cuticura Soap and Ointment are sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."
